Local Notes

Mr. S. B. Williams of Spragueville, N. Y., is in Athens this week.

Thanksgiving Day will come this year on Thursday, Oct. 18th.

The Lombardy fair, which was to have been held on the 19th, has been postponed until Saturday, Sept. 29th.

Men for the lumber camps of Ontario are scarce. Several lumbering firms are offering men \$50 a month and can't get them.

Military opening at Miss Falkner's on Thursday, Friday and Saturday, Sept. 27th, 28th and 29th. The ladies are cordially invited.

The anglers who frequent Charleston lake are giving their rods and reels a rest just now and are looking forward to the shoal-water salmon fishing, which begins about the 10th of October.

All the made up cans in stock at the Perth Canning factory have been purchased by the Newboro Canning Company. They numbered 60,000 and were shipped to the latter place last week.

Rev. Father Stanton, Brockville, is developing a sulphur spring on a farm he recently acquired on the third concession of Elizabethtown, near Row's Corners. If it turns out as expected Father Stanton will erect a sanitarium.

The regular winter meetings of the Farmers' Institute will be held at Newboro, Mon., Dec. 3rd; Delta, Tuesday, Dec. 4th; Athens, Wednesday, Dec. 5th; Lyn, Thursday, Dec. 6th, and McIntosh Mills afternoon of 6th.

Mr Samuel Aziz, an Assyrian "traveler" whose home is in Athens, was last week made a subject of Queen Victoria by naturalization. He speaks and writes both Assyrian and English and is apparently prospering in his business. At the coming election he says he is going to vote "right," so canvassers need not worry about his franchise.

Kitley's great fair takes place at Frankville on Thursday and Friday of this week. Only good weather is required to ensure it making a record in respect to both exhibit and attendance. Frankville fair always presents an entertaining programme and this year, as usual, it will be liberally patronized by the people of Athens and vicinity.

The largest army to-day marching under one banner, is that of the Sunday school. This great host numbers twenty-five millions. This is our largest "standing army" and affords more real protection to the country than all military organizations combined, as it tends by its educating and christianizing influences to make them unnecessary. The international Sunday school association is doing a great work organizing and strengthening this great army.

August is not generally supposed to be the best month in the year in which to transplant trees, and when early last month Mr. S. J. Stevens ornamented his lawn by planting therein a couple of good-sized elm saplings, everybody said that they would die. For a time, it looked as if what everybody said was going to prove true, for the leaves all fell off and the future of the trees looked, to say the least, very uncertain. Now, however, after this brief rest, they are budding forth again and have every appearance of furnishing an abundant and unusual repast for Jack Frost.

Municipal Councils will do well to observe the following decisions recently rendered in the case of Huffman vs. Township of Bayham, in which the plaintiff secured \$1,500 damages. The case dealt with obstructions on highways, and the Court of Appeal's decision was as follows:—A milk stand built on a highway by or adjoining property and projecting over the travelled way is such an obstruction to the highway as to constitute want of repair within the meaning of the Municipal Act, and where such an obstruction was shown to have existed for three years and the municipal corporation having jurisdiction over the road in question, had taken no steps to have it removed, they were held liable in damages for an accident caused by it.

Salaries to go Up.

Owing to the fact that the professional third class certificates will all expire this fall, there will be a reduction in the number of teachers from 1,400 to about 800 or 900. The number of new teachers annually required to fill vacancies is about 1,200, consequently the demand will be for some time greater than the supply and salaries may be expected to go up.

Can You Tell Why

You have constant headaches, are nervous and sleepless at night and feel tired in the morning? Your blood isn't carrying the right materials to your nerves and other organs. Begin taking Hood's Sarsaparil, the great blood purifier, and you will soon realize a change. You will feel better and stronger, will relish your food and enjoy refreshing sleep.

Nausea, indigestion are cured by Hood's Pills.

Gilroy's Holsteins.

At Ottawa, the federal capital of Canada, C. J. Gilroy & Son, of Glen Buell, made another successful exhibit of their intelligence and skill as breeders of the successful dairy cow. The beautiful herd of Holstein-Friesian cattle brought out by those aggressive dairy farmers were awarded eight firsts, five seconds and four thirds, the gold medal for aged heifer, one age on the grounds, and the silver medal for the best Holstein female of any age on the grounds. Competition in the several classes was strong. The success which has attended the Messrs. Gilroys at Toronto Industrial and Ottawa this year, is indeed creditable to the dairy industry of the banner county of Leeds, as every animal exhibited was the product of the county.

