BANKERS WILL BE ON STAND TODAY

Messrs. Fraser and McMillan Will Give Evidence at Commission

MEMBERS RETURN READY FOR WORK

It is Probable it Will Last Until After the House Meets

Edmonton, May 16.—All is ready for the reopening of the sittings of the royal commission here tomorrow morning, and the chances are that its sessions will still be in progress after the legislature convenes May 26.

Justice Scott, Harvey and Beck, who comprise the commission, arrived from Winnipeg over the C. N. R. this morning, and Mr. Walsh and Mr. Johnston, his assistant, and Mr. R. B. Bennett, counsel for the Insurgents, arrived from Calgary tonight.

An Active Commission

The commissioners and lawyers have travelled 4,680 miles since adjournment was taken in Edmonton on April 27, and in approximately three weeks. This is probably a record breaker as far as a royal commission is concerned.

The Journey Worth While

Speaking tonight Mr. Walsh said he considered the trip worth while. In fact, he does not see how it could have been avoided. He regards the testimony of Contractor J. D. McArthur given at Winnipeg as the most important result of the trip.

CANADIANS WILL HAVE PART IN THE FUNERAL

Much Annoyance Because No Provision Made for Colonial Representatives

STRONG PROTEST MADE BY LORD STRATHCONA

The Colonial Office Received Very Severe Censure

London, May 16.—It is learned that the secretary drawing attention to the fact that the representatives of the overseas Dominions would not take part in the funeral of King George V. Lord Strathcona immediately protested with the colonial office and vigorously protested against such treatment with the British cabinet.

The Canadian office is closed today, and the Canadian office in London is severely taxed to task in view of the fact that representatives of the overseas Dominions are expected to express Canada's sense of loss and that such representatives were deserving of more consideration than they have received.

It is understood that the representatives of the overseas Dominions are expected to express Canada's sense of loss and that such representatives were deserving of more consideration than they have received.

Recruiting of forces will be resumed.

A GROUP OF DESIRABLE IMMIGRANTS FOR ALBERTA FROM THE OLD COUNTRY—Taken yesterday in front of the Calgary Immigration building. Mr. James Winn, Immigration Agent, is seen at the right in the picture.

MR. OLIVER EXPLAINS IMMIGRATION RULES

Nothing in the Regulations to Cause Any Worry At All

NO CHANGE YET IN REGULATION OF JUNE

But the Regulations Recently Passed Now Go Into Force

Ottawa, May 16.—At the cabinet meeting yesterday orders in council were put through which bring into force the regulations authorized by the Immigration Act of 1910. These regulations are mainly intended to restrict immigration, especially where the immigration is aided by charitable organizations, and they have been severely criticized in some quarters.

The attention of the Hon. Frank Oliver was drawn on Saturday to the statement of a London newspaper that "the more one examines the situation which has been created by the recent order of the Canadian Immigration authorities the clearer it becomes that Canada's immigration is not only the most liberal but also the most generous in the world."

ARMING A BLOW AT U. S. ALIEN LABOR LAW

Manufacturers Will Press Upon Congress the Need of Amending the Legislation

New York, May 15.—An important change in the immigration law which, if adopted, would have a direct bearing on the efforts of union labor to prevent the importation of contract labor, was recommended to the National Association of Manufacturers, which opened its annual convention here today.
