He says there are hundreds of British officers there, mostly specialists. He states that General Denikine's troops are showing the greatest aptitude in aviation and in the working of tanks. Several ships with munitions arrive weekly. The greatest importance is attached locally to the efforts being made to effect a junction between General Denikine and Admiral Kolchak which it is generally believed will be accomplished. The officer in the course of the interview commented upon the good relations between the Turks and the Allies at Constantinople, where the committee of union and progress is now much in evidence. He trusted that the men of the Empire would make it one of their objects to maintain interest in the educational unity of the Empire. He was anxious to see a system of equality of education established throughout the Empire so that the Englishmen emigrating to the Dominions or a man from one Dominion settling in another part of the Empire could feel that wherever he settled his children would derive the benefits which education would afford. They had in this movement the germ of an all-Empire educational system and they should see that the movement did not waste itself in the sands.

It is largely used in hospitals for that condition, and in cases of Sleeplessness, Nervous Breakdown and Shell-shock, throughout the war "Ovaltine" has been included in the official standard parcel sent to invalid prisoners.

"Ovaltine" is a highly concentrated extract of the vitalizing and building up properties of Malt, Milk and Eggs, flavoured with Cocoa, and provides the most nourishing and sustaining food-drink possible.

During the whole process of manufacture "Ovaltine" is untouched by hand.

Don't judge Floor Covering by its price alone. Floor Covering at \$1.50 per yard isn't always cheaper than Floor Covering at \$2.50 per yard.

FOR INSTANCE

If the \$1.50 covering wears out in 1 year and the \$2.50 covering gives 3 years' wear, you can see that the \$1.50 covering actually costs \$4.50 per yard over a 3 year period, and is really costing you on this basis MORE than twice the cost of the Floor Covering which gives 3 years' wear and which cost you only \$2.50 per yard.

CONGOLEUM, the guaranteed Floor Covering, costs less in the long run.

Decide for yourself,—do you want a cheap imitation which you will need to renew next year, or do you want Genuine Guaranteed Congoleum which costs a little more, looks better and lasts longer.

A Unique Work.

A unique volume is about to be issued by Mr. P. J. Kinsella of the city who has had much practice as a local writer. The work to be published will be an Antiquarian Research into the strange and unaccountable stories that abound most of the firebrands in Newfoundland, and will include tales of Tradition, Superstition, Ghost stories, buried treasure, Pirate yarns and Folk lore. Ideas and articles have been collected from all over Newfoundland and certainly make a collection of "Queer" tales, and the book should be an interesting one.

Thousands of Seals.

James Moss, Master of the schr. Lady Williams, reports having passed thousands of old and young seals on ice and in the water when off Cape Bonavista, coming south. The seals were all working north. 80 to 100 schooners, some bound north, some south, were met off Cape Bonavista and neighborhood, and almost every schooner had a punt out with men trying to secure seals, but very few were captured. The young seals were just as difficult to get at as the

old. The sight was unusual and picturesque.

MINARD'S LINIMENT CURES DISTEMPER.

"If I Could Only Get Rid of These Headaches"

"GOODNESS knows, I have tried enough treatments for it. I think I have used nearly all the tablets and wafers and powders there are at the drug store.

"And what is the result? I am getting more run down all the time, and the headaches are worse than ever.

"Of course, they help at the time, save me a little suffering, but I have the headaches now oftener than ever before, and my nervous system has all gone to pieces.

"The doctor says my blood is thin, and that I do not get the nourishment from my food that is required to feed the nerve cells and keep up the vitality of the system.

"I have been reading about Dr. Chase's Nerve Food, and this letter from Mrs. F. G. Simmons, 42 Curtis street, Brantford, Ont., seems to about describe my case.

"I am tired of taking medicines for temporary relief, and am going to see if Dr. Chase's Nerve Food will not build me up and make a complete cure."

This is Mrs. Simmons' letter:

Mrs. F. G. Simmons, 42 Curtis street, Brantford, Ont., writes:

"For about eight years I suffered from anemia. My circulation was poor, my gums and lips were pale, and my hands and feet were always cold. I was nervous and unable to sleep well. I had frequent headaches, seemed restless and easily worried or irritated. There was a buzzing sound in my ears. Indigestion was also one of my complaints, and I often was attacked by weak spells. As nothing seemed to improve my condition, I went to a doctor, who told me I was anemic, and that the climate of this country did not agree with me. But as I did not get any better I decided to try Dr. Chase's Nerve Food, which I had heard a great deal about. After the first box I felt brighter and my headaches completely disappeared. I continued using the Nerve Food for quite a while, and now I feel better than I have since I came from Scotland eight years ago. I am quite well now, and cheerfully and gratefully recommend Dr. Chase's Nerve Food to people suffering as I did before I used this splendid medicine."

Dr. Chase's Medicines are sold by all Druggists and Dealers in Newfoundland.
