There is a bylaw against throwing waste material on the streets, but it does not seem to be respected. It is time there was a change. How easy it is to burn all refuse of this kind.

The Ladies Lend a Willing Hand—
Spoeches by Revs. W. J. Clark,
Walter Rigsby and
Wm. Walker.

The quarterly meeting of the Christian Police Association was held in the Y. M. C. A. parlors yesterday afternoon. One object of the association is to bring the Gospei and judging by the success attending the efforts of the promoters a deep interest is taken by all the members. The chief of the force, though not a member, is heartly in sympathy with the movement, as are the remainder of the city's protectors who are not already ecanacted with the society.

At yesterday's meeting something out of the fordinary routine was in store for those who were able to add pleasure to the proceedings by their presence. A number of the local cleigymen—Methodist, Presby terian, Congregational and Baptist—contelled in the response of the proceedings by their presence. important enough in itself to fully answer the question taken as my subject. That is because it is right. There is an 'onght' in life. Some things we ought to do; some things we ought to do. And I am sure there is no one here nor on this earth, but what knows there is such a thing as sin. It brings sorrow and trouble to homes; it breaks up friendship. In every case it is right to follow what is good. The second reason I would bring forward is that only through the serving of God is true joy of heart to be found. This I will say, that there is nothing in this vast universe in the way of Harry Palmer and Wm. Ford, two lads charged with celebrating Hallowe'en by tearing up aidewalk planks, were bailed to appear Friday at yesterd y morning's Police Court. Two east end girls, well dressed and comely, spent the night in the cells—drunk.

They were dismissed.
