

PROBLEM FOR THE CHURCH.

Responsibilities of Ontario and Quebec to the West.

Dealt With by Superintendent of Baptist Missions.

Dr. Norton in James Street Baptist Church Yesterday.

Rev. W. E. Norton, D. D., preached a fine sermon in James Street Baptist Church yesterday morning, on "Home Missions." Dr. Norton is superintendent of the Home Mission work in Ontario and Quebec.

The speaker said the eyes of the world were on Canada. The fabulous natural wealth of Canada, its rapidly growing population, the remarkable intelligence exhibited by Canadian representatives when present at International Assemblies, have given the country such remarkable prominence that have made its opportunities of paramount significance.

Ontario and Quebec hold the most prominent position in the Dominion except the wheat fields and with their great opportunities, there are the accompanying great responsibilities.

The exodus from the provinces in question to the West means the depletion of membership in the churches, and the situation facing the Home Mission Board is a serious one.

Dr. Norton said he felt confident that the movement to the West would stop in the course of a few years, and the people will stay at home.

This will be brought about by the recognition of the land values within the two provinces.

"It is a well-known fact that the principles that dominate them, originate in the cities," said the speaker. "If the national life is to be what it should be, the city life must be kept what it should be."

Cities are growing in Ontario and Quebec, and how are we meeting the growing population? Are we keeping pace?" said Dr. Norton.

An outline of some of the work of the Baptist Church is being given in the needs of growing cities of the two provinces was given, which reflected credit on the energy put forth by the church.

The needs of the districts of New Ontario were illustrated. The abnormal growth of some of the towns there during the last year, was phenomenal, said the speaker.

The Home Mission Board is making preparations for supplying ample church accommodation in many new towns and cities.

In conclusion, the great problem of the work among the foreign immigrants was referred to and, despite the fact that thousands of Canadians were leaving Ontario and Quebec, yet the population was increasing, consequent upon the great influx of foreigners.

An appeal for funds was made.

IN TROUBLE.

Thomas Hannebury Accused of Stealing Auto Tools.

Thomas Hannebury, who has been wanted by the local police for the past three weeks, was arrested yesterday afternoon by Constables Barrett and Cameron. Until three weeks ago Hannebury worked for Dr. Balfe, but it is alleged, deceased with the doctor's automobile tools and failed to show up afterwards. The doctor wondered why he failed to return to his work, but did not miss the tools, the police, however, received word of the theft from a small boy and at once started a search for Hannebury. It is alleged that Hannebury after taking the tools endeavored to sell them at a number of places in the city. He has since been working in the neighborhood of Dundas. A couple of days ago the police officers, Dr. Balfe if he had noticed that his automobile tools were missing, and the doctor said he had not, but upon investigating he found that they were gone. Hannebury returned to the city a few days ago and was arrested.

GREAT JOY

Over the Return of Little Stowaway to Toronto.

Tears of joy trickled down the cheeks of Mrs. Wm. Chappelle, 140 Victoria street, this (Saturday) morning, says the Toronto Star, and she laughed with almost hysterical relief when a reporter brought her the glad news of the finding of her lost boy.

It was the first laugh she had had since the first missed the little fellow at noon yesterday.

Led by an older boy, Alfred Chappelle, aged 5, wandered down to the waterfront yesterday noon, and somehow slipped aboard the Macassa un-noticed. The boat was away out in the lake before the pair were noticed.

The parser of the Macassa cared for the lads, and on arriving at Hamilton turned them over to the police there, and the news was sent to the Toronto police.

In the meantime the father of the Chappelle boy was scouring the water from a vain search for his little son. He kept it up until midnight, when discouraged and exhausted, he returned to his home.

When the Star called at the Chappelle home this morning, the wet-eyed mother was surrounded by a group of neighbors, who endeavored to console her. The father was again searching for the boy.

The woman's joy knew no bounds when told where her son was.

"Oh, they've found my boy—my little Alfred!" she exclaimed. And then came a torrent of questions about the circumstances of his being found.

"He's my only boy. I'll never let him go away from me again," she said. "I could not close my eyes all last night. He is an old-fashioned boy, and I'm sure he would make himself at home wherever he was. But I always thought he was afraid of the water."

NO DAMAGE.

Stadacona Got Off and Is On Her Course.

