

CATHOLIC COLLEGE, STARTED AT ONCE

Bishop Fallon Announces Approval of Plans For New College.

CONTRACTS LET

The new half million dollar building for St. Peter's Seminary, which has been in contemplation since the war years, will be added to the University of Western Ontario group this year.

Rev. M. F. Fallon, Bishop of London, announced yesterday that the contracts were awarded some days ago and that they have been finally approved.

Picott & Healy of Hamilton, contractors, now engaged in the construction of Brescia Hall, the ladies' seminary of the Ursuline Sisters, on the northwestern outskirts of the city, are the successful bidders.

The extensive heating installation will be in charge of Bennett & Wright of this city.

Work Starts at Once.

The contractors have advanced to a stage on the Brescia Hall building that permits of an immediate commencement on the new seminary. Work will accordingly be undertaken just as soon as the weather permits. The contractors agree to have the structure ready for occupancy on June 1, 1926.

The site for the seminary, known to London followers of athletics as Sunshine Park, is located at the northeast corner of Waterloo and Huron streets, and runs north and east to the river Thames. The property comprises 55 acres.

The huge building will be erected on a high ledge 140 feet from the bank of the river and facing south-west. The campus will continue to be available for sports.

The building will be one of the largest and most beautiful pieces of architecture in Western Ontario, and has been designed in collegiate Gothic style to accord with the university group, with which the seminary and Brescia Hall are affiliated.

Four Stories in Height.

The seminary will be four stories in height with a central tower, which should be visible from a considerable distance on the Richmond and Adelaide street approaches to the city. Its exterior will be of Credit Valley variegated stone with Manitoulin Tyndall stone trim. The Tyndall stone will thus make its first appearance in this part of the Dominion and it is claimed will add much to the beauty of the new institution.

The seminary now has 44 students in training at St. Peter's Palace on Dufferin Ave. and at the former Labatt residence on Queen's Ave., which is now a department of philosophy.

The new seminary will have accommodation for 100 students and twelve instructors.

The new building will provide employment for a substantial number of men, and it is believed will give an impetus to London's 1925 construction program.

THE COUGH OR COLD THAT SETTLES ON THE LUNGS IS HARD TO GET RID OF

These are the kind that are dangerous; the kind that weaken the lungs, the kind that allow the germs of consumption to get a foothold in the system.

Mr. John E. Lulloff, Golden Lake, Ont., writes: "Last year I had a cold, and a cough which seemed to stick on my chest. I tried different preparations, but they did not seem to help me any. I was advised by a friend to try

DR. WOOD'S NORWAY PINE SYRUP

and when I had taken a few doses I began to feel that it was doing me good, so I kept at it and inside of a week I was relieved of my trouble."

"Dr. Wood's" has been on the market for the past 25 years; you don't experiment when you buy it; put up only by The T. Milburn Co., Limited, Toronto, Ont.—Adv.

QUART OF WATER CLEANS KIDNEYS

Take a Little Salt If Your Back Hurts or Bladder Is Troubling You.

