Fears of Religious Crisis In France Somewhat Dissipated.

Paris, Nov. 12.-Unless the Vatican Paris, Nov. 12.—Unless the Vatican authorities cause some radical changes in the situation the fears of a religious crisis resulting from the enforcement on Dec. 11 of the law providing for the separation of church and state, are regarded as dissipated in consequence of the middle course steered by the Clemenceau Cabinet.

The extreme radicals under Mm. Coombes and Pelletan, who insisted that a policy of spoliation and persecution be inaugurated, have been appeased.

The speech of Minister of Public Worship Saturday, explaining the Government's intentions, was extremely conciliatory in tone, and especially designed to make it plain that the Government is not, anti-religious, but only neutral.

Vatican Not Affected. Rome, Nov. 12.—The speech of the French Minister of Public Instruction and Worship, M. Briand outlining his Government's policy toward the Catho-lic church in France, has not created much of an impression at the Vati-can, as just such an attitude as out-lined by M. Briand had been antici-pated. It is stated that the church will not recede from the ground it has taken, but will leave the vindication of its rights to time and the wisdom of Frenchmen.

The official report of the affair says that several Boers, led by a man named Ferreira, recently employed in German Southwest Africa, entered the northwestern part of this colony a few days ago, and surprised a police camp in the vicinity of Witkop, wounding two troopers, seizing their arms and ammunition, and subsequently capturing a corporal of police.

At Abiquasaar, Ferreira gained some recruits and marched to Zwart Modder, about 25 miles from the frontier, where he is reported to be com-London, Nov. 12.—The Reuter Telegram Co. has received a despatch from Madrid saying the report that King Alfonso has been assassinated is without foundation. Vesuvius Again Busy.

Naples, Nov. 12.—At noon Saturdar, Mount Vesuvius and the surrounding villages were shaken up by a kind of earthquake, which was accompanied by detonations and followed by a considerable fall of ashes, especially over Ottajano, which was destroyed during the eruption of last April, and now is in course of reconstruction. This phenomenon caused great alarm. Investigation showed that part of the crater of the volcano had fallen in During the afternoon there were three more slight shocks in the Vesuvian ragion, and a further discharge of ashes, which was blown in the direction of Pompeli and Ottajano.

He writes: "For years I suffered with Salt Rheum, and was unable to find a curable remedy out of all the medicines I took, and Physicians consulted. & Female

Bleans have been called "a woman's medicine" because they are so peculiarly fitted to the needs of the female system. They correct irregularities, cure constipution and piles, remove poisons from the blood which cause those terrible headaches, and which occasionally break out in pimples, unsightly eruptions, e.c. Bileuns make weak women strong; and give pale, sickly women the much-needed internal strength. Bileans are a vegetable tonic as well as a corrective. They help make new rich blood, they end digestive troubles and enable the system to utilize to the null the food you take. Boctors prescribe them, nurses recommend them. Write for free sample and test them for yourself!

At that time I was so bad that I cannot properly describe my teelings. I could not eat, my liver was disordered. I had a pain ir my side, and was unable to obtain any really refreshing sleep. My kidneys were also disordered, and I was quite jaded and run down. Three boxes of Bileans restored me and me to my present healthy state."

SINGULAR CUSTOMS. Bulgarian Ceremonies That Come From Pagan Rites.

The people of Varna, on the coast of gular custom which they observe at the feast of the Epiphany, which takes the Black sea, in Bulgaria, have a sinplace on Jan. 6. The clergy, Greeks and Bulgarians, accomby an immense crowd, go to the seasoner, carrying with them a wooden cross. The cross is thrown by the clergy into the sea, and thereup the strongest swimmers jump in after it. The best swimmer gets it, of course, and brings it in triumph to shore.

The Varna people have a still more singular salt water custom on the same day. After dark at night all the newly day.
