### What Chance Do You Stand

If You Are Afflicted With Foul, Offensive, Disgusting Catarrh, Your Progress Will Be Slow.

Catarrh is a terrible handicap in the business and social world. The extreme offensive nature of the dis-ease, the foul and sickening breath

ease, the foul and sickening breath, the everlasting hawking and spitting, the fetid discharge at the nose, the watery eyes and catarrhal deafness all combine to make the unfortunate victim one of the most avoided and despised of mankind.

Many first class, competent men have lost good positions on account (of their unbearable presence due to catarrh. The catarrh victim is tabooed socially and his appearance is secretly dreaded. What makes the matter worse is that he does not know himself how offensive he is as his sense of smell, and frequently taste, is destroyed. Leaving out of consideration the suffering, annoyance and danger of the disease, no man can afford, from a business or social standpoint, to have catarrh for one minute if he can possibly avoid it.

Stuart's Catarrh Tablets have done Stuart's Catarrh Tablets have done more to stamp out this disease than any known remedy. They strike at the root of the malady and completely expel it from the system. Catarrh is a deep-seated disease and fwill not yield to local applications, such as sprays, ointments, inhalations, etc. Stuart's Catarrh Tablets cleanse the system and renovate it thoroughly of all impurities. Under their influence all catarrhal poisons are carried off and the blood becomes pure, the eye bright, the becomes pure, the eye bright, the breath sweet, discharges cease, the head clears up, the sense of smell and taste are restored and the sufferer becomes sound and well and fit to associate with his fellow-man.

to associate with his fellow-man.
Stuart's Catarrh Tablets are for sale by all druggists at 50 cents a box. The druggist no more thinks of getting along without Stuart's Tablets than he would without his prescription case. The demand for them is so universal and their popularity is so great and they have cured so many thousand people that he would not be considered an up-to-date druggist if he did not keep them and his gist if he did not keep them and his customers would lose confidence in him and go to some other store to buy their other drugs as well as their Stuart's Catarrh Tablets.

Von Lenbach the Painter, Franz von Lenbach, the great portrait painter, painted three portraits of the poet Adolph Wilbrandt. The sittings varied from three to five hours. On one occasion the sitting lasted through the whole day, with intervals for meals. The afternoon passed, and lusk came on, but still Lenbach worked away without appearing to notice the failing light. At last it grew se fark that Wilbrandt could scarcely see him. He called his attention to this, saying that it seemed impossible for him to paint any more, but Lenbach begged him, unless he was tired, to continue sitting. "But what can you see of me?" asked the puzzled poet. "Quite the best of all. Excellent, Sit still, please." And the sitting only end-ed with the last glimmer of light.