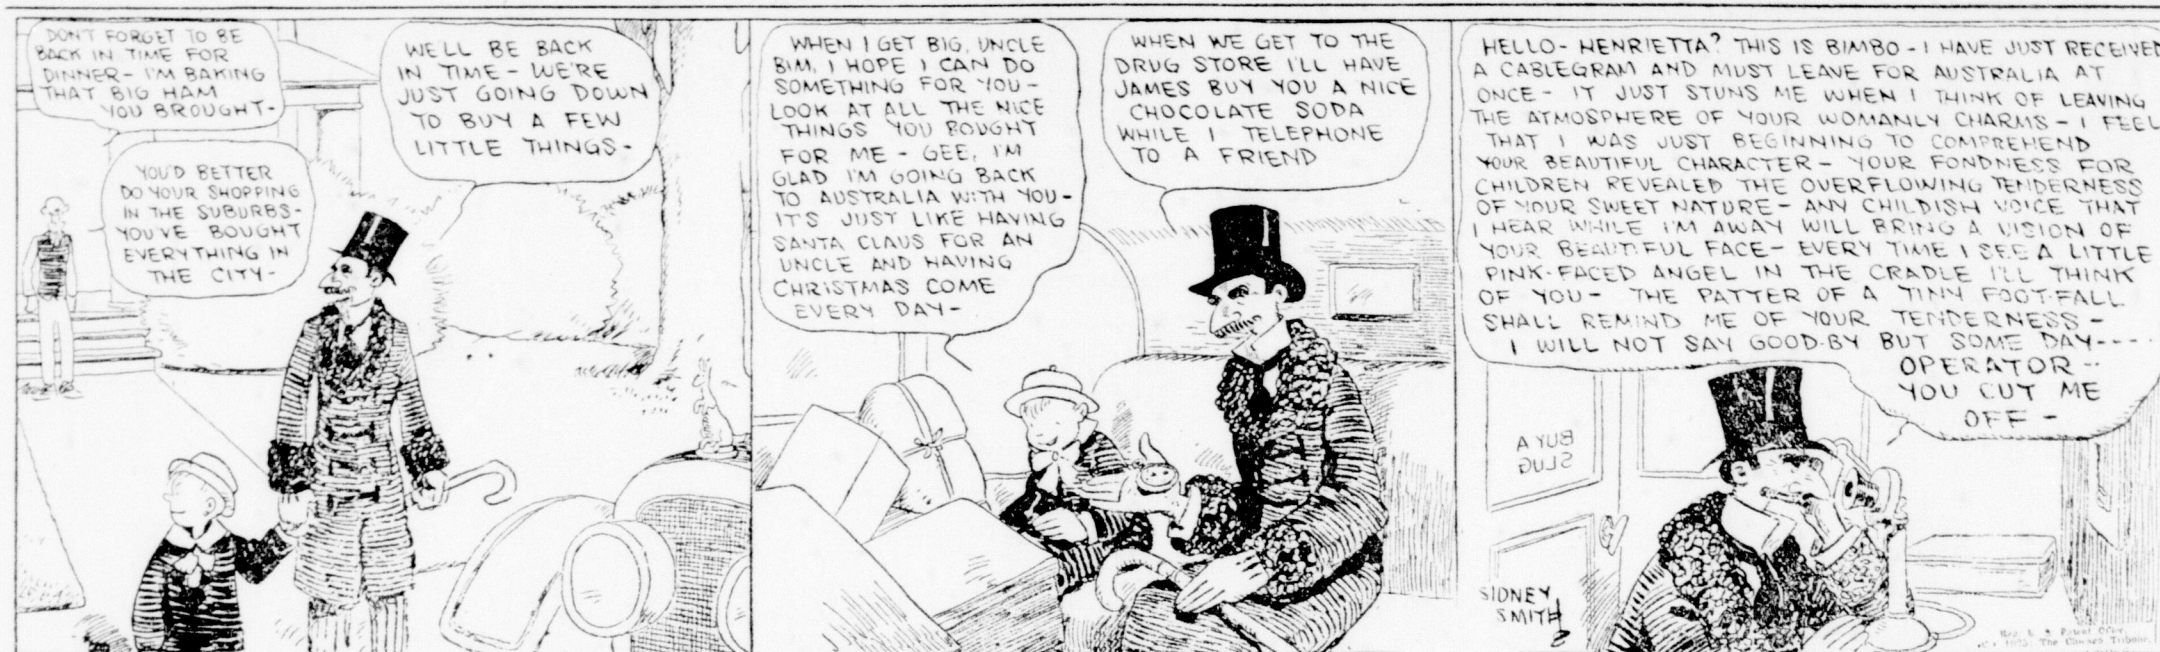

No man or woman can make a mistake by flushing the kidneys occasionally, says a well-known authority. Eating too much rich food creates acids, which excite the kidneys. They become overworked from the strain, get sluggish and fail to enter the waste and poisons from the blood. Then we get sick. Rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness, and urinary disorders often come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of searing, begin drinking a quart of water each day, also get about four ounces of Epsom salt from any drug store, take a tablespoonful in a glass of water before breakfast, and in a few days your kidneys will be clean.

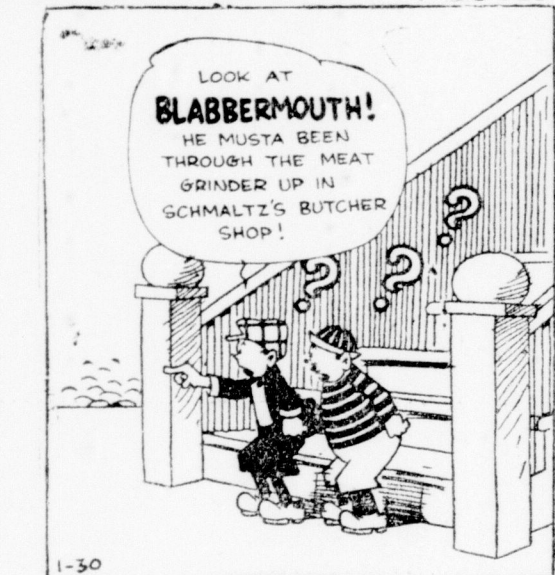

This famous salt is made from the salt of grapes and lemon juice, combined with lithia, and has been used for years to flush and stimulate the kidneys; also to help neutralize the acids in the system, so they no longer cause irritation, thus often relieving bladder weakness.