A Correction Corrected.

A number of our exchanges last week contained the following paragraph: "Game Warden Tinsley wishes to correct a misstatement which has appeared in the papers. The season for moose, red deer and caribou is open November 1st to November 15th, inclusive, and only one of these three may be taken by one person, not one of each, as was stated. The duck season is open from September 1st to September 15th inclusive."

We do not know what the Game Warden said, but we know that the above correction is itself incorrect, as no change has been made in the number of red deer that may be killed by a duly licensed hunter, and the season for ducks does not close until December 15th.

Wall Collapsed.

At Vankleek Hill, Prescott county, on Wednesday last, a terrible accident occurred. A new Presbyterian church was in course of erection and the walls were nearly completed. In the forenoon Rev. J. MacLeod, pastor of the church, and several others were standing on a scaffold at the top of one of the walls where men were at work. From some cause, not stated, and perhaps not known, the wall collapsed, burying the men under a pile of stone and lumber. Rev. Mr. MacLeod and G. Delorme, one of the masons, were dead when taken out. Henry Golden, Arthur Doig and Wm. Horne were fatally injured. Others were slightly hurt.

Mr. W. T. Earl of Shawville, P. Q., is in Athens this week.

Miss Flossie Johnston of Gananoque was the guest of her sister, Miss Nellie, on Sunday last.

The Mirror says that there is every prospect of a large canning factory being built in Westport early next year by private individuals. Already negotiations are well advanced and will be completed in a short time.

The Misses Lela and Zelma Dier, accompanied by Miss Myrtle Leach, all of Westport, spent Saturday and Sunday in town. They were on their return trip from Brockville, where they had been visiting friends.

Pill Sense.—It stands to reason that the market many of the nauseous pills. A better medicine at less than half the price is all the argument needed to keep the demand what it has been—phenomenal—40 doses to cents. They cure Sick Headache, Biliousness, and allay all stomach irritations.

Athenian friends of Mr. J. L. Gallagher of Winnipeg will learn with regret that he is making but slow progress toward recovery from the illness (typhoid fever) with which he has been prostrated since August 7th. The Star says that some of the exhibitors of grain at the Merrickville fair did not deem it necessary to bring in this year's growth but brought instead some of last year's growing. An amusing thing occurred in this section of the hall. One of the judges was opening the bags preparatory to the judging and on opening one bag he found a prize ticket that had been awarded the grain last year. The bag had evidently never been opened since taking it home from the fair last year.

On Sabbath evening last Rev. E. W. Crane delivered the third of his series of sermons on the Lord's Prayer, his text being "Hallowed be Thy Name." His discourse made plain the fact that there is strong scriptural warrant and injunction for distinguishing between sacred and profane things, though in many cases he noted with regret that the line of demarcation was to a large extent disregarded and in others was almost totally obliterated. The flippancy with which the name of the Lord was uttered even by well meaning people, the treatment accorded the Bible, the lack of reverence for God's house, the profanation of God's day by indulgence in pleasure and the performance of unnecessary work—in all these was evident a retrograde movement from Puritanic ideals that should be a matter of grave concern to all who pronounce the words of the text with a full understanding of their whole meaning. The series of sermons is proving very interesting as well as instructive.

A Pleasant Duty.—"When I know anything worthy of recommendation, I consider it my duty to tell it," says Rev. Jas. Murdoch of Hamburg, Pa. "Dr. Agnew's Catarrhal Powder has cured me of Catarrh of five years standing. It is certainly magical in its effect. The first application benefited me in five minutes. 50 cts."—9

West Lons, Ontario, Can., Dec. 14, 1899.

DR. B. J. KENDALL CO.

Dear Sir:—A year ago I had a valuable horse which I took to the Veterinary Bureau who although he applied a strong blister. This made matters not stand up. After trying everything in my power I went to a neighbor and told him about the case. He gave me one of your bottles and I applied it carefully and being resolved to do the utmost in favor of my beast, went to the nearest drug store and got a bottle of your Spavin Cure and applied it strictly according to directions. Before the first bottle was used I noticed an improvement, and when the second bottle was about half used, my horse was completely cured and without leaving a blemish on him. After ceasing treatment I gave the horse good care and did some light work with him, wishing to see if it had effected a cure. I then started to work the horse hard and to my entire satisfaction he never showed any more lameness through the whole summer. I can recommend Kendall's Spavin Cure not only as an excellent, but as a sure remedy, to any one that it may concern.
Yours truly, HANDED, THURLEY
