CHILDREN

Are always hable to sudden and severe colds, to croup, sore throat, lung fever, etc. Remedies, to be effective, must be administered without delay. Nothing is better adapted for such emergencies than Ayer's Cherry Pectoral. It soothes the inflamed membrane, promotes expectoration, relieves coughing, and induces sleep. The prompt use of this medicine has saved immurerable lives. cine has saved in

both of young and old.

"One of my children had croup. The case
was attended by our physician, and was supposed to be well under control. One night
I was startled by the child's hard breathing,
and on going to it found it

Strangling.

thad nearly ceased to breathe. Realizing that the child's alarming condition had become possible in spite of the medicine it had taken, I reasoned that such remedies would be of no avail. Having a part of a bottle of Ayer's Cherry Pectoral in the house, I gave the child three doses, at shert intervals, and anxiously waited results. From the moment the Pectoral was given, the child's breathing grow easier, and in a short time it was sleeping quietly and breathing naturally. The child is alive and well to-day, and I do not hesitate to say that Ayer's Cherry Pectoral saved its life."—C. J. Wooldridge, Wortham, Texas.
