 ELECTRIC COMMISSION MEETS

J. C. Mitchell Appointed Superintendent of Electrical System

There was a meeting of the Electric Commission on Thursday evening last, at which all the members were present. These meetings, which are supposed to be held monthly, have been rather infrequent of late and the representative of The Acadian in some way failed to connect.

onnect.

The payment of bills is always an important item of business and the following were passed for payment at the Thursday evening meeting:

INTERESTING ENTERTAINMENT BY GIRL GUIDES

On Friday evening, May 1st, a large audience gathered in the Memorial Gymnasium to witness a very interesting display presented by the 1st Wolfville Company of Girl Guides, fifty-five in number.

The program opened with roll-call, prayers and colour salute, after which a knot-tying contest, in which the six patrols participated, was carried on. An exhibition of signalling drill was given in a very proficient manner, followed by country dancing.

At this point, the horse-shoe formation was taken and Mrs. McCallum Grant, Prov. Com. for N.S., enrolled Miss Kathryn Fraser, captain of the newly formed Company in Gaspereaux.

Proficiency badges won by the Guides during the past year were then presented by Mrs. Grant, who heartily congratulated the Guides both on their appearance and on the efficient way in which they carried on their activities.

The Bobolinks, under the leadership of Maie deWitt, were then presented with the patrol shield, this patrol having won the greatest number of points during the last three months.

A sing-sing followed, around a very realistic camp-fire, and the program was brought to a close with the Camp-Fire Ceremony giving the Ten Lights of the Laws.

After the singing of Taps, the audience was invited to inspect an exhibition of

DUKE OF YORK HUNTING IN EAST AFRICA

This photograph shows H.R.H. resting under a temporary shelter and enjoying a cup of tea with Capt. Pat Ayre, his companion white hunter, while hunting big game in East Africa. The Duke of York has had fairly good success, having bagged rhinocerous and plenty of smaller game.

Copus Cown Tid-bits on the Tip of Everybody's Tongue

Wolfville, May 7, 1925 Vol. 2. No. 39.

The Censor won't permit us to mention the name of a new product being made by Moirs. The reason is that it has met with such instantaneous, such sweeping success, that production facilities.

have been swamped. It is impossible to come any where near keeping up with orders.

But just as soon as the factory begins to catch up, we'll let you in on the secret.

Tai-sung, Emperor of China, sent ambassadors to India in 627 A.D. to learn how brown

GAME SANCTUARIES RECOMMENDED

By Representative Gathering of West-ern Nova Scotia Sportsman

moose he felt that the time had come when further protection is needed, and ofthought the most practical method would be the establishment of game sanctuaries.

The following resolution was moved by Mr. R. W. Y. Tufts, seconded by Rev. A. W. L. Smith, and passed unanimously: "Whereas, owing to the increased ficiency of firearms, and the growing number of those who hunt, it is advisable to give greater protection to the wild life of the Province, be it therefore resolved that this convention approve of the setting apart of game sanctuaries by the Parliament of Nova Scotia, and the members of the House of Assembly from the counties of Western Nova Scotia."

Rev. Mr. Smith spoke of game sanctuaries as a means of attracting tourists in to our province, and Mr. Tufts and others presented various methods of erroribition, such as proper policing and other vital matters.

A very large number of those in attendance enrolled their names, those from this vicinity being: A. G. Guest, Dr. Leslie Eaton, H. D'Almaine, R. W. Tufts, J. H. Baltzer, Rev. D. B. Hemmon. E. R. Redden, J. Elliot Smith, of Wolfville, and Charles O'Leary, of White Rock.

On the motion of Dr. Leslie Eaton it was decided that a committee consisting of two representatives from each county in Western Nova Scotia be appointed to look into the whole matter of game sanctuaries—their number, locality, size, etc., and report its findings in a continuous con

NOVA SCOTIA SHIPPERS' ASSOCIATION

Holds Meeting at Kentville—W. H. Chase Tells of Good Work of Lon-don Economic Council

An important and representative gathering of those interested in the preservation of game in Nova Scotia was held at Annapolis Royal on Friday afternoon last. The meeting was opened by Dr. Leslie Eaton, of this town, and Dr. W. B. Moore, of Kentville, an ardent sportsman, was appointed to the chair, with Mr. A. G. Guest, of Wolfville, acting as secretary.

A cordial welcome to the town was given by Mayor Hawkesworth, after which the chairman explained the object of the meeting as being for the purpose of decussing the establishment of sanctuaries in the interests of the preservation of game.

J. A. Knight, Commissioner of Forests and Game, gave an address and told of the changes that had been made during the past twenty years, and gave statistics as to the number of moose killed. While opposed to a close season for moose he felt that the time had come when further protection is needed, and thought the most practical method would be the establishment of game sanctuaries.

The following resolution was moved by Mr. R. W. Tuffts, seconded by Rev. A. W. L. Smith, and passed unanimously: "Whereas, owing to the increased efficiency of firearms, and the growing number of those who hunt, it is advisable to give greater protection to the wild life of the Province, be it therefore resolved that this convention processes of the season all Oversease.

SCHOOL BOARD MEETING

The regular monthly meeting of the School Board was held on Monday evening with Commissioners Vaughan and Parsons absent.

It was reported by the secretary that up to that date none of the High School teachers had formally accepted re-appointment to the staff, but the chairman stated that Principal Silver had intimated to him his intention to remain in Wolfville for another year.

The secretary reported the receipt of a large number of applications received from teachers seeking positions on the teaching staff.

On motion the following bills were ordered paid:

F. W. Woodman. \$2,00

E. S. Langille. \$25.89

Mayor Chambers made enquiry regarding the date of Arbor Day, which elicited the information that the day set for its observance was May 8th. He suggested that on that occasion the pupils of the school be organized to plant a row of trees on the north side of Main street on the land already reclaimed at "the bridge", but no action was taken.