Detroit, Mich., Oct. 24.—The big Canadian steamer Stadacona, which ran aground at Bar Point Thursday night, is reported out 22 inches forward and 16 inches aft. The tug Colton and the lighter Rescue are at work, and it is estimated 30,000 to 40,000 bushels of wheat must be lightered before the vessel is released. The Stadacona is owned by the Mackay interest of Hamilton, Ont., and she was built last winter at the Keesee plant of the Great Lakes Engineering Works.

Mr. A. B. Mackay received word today that the Stadacona had been released, and was on her way to Buffalo. It was found necessary to lighten her only to the extent of 20,000 or 25,000 bushels, and a close examination showed that she was not damaged at all.

PRACTISED AS OPTICIANS,

But They Are Accused of a Very Serious Crime.

C. N. Besant and Harry Sellers Are Under Arrest.

Charged With Procuring Women For Immoral Purposes.

C. N. Besant and Harry Sellers were arrested last night on a charge of procuring women for immoral purposes. They are supposed to be citizens of Toronto, but that is at present uncertain.

The police say they came here two weeks ago, from Toronto, and have been carrying on an optical business in a local drug store.

Prior to their being in Toronto they were in Montreal.

Their business as opticians was a legitimate one, says the local druggist, and he had no reason to suspect they were engaged in the iniquitous practice they stand accused of. The alleged procuring is said to have been carried on at night, and it is hinted by the police that the two men are agents for the white slave traffic in the large cities.

Sellers left the city last evening, when he heard the police were after him.

It was learned he was on a T. R. train that arrived in London at 7:10 p. m. The police were notified there, and Sellers was arrested on the arrival of the train there. He was brought to the city this morning and will be arraigned with Besant.

DEATH OF MR. A. PATERSON.

Veteran Member of Collegiate Staff Passes Away.

Mr. Andrew Paterson, the veteran of all the male members of the teaching profession in Hamilton, passed away at his home, 38 Grant avenue, last night at about 9 o'clock, after an illness of several weeks' duration, but which was not thought to be of such a serious nature until almost the end.

On the 7th of this month he was obliged to give up his classes on account of illness. Pneumonia developed, but, while it was known he was very ill, no one thought the end was near, and he passed away quite suddenly.

Deceased was born in Ramsay, county of Lanark, in 1847, and was a son of the late Andrew Paterson, a Scotchman who settled in Ramsay in 1818.

He received his early training in Carleton Place Grammar School, and at the age of 18 went to Toronto. He completed his Normal School training in Toronto in 1869, and later received his M. A. degree from Trinity College.

He entered the teaching profession at Innesville, but went west and taught in Bothwell, Kinross and Goderich.

In 1873 he came to Hamilton and taught the senior form in the old Central School for almost two years, being then appointed to the staff of the Collegiate, first as a room master, and then taking history and geography as a specialist. That position he held ever since. He was also professor of history in the Ontario Normal College from 1897 to 1907.

Mr. Paterson was an active and lifelong member of St. Paul's Presbyterian Church, of Barton Lodge, A. F. and A. M., of the various bodies of the Scottish Rite of Freemasons and of the A. O. U. W.

Mr. Paterson married a daughter of the late Mr. Robert Hopkins, who, with two daughters, Misses Grace and Drina, both at home, and one son, Dr. Robert Paterson, of this city, survives. He leaves also on son, Mr. John Paterson, contractor.

Personally, Mr. Paterson was a man of gentle disposition, kind and thoughtful, and he held the highest regard by all of the thousands of pupils who had passed through his hands.

The funeral will be held on Tuesday at 3:30, to Hamilton Cemetery.

INTO THE BAY.

Wm. Manning Met With a Mishap Last Night.

"Billy" Manning, McCormick's Hotel, the well-known local John, came very near a fatal end last night. He, in company with three companions, went down to the bay at the foot of Pictou street, about seven o'clock, intending to go out in a row boat. Manning would not go with the other three in one boat, and they went out and left him on the shore. In some manner he fell into the water, but managed to get out and walk three blocks, where he was found in an exhausted condition. The ambulance was sent for and he was taken to the City Hospital, and blankets and hot water bottles did him much good. His condition, when admitted there, was critical.

His own reward. The boy who never breaks his toys seldom gets any new ones.

Some girls never know which shade of hair they like best till they have tried them all.

BAPTISTS IN CONVENTION.

A BAD BOY

"Swiped" Quarter He Got From Girl For a Paper.

