Toronto April 19.—Drovers and buyers were far apart at the Union Stock Yards today, when it came down to a matter of prices, and the result was that the market was dull in comparison with a week ago. The difference lay in the fact that merchants Bank. many unfinished cattle were offered for sale, and added to this was the demand of the drovers for stiff prices, in many instances beyond those of last week. Buyers held firm and the effect was that "a drop of from ten to fifteen cents" Agricultural Loan. was not an uncommon report on the cattle, as the demand and supply of exporters are so much at variance.
