

WAR COSTING JAPAN  
ENORMOUS AMOUNTExpenses This Year \$450,000,000,  
But Japan Will Make Russia  
Pay for It All

(By Associated Press.)

LONDON, March 30.—M. Takaashi, the special financial commissioner, on being interviewed today said: The war has cost between \$250,000,000 and \$300,000,000 the first year, and it is estimated to cost \$450,000,000 the present year. It is unprecedented in the history of great wars that no indemnity and no territory should be given up by the vanquished.

"While it is beyond my province to discuss terms of peace, I can express my personal opinion. As the war forced upon Japan, it is not likely she will waive the right to an indemnity and the cession of territory before concluding peace. What indemnity will be demanded I cannot say, but it is my private opinion it

will at least cover the expenses of the war."

The financial commissioner spoke interestingly regarding the internal conditions of China since the Chinese-Japanese war. He said China was awakening. The government is now making rapid strides along the lines which Japan had developed. China was sending her pupils abroad to study and was also bringing in foreign instructors. Many of these were Japanese and a rapprochement between the two countries was steadily being effected.

The Manchus were delighted with Japanese administration wherever it is in force, because they found no lawlessness and perfect justice for all.

The Chinese government proposes a reorganization of the army of China and also the recruiting of its navy.

ONE ANARCHIST WHO  
APPEARS TO BE VERY  
POOR SHOT ARRESTED

(By Associated Press.)

ST. PETERSBURG, March 30.—A man dressed as a porter today fired three revolver shots at a secret police agent in Great Morskaiska street. The assassin was arrested.

WEALTHY MAN AND TWO  
WOMEN ARRESTED

LONDON, March 30.—Despatches from St. Petersburg report several arrests of prominent terrorists belonging to the inner or "bomb" section. According to a Daily Mail despatch one of the persons arrested is a wealthy man named Zavitsky, and two are women. One of the latter is named Ivanofskaya, an anarchist, who has been vainly sought by the police since the assassination of Emperor Alexander II, and the other a beautiful girl named Leonieva, belonging to a prominent official family. It is also stated these and the man arrested on Morskaiska street on Thursday, had been watch-

ing Governor General Trepoff, Grand Duke Vladimir and Minister of the Interior Boulougan.

JAPAN UNAFFECTED

BY PEACE RUMORS.

TOKIO, March 30.—The various rumors of peace coming from Europe and America apparently do not affect the attitude of the Japanese government and people towards the war. The populace re-echoes the announced declaration of Japan to push the military operations unimpeded and undeterred by discussions of events in Russia and elsewhere.

RUSSIAN VALOR EXTOLLED

BY NEW COMMANDER.

ST. PETERSBURG, March 30.—General Linevitch has issued this address to his troops: "The emperor has been pleased to appoint me commander-in-chief of the Manchurian army. In my battles, I

those at Shakhle, Hun river, Poutiloff and Novogrod hills, Kandulisan and Gangu pass, and on the Mukden position, you bravely repulsed the most serious attacks of the enemy, and dealt enormous losses. Let every man accomplish manfully his sacred duty to the emperor and fatherland. The enemy cannot hold out before Russian valor, and the reinforcements coming unceasingly from Russia. May God help you in the coming battle."

HOSTILE TO THE

EMPEROR'S RESCRIPT.

WARSAW, March 30.—There is general disappointment here at the tone of the emperor's rescript. It is pointed out that the rescript leaves reforms to the bureaucracy, which is hostile to reform measures.

It is quite evident the rescript has served to embitter the people more than it has exerted a pacifying influence.

WILSON FELL ON  
REVOLVING SAWHorrible Sulphur Accident—Man's  
Clothes Catch and Drag Him  
Into Circular Saw

A horrible accident happened yesterday at 1 below on Sulphur where by Mr. Thomas Wilson a well known and popular miner nearly lost his life. As it is he lies seriously wounded.

A large circular saw was running near discovery on Sulphur. Wilson was beside it. He stooped down to pick up a stick of wood and in doing so his coat caught in the saw. With irresistible force he was drawn into the saw which, revolving at the

highest rate of speed gashed him severely.

Wilson sustained a deep cut eight inches long on his thigh. The cut went into the bone and cut a vein. Dr. Hayden was summoned and attended to the injured man. He was taken to Mahon's roadhouse at 3 below, where his wants were attended. Wilson is doing as well as can be expected and while his hurt is severe he will recover without any permanent injuries.

ANOTHER BIG SENSATION IN  
THE CASE OF NAN PATTERSON

(By Associated Press.)

CINCINNATI, Ohio, March 30.—J. Morgan Smith and wife, the sister of Nan Patterson, were arrested yesterday after a seven months' search. The detectives located them in Montreal and after getting acquainted induced them to visit relatives here.

On their arrival the relatives refused them admission to their home and as they were taking their departure they were placed under arrest. Smith is alleged to be the man who purchased the gun with which Caesar Young was killed in New York.