Helena Woods, a girl residing on Belmont avenue, Crown Point, had one quarter of a dollar stolen on Saturday, by none other than that indispensable unit to every newspaper office a news-boy, according to the story she told the police.

She tendered a 25-cent piece to a newspaper vendor, who was apparently about seven years old.

"Stay a minute lady while I go and get change," said the little itinerant.

That was the last she saw of him or her quarter. She told her story to Inspector McMahon at the City Hall police station.

A \$500 FIRE

In Two Chinese Laundries on John Street South.

Soo Hung, 193 John street south, of Mongolian ancestry, had a merry little blaze in his laundry last night about 9:30. A little jumbo stove got overheated, and set fire to the flimsy wall, and there was quite a flare up.

The flames spread from Soo's home building to an adjacent one of similar structure occupied by Isaac Gold.

The family were not up, and after loud knocking at the door, the boy's mother came down. She was surprised to learn what had happened, but her chief concern was to keep the news from father. She tearfully thanked the G. T. R. official for his consideration in not taking him to the police station.

On Saturday Constable Darroch was in town when the boy's father accused him and thanked him for his kindness, proving that he (the father) had heard all the particulars of the escapade.

THE WEATHER.

Toronto, Oct. 24.—The disturbance passed south of the great lakes during Saturday is now off the Atlantic coast, with indications that it will cause gales in the Maritime Provinces. The weather to-day has been fine and warmer in the western provinces; fair and cool in Ontario, and rain along the seaboard.

Lakes and Georgian Bay—South and southeast winds, with a little higher temperature.

Upper St. Lawrence and Ottawa—Moderate winds; fair and cool.

Lower St. Lawrence, Gulf and Maritime Provinces—Increasing northeast and east winds, with rain.

Superior—Southerly winds, fair and milder.

Western Provinces—Fine and mild.

FAREWELL TO CHIEF HEATH.

City Firemen Do Honor to Their Old Companion.

A presentation of a fine large travelling trunk and a fountain pen was made to Lieutenant Thomas Heath on Saturday afternoon by members of the fire department prior to his leaving the city to take up the chiefship of the Saskatoon fire department. The Central Fire Station has been the scene of many similar pleasant functions. The boys of the fire brigade in this city insist that no comrade shall leave them to go as a fire fighter in another city without some mark of their esteem and regard. Heath knew not what was in store for him when he was persuaded to be present at the Central Fire Hall at 2:30 Saturday. There were some of the boys from every station in the city there. Then the chief, in his usual good humor, was there with his two god-natured assistants, "Wall" and "Bob," followed by several city fathers.

It was the chief who made the presentation. He told Heath many nice things. He was sorry to lose such a good fireman, but glad another of his men was chosen to such a responsible position.

Ald. Clark, chairman of the Fire and Water Committee, also said good things about the efficiency of the fire department; spoke of the recognition it was receiving all over the Dominion, for when other cities wanted men as chiefs it is here they come. He wished Heath success, and so did Ald. Anderson.

Ald. Lees said he was up in the west this year and sat up and took particular notice of fire departments, but they can't touch Hamilton's. He said he saw Gilbert at Saskatoon, and saw many improvements he had instituted, so Heath would find things were not so raw for him when he got there. Gilbert had laid a good foundation.

Ald. Hopkins said he did not like to see men going from the city department, though it showed that they were good at the business.

Assistant Chiefs James and Aitchison spoke in behalf of the men, and if wishing will make their old chief's success and happy, his success and happiness are assured.

"Chief" Heath replied. He couldn't say what he felt, for he was too full of the feeling of appreciation to say many words. He was honestly grateful to all who had so kindly assisted him in making his old chief's departure successful and happy, his success and happiness are assured.

"Please sir, can you tell me what time the next train leaves for Guelph?" That was the question G. T. R. Constable Darroch was asked about five o'clock a. m. a day or two ago, by a lad about 10 or 11 years old.

"Do you want to go there, my boy?" "Yes, sir."

"Well, the next train for there goes at 7:55."

The constable looked the boy over thinking to strange that he should be so early, when he noticed a bill in the boy's hand.

"What have you in your hand, my boy?" "Money, sir."

On looking at the bill, the officer was somewhat surprised to find it was a \$20 bill. Thinking there must be something not just right in the boy's actions, he took him into the ticket office.

