OTTAWA, Aug. 18.—Ottawa defeated Brantford here yesterday and by the London club losing crept closer to the league leadership. The Brants gradually closed up the breach scoring in the third on Fried's walk, steal and Long's single and getting two more in the fourth on two singles and Deneau's two-bagger. Two singles and a sacrifice in the sixth tied the score and Peterson was derided Roberts going in. After that the visitors got only one hit, a single, which followed by Dolan's and Burrill's error followed by Dolan's two-bagger giving the champs two runs and the game. The score:

GUELPH LEAFS WIN TWO GAMES IN A ROW

Defeat Woodstock Yesterday by 7 to 3, While Galt Loses to Stratford.

WOBBLY STANDING

Galt	23	17	564
Woodstock	19	18	514
Stratford	21	20	512
Guelph	15	21	417

GUELPH, Aug. 17.—Guelph beat Woodstock in a W. O. B. L. game here yesterday afternoon by a score of 7 to 3. Coose, Woodstock's star pitcher, was hit freely throughout, while Hoover held his opponents to six hits, three of which came in the sixth, netting three runs. He held them scoreless the balance of the game. The features were Fursedon's home run drive to left field and the one handed catch in deep centre of a drive that looked good for a home run.

Stratford Wins.—Galt W. O. B. L. leaders were crushed out of eight innings game here last evening by 4 to 3. It was the 3rd all when Stratford went to bat in the final frame. Nunn walked, stole second and with two men down took long chances to steal third. A wild throw saved him and in the confusion he stole home, winning the game. Campeau, a Windsor southpaw, proved a puzzle to Galt until the seventh. The score:

Galt	00000021-3
Stratford	00000101-4

BEAVERS CUT DOWN TECUMSEHS' LEAD

Toronto Defeats London, While Ottawa Wins, Errors Beat Hammond.

TORONTO, Aug. 18.—George O' and his band of Beavers did Ottawa a kindly turn yesterday when they stopped the London Tecumsehs and beat them in a grand game of ball at the Island by 2 to 1. It was a tidy struggle throughout and it was the Beavers' ability to take every advantage of the chances offered that won the game for them.

'Twas Pitchers' Duel

Auld and Hammond staged a pretty pitching duel throughout and hits were scarce as reliable war news after getting out of a tight hole in the first round Auld weathered the second round nicely and then London broke in from in the third.

Linneborn's high one went for two corners. Neale rapped to deep left centre for three stations and the first run was over. Auld kept the leaders from scoring for the rest of the afternoon.

Errors Beat Hammond

Hammond had the Beavers where he wanted them for six innings, but the game was won and lost in the 7th. O' raked out the top of the third base line for a base and the fun was on. Whitcraft was too sure of Trout's roller and booted it. Sullivan fouled out and Killilea forced Trout at the middle station. Isaacs hit into left field for a base and O' scored. Killilea kept on running and Dunn had him cold with Neale's good throw but dropped the ball when Killilea "hit the dirt." Isaacs had made second on the throw in this moved up to third when the ball rolled to the stand. O' kicked loud and long, claiming that Isaacs should have been allowed to come home, and was ordered from the grounds for his trouble. These two runs won the game and reduced London's lead on Ottawa by one full game. The score:

London	00100000-1 7 3
Toronto	00000200-2 6 2

Mollwitz fell and injured his shoulder in the second inning of the second game and will be out of the game for some time.

CANADIAN LEAGUE RACE IS EXCITING

Two Losses in a Row for London Puts Top Place at Stake.

The race in the Canadian League is becoming so extremely close that unless London wins two out of the next three in Toronto, providing Ottawa keeps up the pace of beating Brantford, a new leader will be stationed at the top of the standing by the time the Tecumsehs open on Thursday at Tecumseh Park with Peterboro.

Ottawa having played a greater number of games than London, the present standing of the league finds London with both a lead of one and two games while the Senators are winning two before the first place is relinquished to the twice champions of the Canadian League.

The handicap of being compelled to win out against the Ottawas, who have played about 15 more games than London on the season is being felt greatly, and to lose a club like Ottawa, with 17 men in uniform, will not be considered real baseball competition, since it is a case of whichever club spends the most money that wins in that event.

Ottawa has spent no mean amount of money during the past month in buying Shopton Mitchell and Pitchers Gero and Kucharski.