NEW YORK, March 30.—The grand jury late today handed down an indictment against Morgan Smith and Julia Smith, his wife, and Nan Patterson, charging them jointly with conspiracy. The indictment is based on a letter alleged to have been written by Julia Smith to Caesar Young, in which it is alleged was a threat and a demand for money for the Patterson girl.

COME POOR, GO HOME WEALTHY  
AND WILL BRING OTHERS OVER

(Special to the Yukon World.)

OTTAWA, March 30.—Wm. Hutchinson, the Canadian exhibition commissioner, sails on Saturday to represent Canada at the Liege exhibition. He will be accompanied by four Belgians who are now residents of Canada. Two are from Quebec, one from the province of Manitoba, and the other from East Assiniboia. These men all came from Belgium poor and have grown comparatively wealthy in Canada.

The government is adopting the policy of sending back as immigration agents for Canada, men from the country in question who have come to Canada and got wealthy. They are the best immigration agents in the world.

SENATOR JIM McMULLEN GETS  
AFTER BRITISH GOVERNMENTEmbargoes on Canadian Cattle Causes Lib-  
eral Senator to Criticize--Senate May  
Pass a Resolution

(Special to the Yukon World.)

OTTAWA, March 29.—Senator McMullen moved in the senate today a resolution expressing regret and disapproval at the course adopted by the British government in continuing the embargo on Canadian cattle, although no contagious disease exists in Canadian herds and in view of the stringent regulations enforced by Canada in regard to stock imported from other countries, and that the British government, by the course they are persisting in, are unjustly

discrediting the standing of Canadian herds throughout the world.

Sir Richard Cartwright said that the Canadian government has missed no opportunity of asking to have the embargo removed. The underlying motive of the legislation was to protect certain agricultural districts, and this being so, he advised caution. He moved the adjournment of the debate to have the resolution re-drafted so that it could be unanimous.

MACKENZIE.

ONTARIO CAST  
ALMOST HALF A  
MILLION VOTES

(By Associated Press.)

TORONTO, March 30.—Lieut.-Col. Clark, clerk of the legislative assembly, yesterday officially announced that the total number of votes cast at the provincial general election in January last was 444,497.

In view of the unfavorable nature of the weather on January 25th last the total vote of 444,497 will be to many surprisingly large.

At the preceding election, May 30, 1902, the total vote was 427,023. The increase of 17,474 is indicative of the intense interest the electors took in the last contest and of the way in which the people were roused by the great moral issue involved.

TROUBLE IN ITS  
NEW PURCHASE

(Special to the Yukon World.)

OTTAWA, March 30.—The bill for the sale of the Esquimalt &amp; Nanaimo Railway to the Canadian Pacific was before the railway committee today. There is considerable opposition and the bill was held until April 6th.

GREAT RUSSIAN REVOLUTION  
PLANNED TO START MAY 1ST

(By Associated Press.)

SIOUX CITY, Iowa, March 30.—Aaron Emden, who came from Russia four months ago, today received a letter from a member of the Russian revolutionary party, saying that April 18 of the Russian calendar, or May 1, American calendar, has been named for the opening of the national revolution. All railroads and industries will be tied up and mobs will take possession of every city. It is claimed that support of many of the troops is pledged. Emden has heretofore received information from Russia which has proved accurate.

MRS. SIFTON HAS BIG PLAN  
TO CARE FOR YOUNG WOMEN

(By Associated Press.)

OTTAWA, March 30.—To ameliorate the condition of working girls in Ottawa, to add a little more comfort to their daily lot, is the plan of Mrs. Clifford Sifton.

Mrs. Sifton intends to raise funds to provide such a building in connection with the King's Daughters, that many young women in the city who are toiling for small wages will be able to have a good room and good board at a rate which they can afford.

Mrs. Sifton saw Lady Grey today, and it is probable that the details of a great scheme will be given out in a few weeks. It is believed that ten thousand dollars will be wanted to complete the scheme, and steps will be at once taken to raise the funds necessary.

SENATOR J. H. ROSS PROMISED  
SCOTT A CABINET POSITIONQueer Incident of Late Campaign in Which  
Ex-Yukon Commissioner Foreshadowed  
Sifton's Retirement

(By Associated Press.)

MOOSEJAW, March 30.—Mr. Sifton's resignation caused quite a surprise at Moosejaw, and one thing is causing considerable comment. Senator James H. Ross, when speaking here during the late campaign, held out a bait that he could assure the audience that if Mr. Scott was returned he (Scott) was slated as a cabinet minister in Sir Wilfrid Laurier's cabinet.

The question asked now is: Did Ross know at the time that Mr. Sifton intended to resign, or did he only hold out the bait as a bribe?

RHODES' MAN TO  
WIN BIG PRIZE IN  
BRITISH SPORTS

(By Associated Press.)

LONDON, Eng., March 30.—There is strong probability that in the Oxford-Cambridge sports on the Queen's Club grounds tomorrow, the honors in the three-mile run will go to W. E. Schutt, of Oxford, a Rhodes scholar, who in practice has beaten his American three-mile record.

HAYTI FRAMING  
UP FOR ANOTHER  
REVOLUTION

(By Associated Press.)