The boy then admitted he had stolen the money and cried pitiably and implored the constable not to arrest him. He was searched, and in a little tin box in his pocket was found another \$20 bill. The boy then told how he had got up in the night, stolen the money from a drawer in the house, and intended to catch the early train to the Royal City, as he had heard that city offered excellent advantages for an exhibition of a boy's spending abilities.

The young prodigal was held in custody till seven o'clock, the time that the constable went off duty. He was then taken to his home on Bay street north.

The family were not up, and after loud knocking at the door, the boy's mother came down. She was surprised to learn what had happened, but her chief concern was to keep the news from father. She tearfully thanked the G. T. R. official for his consideration in not taking him to the police station.

On Saturday Constable Darroch was in town when the boy's father accused him and thanked him for his kindness, proving that he (the father) had heard all the particulars of the escapade.

AGAINST GAMBLING.

Petitions protesting against race track gambling in Canada and urging that the evil be abolished were circulated in First Congregational Church yesterday at both services and largely signed. One of the petitions will be forwarded to the House of Commons and the other to the Senate.

M'BRIDE TO OUST BORDEN. B. C. Man Wants to be Leader of Dominion's Opposition. Supposed to Have Backing of Hon. Mr. Foster.

Mr. Fred Pardee to be the Chief Liberal Whip.

(Special Wire to the Times.) Ottawa, Oct. 24.—Mr. Fred Pardee, of Lambton, will succeed Mr. W. S. Calvert as Chief Liberal Whip for the Federal House.

It is understood at Ottawa that Premier McBride is going into the British Columbia election for the purpose of winning the Provincial Premiership for another man, probably Hon. M. Bowser. Mr. McBride is understood to have developed the belief that he has outgrown the Provincial field, and he is qualified for larger things, and is fitting for a place in the Dominion arena. A good many Conservatives are dissatisfied with the record of Mr. R. L. Borden. Mr. McBride has heard of this from no less important a source than Hon. George E. Foster, who is now in the West and who has been in communication with Premier McBride. If Mr. Borden should be called upon to form a government, Mr. Foster knows that he would not be given a portfolio. He is therefore willing to make an alliance with Mr. McBride.

The opportunity to displace Mr. Borden and put in Mr. McBride as leader of the Opposition at Ottawa with a seven thousand dollar salary and twenty-five hundred more in the form of indemnity will come at the Dominion Conservative Convention, which has been announced for next spring. It is regarded as significant that Mr. McBride did not decide to bring on the British Columbia election until after Mr. Borden had called a convention of Dominion Conservatives. Mr. McBride hopes to go to that convention with his province solidly at his back and feels that he will be in a position to command the support of a majority of the convention for his claim to the leadership. In the meantime he will be holding the British Columbia premiership as a seat-warmer for his successor who, it is said, will Hon. Mr. Bowser.

OBJECT OF CAMPAIGN. Clear Statement of Women's Needs by Men's Officers.

To the Editor of the Times: Sir,—We presume that all readers of the Times have seen the various items that have appeared in your valuable paper concerning the thanksgiving canvass for funds to be made on the four days beginning October 28, but we wish to address a word or two to them personally.

Those who have not already given to the building fund of the Young Women's Christian Association are urged to do so, and any who may not be ready to begin on the four days, should begin on the four days beginning October 28, but we wish to address a word or two to them personally.

Those who have not already given to the building fund of the Young Women's Christian Association are urged to do so, and any who may not be ready to begin on the four days, should begin on the four days beginning October 28, but we wish to address a word or two to them personally.

It is of great importance to the welfare of our city that it should have an up-to-date, well equipped Young Women's Christian Association building. The ladies, through years of labor, have secured pledges for \$36,000, which is about equivalent to the amount of contracts let; and \$15,000 more is required for the following purposes:

To pay off mortgage . . . \$ 5,500 To pay for lot . . . 1,250 For renovation of old building . . . 750 For interest and for shrinkage in the collection of subscriptions (including the \$36,000 referred to above) . . . 2,500 To furnish and equip the entire building, including gymnasium and other and unforeseen expenses . . . 5,000 \$15,000

Now, as to the new boys' building, our first and special appeal at this time is for the Young Women's Christian Association, but the assistance of any who have not already subscribed to the new building for the boys, will be greatly appreciated. We find that at least ten thousand dollars more will be required. Yours sincerely, Alfred Powis, chairman; T. F. Best, secretary.
