a lake of glory. It was sweeter than that. It was as sweet as a sweetheart sweetened with white sugar mixt with powdered silver and seed diamonds. It was too sweet. I tell you the audience cheered. Rubin he kinder bowed, like he wanted to say, Much obleeged, but I'd rather you wouldn't interrup' me.'

"He stopt a moment or two to ketch breath. Then he got mad. He run his fingers through his hair, he shoved up his sleeve, he opened his coat tails a little further, he drug up his stool, he leaned over, and, sir, he just went for that old pianuer. He slapt her face, he boxed her jaws, he pulled her nose, he pinched her ears, and he scratched her cheeks until she fairly yelled. He knockt her down and stampt on her shameful. She bellowed like a bull, she bleated like a calf, she howled like a hound, she squealed like a pin she shrieked like a rat, and then he wouldn't let her up. He run a quarter stretch down the low grounds of the base, till he got clean in the bowels of the earth, and you heard thunder galloping after thunder, thro the hollows and caves of perdition; and then he foxchased his right hand with his left till he got way out of the treble into the clouds. whar the notes was finer than the pints of cambric needles, and you couldn't hear nothin' but the shadows of 'em' And then he wouldn't let the old pianner go. He farar'd two'd, he crost over first gentleman, he chassade right and left. back to your places, he all handsd aroun' ladies to the right, promenade all, in and out, here and there, back and forth, up and down, perpetual motion, double twisted and turned and tacked and tangled into forty-eleven thousand double bow knots.

"By jinks! It was a mixtery. And then he wouldn't let the pianner go. He fecht up his right wing, he fecht up his left wing, he fecht up his center, he facht up his reserves. He fired by file, he fired by plateons, by company, by regiments and by brigades. He opened his canon-siege guns down thar, Napol. ians here, twelve pounders yonder-big guns, little guns, middle-sized guns, round shots, shells, shrapnels, grape, canister, mortar, mines and magazines, every livin' battery and bomb agoin' at the same time. The house trembled, the lights danced, the walls shuk, the floor came up, the ceilin' come down, the sky split, the ground rokt-heavens and carth, creation, sweet potatoes, Moses ninepences, glory, ten-penny nails, Sampson in a simmon tree Tump, Thompson in a tumbler-cart, roodle-oodle-oodleoodle--ruddle-uddle-uddle-raddle-addle-addle-riddle-iddle-iddleiddle-reedle-eedle-eedle-p-r-rlank Bang!!! Lang! perlang!-p-r-r-r r-r!

"With that bang! he lifted hisself bodily into the ar', and he come down with his knees, his ten fingers, his ten toes, his elbows and his nose striking every single solitary key on the pianner at the same time. The thing busted and went off into seventeen hundred and fifty-seven thousand, five hundred and forty-two hemi demi-semi quivers, and I know'd no mo'.

"When I came two, I were under ground about twenty foot, in a place they call Oyster Bay, treatin' a Yankee that I never laid eyes on before, and never expect to agin'. Day was breakin' by the time I got to the St. Nicholas Hotel, and I pledge you my word I did not know my name. The man asked me the number of my room, and I told him, 'Hot music on the half-shell for two !'

HOW TO COURT IN CHURCH. A young gentleman happening to sit at church in a pew adjoining one in which sat a young lady for whom he conceived a sudden and violent attachment, was destrous of entering into a courtship on the not, but the place not being suitable for formal declaration the case suggested

the following plan : He politely handed his fair neighbor the Bible, opened, with a pin stuck in the following text: Second epistle of John verse 5-"And now I beseech thee, not as though I wrote a new commandment unto thee, but that which he had from the

beginning, that we love one another," She returned it pointing to the second chapter of Ruth 10th verse: "Then she fell on her face and bowed herself to the ground and said to him, Why have I found grace in thine eyes seeing that I

am a stranger?" am a stranger?

He returned the book, pointing to the thirteenth chapter of the third epistle of John: "Having many things to write unto you, I would not write with pen and ink, but I trust shortly to come unto you and speak face to face that our joy may

# THE BOOKSTORE!

Eagle Building, Wolfville, MAY 19th, 1885.

Riel has been captured and the papers announce that the Rebellion in the North West is practically at an end. This is encouraging news and but it is only a cipher in comparison to makes all loval p the joy we have felt during the last few months as we have supplied our customers with Room Paper at less than cost and seen them depart full of that joy and happiness which can only come to those who feel that they have done a good deed.

True it does not pay in dollars and cents to sell at cost but it does pay in the satisfaction we have of making families happy and homes clean and

And still the great work goes on. People are coming daily and hourly to buy. They do so and go away happy. Probably never in the history of Wolfwille has Room Paper been sold so cheaply as now. We have been (and will continue till our present stock is exhausted) selling our papers at the same prices as we paid for it at the factory in England. You cannot afford to lose the opportunity.

Just think of it, Room Paper at one-third she price you have been paying all your lives. Oh verily, in the words of Burdette, what is home without its wall paper. We have no second price and ours is a "bona fide" cash sale. Come

early! come 3 or 8 times a day, but come! and we will make you smile. Ever keeping in mind the fact that we must work for the welfare of our customers we have after two years of patient waiting been enabled to secure the services of Mr. John F. Herbin to carry on a Watch Making and Jewellery business here. We can assert confidently that although he has spent two years and a half in the west he is perfectly harmless and that he can clean and repair your watch and repair your Jewellery with that neatness and thoroughness which can only be attained from a life-long study and practice of the trade. Give us a call and see for yourself. All his work is guaranteed and must give satisfaction

When you come for your room paper at one-third the usual price bring that Watch that wont go and that clock that points to half past six and strikes 25 when it is only 3:15 and you will be able to get to Church in time to make a full inventor; of Beacon Smith's wife's spring bonnet and silk dress and Squire Jones' whole outfit before your beloved pastor has thought of commencing on sixthly. Oh yes time is a great herb but must be correct in its habits to be properly appreciated. By the way, if John wants a new School Book you might also bring

some change with you for we can fit him all out for the next term in about two minutes; and who knows but that he may some day be some kind of a governor if he lives and uses our books to advantage.

Ours is a work of love and we are bound to do it so long as people have homes to beoutify, children to educate, and watches, clocks and jewellery that wont keep time.

Don't forget, we live in the Eagle Building and it is next door to the
