Whist is eminently a game of silence

should there chance to be one in the party who cares more for conversation
than whist, he will spoil the pleasure f all the res With poker it is different, altnough from a scientific standpoint it is pre

science and not of chance.
However it may be played, and we

the same time, and that, and the fac
that it is more exciting than whist, is probably the chief reasons for its sup. planting of whist as a social ga

Ottawa, Dec. 25.-The first session of

reconstruction of the empire. Canada must be an important factor in any
project of that kind proposed by the Bitish people. On the statesuanship