WASHINGTON, March 30.—An American man-of-war will be sent to Port au Prince to protect American interests. This determination was arrived at today, when the state department received a cablegram from Minister Powell saying that serious trouble was impending in Hayti. It is doubtful whether the authorities can maintain peace, and order on March 31 and April 1. The state department immediately requested the navy department to dispatch a war ship to Port au Prince.

## EXACT STATE OF PEACE PROPOSALS

(By Associated Press.)

ST. PETERSBURG, March 30.—Officially the authorities continue to deny stoutly that Russia has made any proposals to Japan. This is literally true, as Russia has only made known the negative conditions, leaving the intermediary to convey these conditions on its own responsibility to Japan.

Diplomats in St. Petersburg are convinced that something is in progress but none of these are in a position to know, or at least to acknowledge, that they are aware of what actually has been, or is to be done.

The story that Japan asks an indemnity of eight hundred million dollars is laughed at.

## WHOLE CABINET TO RESIGN

(By Associated Press.)

WINNIPEG, Man., March 30.—There is a crisis in local politics, and the most substantial developments may be looked for any day. It would not surprise anyone to see the members of the local government hand in their resignations through the premier and vacate their offices.

MONTREAL PEOPLE ARE  
LOANING JAPAN SUM  
OF FIFTEEN MILLIONS

(By Associated Press.)

MONTREAL, March 30.—The announcement was made by the Bank of Montreal today that it received subscriptions amounting to nearly \$15,000,000, mostly from Montrealers, for the new Japanese war loan. The Montreal subscribers will share in the New York allotment.

## DAWSON MEN WHO ARE COUNCIL CANDIDATES

IN NORTH DAWSON THE MEMBER  
FOR KLONDIKE IN SOUTH DAWSON

## HENRY MACAULAY

Henry Charles Macaulay was born in 1870 in the town of Lindsay, Ontario, where he attended the public school. He first went into business as a lumber man at Lake of the Woods, and in 1886 he came to the coast where he continued in the lumber business with his uncle, W. J. Macaulay, since deceased. Then he went into the wholesale grocery business at Victoria, with Cowan &amp; Wilson, and after seven years with that firm started in the shipping business under the firm name of Spratt &amp; Macaulay. In this he remained until the spring of '98 when he came to the Klondike. His firm here is well known. It is also known that he was the first elected mayor of Dawson, by a large popular vote, and that his administration of public affairs was commended on all sides.

## N. F. HAGEL, N. C.

Nathaniel Francis Hagel was born in 1846 in Oxford county, Ontario. He attended the grammar school at Woodstock and afterward read law in Toronto and was admitted to the bar at Osgoode hall in November, 1873. Mr. Hagel practised in Toronto for about ten years and then moved to Winnipeg, where he practised for about eighteen years. In Winnipeg Mr. Hagel had a distinguished record for oratory and was, as has been said since, the B. B. Osler of the Manitoba bar of that date. He was admitted to the bar of every one of the provinces west of Quebec—Ontario, Manitoba, the Northwest territories and British Columbia—and he came to the Yukon in 1900. He was made a Queen's Counsel before he came here in 1886.

## GEORGE BLACK

George Black first saw the daylight at Woodstock, N.B. He attended public school at Richibucto, N.B., and finished his education at Fredericton, N.B., where he studied law and was admitted to the bar. He practised there until he came to the Yukon in 1898 as the head of a mining enterprise known as the Fredericton Mining &amp; Development Company. This company made the discovery of gold on Livingstone creek, in the Stewart river district, and spent some two years mining there. Then Mr. Black came to Dawson and hung out his shingle as a lawyer. A year after that he was in partnership with Woodworth. In course of time this partnership was dissolved and the present law firm of Black &amp; Black was formed.

## JOSEPH A. CLARKE

Joseph Andrew Clarke is still in the thirties. He was born in the town of Brockville, Ontario, where he worked for some time. He then went to the west and joined the R. N.W.M.P. where he filled a term. In 1897 he came north with the gold seekers' rush. For some little time he occupied a position in the government service in the gold commissioner's office under the department of the interior.

Clarke ran for parliament against Ex-Commissioner Ross and he was defeated by a large majority. Two years ago he ran for the Yukon council and was elected. At the present time he is running in North Dawson and his opponent is Mr. Thomas W. O'Brien.

The trade unionists of Toronto have protested against firemen repairing the fire halls.

## THOS. W. O'BRIEN

Thomas William O'Brien was born in Simcoe county, Ontario, some forty-three years ago. As a boy he went to Winnipeg, then a frontier place, and in fact has always been on the frontier all his life. There is no more typical pioneer than Mr. O'Brien. He went from Winnipeg to Fort McLeod, and started in business there.

Then, long years before the Klondike boom, as early as 1886, he was on the Yukon. He had a trading post and general store there, and later moved down to Fortymile. There he took up a townsite, which he still owns. He came to the Klondike with the first rush of miners here from the Fortymile country, and since then has been interested in steamboating and in nearly every other thing that tends to the opening up of a new country, roads, bridges, railways and breweries.
