afternoon and evening, when the Fromassures his pupils that there will be no more disappointments. Is the Corporation of Listowel too passimonious to invest in a few street lamps? Perhaps our town fathers will shed a ray of light on this subject next Monday evening. Unless something is soon done to dispel the Egyptian darkness which settles over the town every cloudy night, actions for broken limbs, and perhaps necks, may have to be confronted. This is all the more probable while the great pit-holes in the Main St. sidewalks are allowed to remain as at present. Immediate action may save the Corporation a bill of expense which the cost of good sidewalks and a dozen or more street lamps would be very small in comparison. New Teachers.—Out of nearly sixty applications, the names of Mr. A. M. Springer, of Hamilton, and Miss Barbara Foote of Mitchell, have been selected to fill the positions of first and second assistant teachers in the Listowel High School. Each of the successful applicants possesses the very best credentials, and has had a number of years' experience in the profession. They will enter upon their duties here in January. With this acquisition to the teaching staff, the educational status of the school should rapidly rise. MILLBANK.—Mr. Ed. A. Miller, the efficent Principal of the Public School for the past two years, has received an um solicited appointment to a position in the Stratford High School, and leaver this week to enter on the duties of his new situation. While his removal will be much felt by the school, and leaver ted by all, Mr. Miller is to be congratul are unanimous in wishing him abundan success. W. McClung to the number of about forty, assembled at the Grand Central Hotel for the purpose of giving that gentleman an agreeable "send off," it having been understood that he intended taking his departure from Listowol in a few days. An oyster suppler was chosen as a means of conveying the kindly feelings entertained towards the departing gentleman, and it is needless to say that it was heartily indulged in. D D Campbell, Esq. who presided as chairman, J W Soot, Esq. mayor, Dr Philp and others present, in the course of the usual toasts, paid very high compliments to the guest of the evening for the many estimable qualities which they had found him to possess during the past fourteer months acquaintanceship. Mayor Scott also alluded in terms of the highest respect to Mr McClung's family, with whore he had a life-time acquaintance. Intervals of music and song contributed to the enjoyment of the evening, the only regret given expression to being causes by the departure of the guest. Mr. McClung proposes leaving Listowelo m Mon day next for Bowmanville, where he will assume an important position in the mercantile establishment of his uncle He will bear with him the best wishes on his many friends in Listowel.
