Employees of The Royal Stores

Honour The Memory of the Late Campbell Macpherson.

The employees of the Royal Stores met last evening in the gramophone room of the establishment and presented to Mr. Harold Macpherson, Assistant Manager, a portrait of his father, the late Campbell Macpherson, accompanied by an address which was read by Mr. W. F. Parsons on behalf of the employees. The deceased founder of the Royal Stores was loved and respected by his people, and they will ever hold the most pleasing memories of his cheerful handshake and kindly greeting as well as words of encouragement and approval. The presentation intended for his widow was now made to the son. It is a pleasing circumstance and one that enhances the value of the gift is that the portrait was painted by Miss Macpherson, sister of the late Campbell Macpherson and of Mr. Arch Macpherson, and the donors sincerely hope that the gift will still further tend to strengthen the amicable relations that exist in the firm and to keep green the memory of one so dear to the hearts of all who knew him. Following is the address:—

To Mr. Harold Macpherson, Assistant Manager of the Royal Stores, Ltd.: Dear Sir,

It was the sincere desire of the Employees of The Royal Stores, Ltd., whose names are herewith affixed, to perpetuate the fond memory of their late lamented employer and friend, Mr. Campbell Macpherson, your dear father, by presenting to his sorrowing, grief-stricken widow, a tribute of affection and love in the form of a life-size portrait of her departed husband, but an over-ruling Providence decreed otherwise, for within the space of a few short weeks we again stood beside the open grave to weep with you, over the loss of your dear, affectionate mother. Meanwhile, the work upon the Portrait had been begun, and has proceeded to completion, and, while it is impossible for us to carry out our original intention, we do wish to and herewith present, through you, to the family of our late employer, this Portrait as an abiding expression of the high esteem in which he was held by those whose privilege it was to work for a gentleman, whose practical sympathy and help was unmistakably manifested toward those who were about him. Presented on behalf of the Employees, by

W. F. PARSONS.

Medical Men Meet.

The gentlemen of the medical fraternity held a meeting last night and resolved to raise the scale of charges for attending sick people, commencing the new schedule on the New Year. Some of the doctors complained that the fees now charged were less than those prevailing among the doctors in Nova Scotia, and if the fees were not raised here there would be a possibility of them leaving St. John's and going back to Nova Scotia. The Canadian doctors present at the meeting said that the earning power of the people of St. John's was as large, if not larger, than that of the people of Nova Scotia and they all thought that the people of St. John's should pay the doctors higher fees. It was argued that the present rates were made 50 years ago, when only a few doctors practiced here. It was decided to form a Union for material benefit and to draw up a list of fees on the sliding scale as soon as the winter would set in. The new system prevails in England and works well. Every man must pay according to his rent. Following is the schedule:

Persons paying rental from \$10 to \$25—Ordinary visit, 2s. 6d. to 3s. 6d.; night visit, double an ordinary visit; midwifery, 21s.

Persons paying rental from \$25 to \$50—Ordinary visit, 3s. 6d. to 5s.; night visit, double an ordinary visit; midwifery, 21s. to 30s.

Persons paying rental from \$50 to \$100—Ordinary visit, 5s. to 10s. 6d.; night visit, double an ordinary visit; midwifery, 42s. to 105s.

Herring Fishery Reviving Again.

People who arrived here by last night's train from Placentia say that the Bay is teeming with herring of the largest size and best quality. They have recently come back in myriads this season to their old haunts, and the people of Barren Island, Sound Island and Woody Island are making big catches taking two-dory loads from a "fleet" of nets. For weeks past they have been hauling and plying up the fish, and all the people of the Bay would be at the work but they fear they could not sell what they take. Quite a number are now freezing the herring, and eight Canadian vessels are expected to arrive shortly for cargoes. It is now 12 years since the American vessels visited there. Hundreds of thousands of dollars worth of the fish could be taken if there was a means of selling them.

Cells Are Dangerous.