After the Tecumsehs finish in Toronto to-morrow with a double-header they will have only one more trip on the road, since the remaining games scheduled in St. Thomas will in all probability be played at Tecumseh Park. They play in Peterboro on August 27, 28 and 29 and then finish the season at home. The standing after yesterday's games at Ottawa and Toronto, whether won or lost, will be:

Should Women Watch Boxing?

Recent Contests in Europe Have Over One Thousand Present.

When Garpenfelt, the Frenchman, and Gimpert Smith, American, stepped into the London ring to battle for the white championship, over 2,000 women looked down upon these fistful gladiators.

Their soprano cheers have been answered by a roar of protest—a protest against women looking upon the blows of bleeding boxers. "Unwomanly," is the cry of those who are horrified. "Good sport" comes the reply, and sportsmen sociologists no less, psychologists have entered into the battle of pen and ink which will determine the right of woman to do as she pleases.

Those who trace the interest of the Englishwoman in prize fighting back to a militant suffragette birth stop when they find that the dainty heroine sister from the boulevardier, the girl from Pittsburg, the home of millionaires in America, sends applauding femininity to the edge of the sawdust ring.

"The loosening of the shackles of convention have let loose the sleeping emotions of the primitive age," is the sage explanation of one historian. "The savage woman loved the strongest of beasts." She learned to admire the man of muscle and of courage. She applauded even as she fell under his club in the stone age. She came back to type in ancient Rome when gladiators were more often the recipients of feminine favors than were statesmen. Emotions changed by centuries of modern civilizations are turned loose, and again she goes to vent her pride and interest upon the man who fights who battles with his hand. The Jungfrau Woman is again with us.

If it be the Jungfrau Woman who cheered even as she shuddered when the smack of glove against flesh signalled the red flow of blood, she comes from no special class. Around the London shambles were seated women whose titles date back to years when their forbears won them on battle fields. Literary clubs came in force to sit in cheap stalls.

An Aberdeen newspaper has a woman garbed with college costume from a classic halls, who bears the name of Miss Mary Edwards, reports its fights, and she it is who rings the gong as timekeeper.

DRUGS EXCITE YOUR KIDNEYS, USE SALTS

If Your Back Hurts or Bladder Bothers, Drink Lots of Water.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urino waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacy about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grape and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking and no doubt you will wonder what became of your kidney trouble and backache.

SEVENTY BABIES BORN A MINUTE

Mathematician Computes More Than One Life for Every Tick of Clock.

PARIS, Aug. 8.—It has been computed that about 35,000,000 babies are born into the world each year. The rate of production is, therefore, about 70 per minute, or more than one for every tick of the clock. With the one-a-second calculation, every reader is familiar, but it is not everyone who stops to calculate what this means when it comes to a year's supply. It will, therefore, startle a good many persons to find, on the authority of a well-known French statistician that could the infants of a year be ranged in a line in their cradles, the cradles would extend around the world. The same authority looks at the matter in a picturesque light. He imagines the babies being carried past a given point in their mother's arms, one by one, and the procession being kept up day and night, until the last hour in the twelfth month had passed by. A sufficiently liberal rate is allowed, but even in going past at the rate of 20 a minute, 1,200 an hour, during the entire year, the reviewer at his post would have seen only the sixth part of the infantile host.

The official announcement giving this position of German cavalry men assures the citizens of Antwerp that they have no need to be frightened. Similar bands of German Uhlans and Hussars have traversed other parts of the country without doing any damage.

Native Troops Do Good Work

[By Special Wire to the Courier]

PARIS, Aug. 18.—The "Eclair" states that all the Carthusian monks of military age, who were expelled from France at the time that the law restricting religious associations was adopted, have returned to the barracks at Grenoble and exchanged the white habit of the Order of St. Bruno for the uniform of the French soldier. They were given an enthusiastic reception by the population of Grenoble. The Serbian legation has formally expressed to Foreign Minister Gaston Doumergue, the gratitude of the Serbian government for the assistance received from the Republic of France in the present circumstances.

A news despatch from Marseilles says that wounded soldiers arrived there from Alsace, relate that the Tirreos, native troops from the French possessions in Africa, who made their first appearance in the fighting around Muelhausen, are the only French troops clothed in khaki, the color closely resembling that of the German uniform. The Germans mistook the Tirreos for their own troops and they were close up, and fell upon a German entrenchment with a wild yell.
