### The Same... Old Sarsaparilla.

That's Aver's. The same old rsaparilla as it was made and sold by Dr. J. C. Ayer 50 years ago. In the laboratory it is different. There modern appliances lend speed to skill and experience. But the sarsaparilla is the same old sarsaparilla that made the record-50 years of cures. Why don't we better it? Well, we're much in the condition of the Bishop and the raspberry: "Doubtless," he said, "God might have made a better berry. But doubtless, also, He never did." Why don't we better the sarsaparilla? We can't. We are using the same old plant that cured the Indians and the Spaniards. It has not been bettered. And since tee make sarsaparilla compound out of sarsaparilla plant, we see no way of improvement. Of course, if we were making some secret chemical compound we might .... But we're not. We're making the same old sarsaparilla to cure the same old diseases. You can tell it's the same old sarsaparilla because it works the same old cures. It's the sovereign blood purifier, and-it's Ayers.

## THE BUDGET DEBATE,

Opposition Members Are After the Government.

The Army of Office-Holders Who Drive Voters to the Polis to Vote Bight - How the Provincial Covernment Has Londed Its Debt on the Municipalities, Which Are Now Struggling Inder a Weight of \$10,000,000 - Dr. Meacham of Lennox Also Takes a Hand in the Criticism-Many Bills Introduced.

Toronto, Feb. 24 Dr. Ryerson resumed the debate on the budget at the Legislature yesterday. Auswering the charge against the Opposition that they had been out in the cold for so many years, he said they would not so many years, he said they would not stoop to go into power on promises dependently on the stoop to go into power on promises dependently on the stoop to go into power on promises they could not keep, as the late Opposition at OIT away and dune. Proceeding, he cited a preposition of the stoop of the province of the stoop to go into power on promises they could not keep, as the late Opposition at

McLean sat down at the end of his threquarter-hour speech amid Government applause.

Mr. Meacham of Lennox 'ollowed. The hon. Treasurer had a reason of asking for suggestions, but not wishing for criticism. The sainted leader had gone, and none but the wicked partners were left. Mr. Stratton he considered to be, in baseball phraseology, 'on deck,' and therefore deserved attention. He had said the Government had not misspent a cent. When Mr. Stratton was at home he was said to be somewhat of an independent. It had been contended that if the Ministry failed in their duty they would be turned out. Besides Mr. Stratton the previous speaker obtained his seat by representing himself as an independent, and it was such members who prevented the Government's overthrow. Regarding the hackneyed subject of the surplus, Mr. Meacham wanted to know why the Government'd did not include the \$126,000,000 worth of timber as an asset and then claim a \$100.000,000 surplus, instead of a \$4,000,000 surplus.

on Monday night and all the residents in the valley were kept awake. There was a life-sized row at the dance and Brooklyn was sulphurous with the language. Black eyes are now carried by a number of the dancers.

"Chug" Crosby was arraigned yesterday before Judge Bell upon the clover stealing charge. He pleaded not guilty and was remanded until Tuesday. The defendant in Houston vs. Purdy, was found guilty and remanded until Tuesday for sentence.

William Washington, colored, whose surelies some time ago wished to be relieved of their responsibility, came in and delivered himself up yesterday afternoon. Willie was not a little surprised and disappointed when he relaized that he was to be locked up; but soft was allowed an arraignment of the Education Pepartment, He condemned the continual dast evening to the corner of Murray and Church streets. A burning chimney was extinguished before they arrived on the scene. The alarm was turned in by a wild-eyed individual who rushed into the hall breatthess and told that the whole rear end of the house was in flames. In reply to the Chief's question he declared it was not a chimney fire but that the house was burning down. He is still at large.

NO FORMAL CONFERENCE. But Hatters of Interest May be Discussed With the Colonial Premiers.

Commons to-day Dr. James F. Hogan, anti-Parnellite member for Mid-Tip-perary, asked if it was the intention of the Government to hold an Imperial conference while the Colonial Premiers were visiting London upon the occa-sion of the Queen's jubilee in June. Right Hon. Joseph Chamberlain, Se-cretary of State for the Colonies, an-swered that it was not intended to hold any Imperial conference, but if the colonial neemiers came to London in colonial premiers came to London in accordance with their acceptation of the invitation, which had been extended to them, the Government would discuss any matters of common interest which the colonial visitors might bring up.