It has now been definitely ascertained that the man Wm. Neary, who broke his collar bone, sustained the injury while in the cells at the lock-up. As the cells are at present, there is always the danger of serious, even fatal, injury to inmates incarcerated there from falling about while under the influence of alcohol. The floors are of concrete and the walls of brick, the surface being uneven, and it is often noticed that men who are placed in them without a blemish on their faces often leave them to go before court with cuts and bruises showing on them, the result of contact with the walls. The plank beds there are also a source of danger, and the wonder is that more are not hurt in falling upon them. The possibility of accidents to prisoners gives the men on guard much worry, but they cannot remain in the cells with prisoners and are not in a position to avert such happenings. For the safety of prisoners the police say that the floor should be planed, the walls ceiled to about five feet in height, and that the present bed should be done away with. The cells are warm and covered with rugs, prisoners would sleep with more comfort on the floors and there would be less danger of accidents. Inspector General Sullivan has always instructed men to be very careful of prisoners, and undoubtedly they are, but while the cells remain as they are at present it will be hard to obviate accidents.

IS RAPIDLY IMPROVING. — The Norwegian, Francis Bjorn, who was stabbed in the abdomen, on the Benedict, a few weeks ago by a Spaniard named Benigno Diaz, is doing very well at the hospital, and his complete recovery we learn is now only a question of time.

MINARD'S LINIMENT CURES COLDS, &c.

I was cured of Inflammation of MINARD'S LINIMENT. MRS. W. A. JOHNSON. Walsh, Ont.

I was cured of Facial Neuralgia by MINARD'S LINIMENT. Parkdale, Ont. J. H. BAILEY.

Election of Officers.

The election of officers for the coming year took place at the Exchange Building last night, viz.: Chief Pat-riarch, J. C. Phillips; High Priest, J. Adrain; Senior Warden, S. Butler; Junior Warden, A. E. White; Treasurer, W. J. Long; Guide, G. W. Hierarchy. The installation ceremony that followed was very imposing and was carried out in a successful manner. Addresses were given by several of the members. A most enjoyable time was spent and all present will not soon forget the institution of Premier's Encampment No. 1 of the Independent Order of Oddfellows.

WATER SHUT OFF.—The Council's men were engaged last night making connections on Water Street with the mains, and the water supply was cut off from that thoroughfare from 6 to 10 p.m.

Pretty Wedding at Christ Church.

The second wedding in the history of Christ Church chapel took place Sunday evening. The Rev. Rev. L. W. Applegate read the beautiful service at about seven o'clock, when united Miss Annie G. Chislett, of St. John's, Newfoundland, and Theophilus Penny, of Trinity, Newfoundland. Standing with the young couple was the bride's uncle and aunt, Mr. and Mrs. M. LeDrew. After the ceremony the wedding party was driven back to the LeDrew residence, 669 Delaware Street, where all sat down to the enjoyment of a turkey supper.

The bride wore a beautiful gown of white muslin heavily embroidered and trimmed with lace. Her veil was caught in her curly brown hair with a sprig of orange-blossoms, and she carried a bouquet of bride's roses and lilies of the valley.

Miss Chislett came to Gary last April for a visit with her relatives and it was then that she met the young fellow countryman, Mr. Penny is connected with the Indiana Steel Company.

The groom's gift to the bride was a handsome gold bracelet. A number of gifts were received and congratulatory messages, among them a letter from the bride's mother, Mrs. Nicholas Chislett who was five days' journey distant.

The bridal table was decorated with flowers.

LAME BACK

To have a lame back or painful stitches, means disordered kidneys, and the sooner you have the kidneys and bladder in a perfectly healthy condition, the sooner you will enjoy life. As far as we know there is only one remedy that is guaranteed to cure you, and that is FIG PILLS. If they don't make you a strong, healthy person in two weeks, your money will be refunded. 25c. a box, at all leading drug stores.

members transferred to the parent Society.

On January 27th the Officers and Guardians with the Officers of the Adult Society attended the funeral of the late Rev. Dr. Howley.

The Society on August 15th held its annual Picnic at Smithville which event was a splendid success and the Guardians take this opportunity to tender on behalf of the boys our sincerest thanks to members of the adult branch, who helped to make it a success, and also the members of the adult band, who gave their service free for dance at night.

August 24th the Guardians in conjunction with officers of the parent society attended the presentation to His Grace the Archbishop.

The health of the Society is good, there has been nine members on the sick list during the year. We regret to report the death of 3 of its members. Martin Mahoney, Austin Oke and Jas. Knox, to whose remains the Society paid its last tribute of respect.

