BRISCOE, "The Car with the Half-Million Dollar Motor."

WITH FULL EQUIPMENT AND ALL CONVENIENCES.
Two-unit electric starting and lighting, long stroke 3 1/4 x
5 1/2 motor; magneto; four full elliptic springs with sofa-type
seat springs; Briscoe line body, with special Briscoe lustar-tone
finish; 10 1/2 inch wheelbase; complete equipment including one
man top, Bar top holders, tilted eye saver windshield, speed-
ometer, electric horn, electric dash lamp, electric headlights
with dimmer, oil gauge, gasoline gauge, ammeter, demountable
rims and one extra rim, tires 30 x 2 1/2 all around.
EX S. S. "ADOLPH" JANUARY 10TH.
One Briscoe Touring Car and one four-passenger Sports
Roadster. See them at THE GARAGE. Your own eyes will tell
you that it is unlike any other car in its size, power and weight
class. In appearance and finish we believe you will see in it
a welcome departure from the sameness of design and dress
which has heretofore marked the ordinary popular-priced cars.
Mechanically the car is tried and proven. You can shift the
gears of the Briscoe with your finger tips so easy are they to
mesh. The clutch takes hold without "grabbing" and engages
so effectively that you can move the car forward or backward
an eighth of an inch at a time if you desire. It is not necessary
that you throw your full weight on the brake pedal, just a slight
pressure and the brake takes hold.
The weight is evenly distributed so that the car is perfectly
balanced and stays on the road no matter what the speed. The
Bailey Gearless Differential eliminates side sway, skidding and
slipping. Naturally it requires no effort to steer the car.
Full line of Spare Parts by "Adolph". Prompt service is
assured.
Catalogue and specifications on request.