The Band is progressing favorably, under the tuition of Prof. Norris, we desire to thank Messrs. Billingsby, Fells, Walsh and Murphy for their interest they take in the band, and also for prizes they gave, to be awarded to members. We also take this opportunity of tendering on behalf of the members of the Juvenile Society to Messrs. Ellis, Coughlan and Hanley, for prizes to be given to the boy who would bring the most members during the year.

Signed on behalf of Guardians: JAMES J. MORRIS, Chairman. JOHN J. MURPHY, Secretary.

VERY ILL.—Master J. Barter, the five year old son of Mr. Jonas Barter, architect, is still very ill of meningitis and his recovery is doubtful. HERRING AT BONNE BAY. — Good catches of herring were made at Bonne Bay yesterday and Wednesday.

Juvenile Society's Annual Report.

T. A. Hall, Dec. 11, 1910. Mr. President and Gentlemen.—In presenting you with the 43rd annual report of the Juvenile T. A. & B. Society, we desire to congratulate you on the prosperous condition of that portion of your Society.

The Society in conjunction with the Adult society paraded the principal streets of the City on New Year's day calling on His Excellency Sir Ralph Williams, afterwards attending Mass at the Cathedral, calling on His Grace the Archbishop and clergy.

It is gratifying to announce a large increase in membership, 52 members add to roll during the year, and 7

When Sleep Fails You

DR. CHASE'S NERVE FOOD will bring rest, comfort and vitality by building up the nerves. Mr. Jas. Wesley Weaver, a veteran of the Fenian Raid, Fort Dalhousie, Ont., writes:—For years I was afflicted with nervousness and dread-insomnia, so that I never knew for three years what a full hour's sleep was, never more than dozing for a few minutes at a time. Heart pain and headaches almost drove me wild. I had spells of weakness and cramps in stomach and limbs. "Though I tried several doctors, I was money uselessly spent. Finally Dr. Chase's Nerve Food was brought to me and eight boxes cured me. I am simply wonderful what benefit has obtained from this treatment. Sleeplessness and headaches, warnings of approaching nervous collapse. You can positively remove the symptoms and prevent prostration paralysis by the use of Dr. Chase's Nerve Food. 50 cents a box, 6 for \$2.50, at all druggists or by mail from Bates & Co., Toronto. Write for copy of Dr. Chase's Recipes.

Hockey Association Fixtures.

The annual meeting of the Hockey Association took place last evening, all the clubs being represented. Mr. W. J. Higgins, the President, in a fluent address made reference to the work of last season, and spoke of the excellent financial condition of the Association as outlined in the Secretary's (P. M. Duff) report. The report having been adopted, the election was held and last year's executive was re-elected as follows: President, W. J. Higgins; Sec.-Treas., P. M. Duff. The fixtures for the season were then settled and are as follows:

St. Bon's vs. Victorias.
Feildians vs. Crescents.
St. Bon's vs. Feildians.
Victorias vs. Crescents.
St. Bon's vs. Crescents.
Victorias vs. Feildians.

The second round is similar to the above. Mr. Higgins consented to act as referee for the season, a fact which gave much satisfaction to all present. All the clubs will soon start practice and a good season is looked forward to.

Burned by Matches.

While a young man of the West End was lighting a match on a box, Saturday evening, the whole took fire and he was pretty severely burned about the hands and arms. He had to go to a doctor for treatment.

The accident to the man with the box of matches, reported in the papers on Tuesday, could not have happened if he had been using our famous local manufactured match. There are no highly dangerous explosives used in our matches. They are absolutely safe, will fire every time, and will light in the wind. HORWOOD LUMBER CO., Ltd. advised.

The s.s. Kamford sailed for Sydney at 4 a.m. yesterday to load another cargo of coal for this port.

The s.s. Beothic leaves here Monday for Sydney to bring a cargo of coal for this port.

A Choice New Year's Gift for a Gentleman!

Gillette Safety Razor

THE MODERN RAZOR. Twelve Water Blades. Twenty-four Sharp Edges.

The First Improvement Made in Razor Blades in 400 Years.

All men sound its praise, for it has solved the home-shaving problem, each blade giving from twenty to forty velvet shaves without the loss of a moment in stropping or a penny in honing.

\$5.00 each. MARTIN HARDWARE CO.