Just Salt is inexpensive; makes a delightful effervescent lithia-water drink which everyone should take now and then to help keep the kidneys clean and active and the blood pure, thereby often avoiding serious kidney complications. By all means have your physician examine your kidneys at least twice a year.—Adv.

ONTARIO, QUEBEC UNITE TO BLOT OUT BARRIERS

Leaders of Two Provinces
Gather at Quebec in Friendship Cause.

THE 'BONNE ENTENTE'

Speakers Urge Co-operation
and Tolerance in Dealing
With Problems.

Canadian Press Despatch.

Quebec, Jan. 29.—Ontario descended upon the ancient city of Quebec today. Delegates in their hundreds from all parts of the banner province invaded the city of the Champlain. They came, they saw, and in the matter of conquest honors were even. With all the charm and genuine, warm-hearted hospitality that Quebecers know so well how to extend, the citizens took their counterparts from Ontario to their bosom, and in a grand round of ceremonies and fetes, which crowded the entire day, they cemented still more firmly that "bonne entente" which finds Canada's two most populous provinces riding themselves of the superficial antagonisms of the past and drawing closer together in bonds of mutual understanding and mutual sympathy.

The Speakers.

At the parliament buildings addresses were delivered by the two lieutenant-governors, the two premiers, Arthur Sauve, leader of the Quebec opposition, Mar. McNeil, archbishop of Toronto, and others. "Those of us who had the privilege two years ago of being the missionaries to the home entente still remember the great reception which was tendered to them, the pleasant interchange of views and the hopes expressed that a better understanding between the two provinces would be the result," said Premier Taschereau.

Two years have since rolled by. Have we found them materialized? What messages are you bringing to us from your great province?"

"We are confident that it is one of friendship, goodwill and Canadianism. That there are differences of opinion and of points of view between our provinces is not to be denied. It is by facing these difficulties that we may be successful in overcoming them. Our presence in Toronto two years ago, your presence

WARDEN ARTHUR MUTTON.

Reeve of Mitchell, who was chosen warden of Perth county in one of the keenest contests in years. The vote was tie, with three in the field, and the reeve of Elms cast the deciding vote to break the tie. Warden Mutton is a native of Perth.

In Quebec today, our common motto, "Bonne Entente," shows very plainly that there is something wrong and that Canadian unity is still lacking in some respects.

There is one point, I believe, on which all will agree. In the difficult times that we are going through Ontario and Quebec must unite for the mutual benefit. We are the two great provinces of Canada. We are neighbors and have many common interests to protect and problems to solve.

"Who will deny that on fiscal policy we stand on the same ground? That our most difficult problems, transportation, mining, fishing, forestry, protection of our timber wealth against fire or other enemies, protection and development of our hydro-electric energy, succession

duties, are common to both provinces and should, in almost every case, be dealt with on similar lines. I am sure that Ontario and Quebec, if united in serving a common purpose, will exercise a preponderance of influence in our Dominion not antagonistic to any other section of the country but useful to the community as a whole.

UNIONISTS WILL LEAVE CHURCH IN ST. THOMAS

Knox Presbyterian Members
Hold Meeting and Reach
Decision.

Special to The Advertiser.

St. Thomas, Jan. 29.—The church unionists of Knox Presbyterian church, which went against the union by a majority of 404, decided at a meeting held in the Y.M.C.A. this evening, to leave Knox church at once for one of the Methodist churches which would enter the union after June 16. They will, however, retain membership in the Presbyterian church until the amalgamation date and continue to contribute toward the support of the church schemes so that the mission supported by the Presbyterian church would not suffer.

The meeting was attended by nearly 100 unionists of Knox church and many of them gave this as their course of action. Some of the speakers already attending to the Methodist or Union churches.

Some, who were most strongly in favor of leaving Knox church at once, were elders for many years and members of the church for a half century or more.

Only one at the meeting stated that although he was a unionist he would stay with the church and help its activities as before. E. C. Sanders acted as chairman of the meeting, while J. L. Coutts acted as secretary.

LOSERS FINGERS.

Special to The Advertiser.

Bothwell, Jan. 29.—George Brown of Euphemia township lost the first and second fingers of his right hand while cutting wood with a buzz-saw.

"WORTHLESS" SERUM PROVES GODSEND IN STRICKEN HOME

Associated Press Despatch.

Nome, Alaska, Jan. 29.—Epidemic-stricken Nome, fighting against the spread of hundreds of cases of diphtheria today with anti-toxin units five years old, was demonstrating to the medical world that aged anti-toxin, thought worthless after six months, retains its curative power for years.

Under the press of necessity, medical men here were forced to experiment with the old supply of anti-toxin, while dog teams were racing over 800 miles of snowbound trails, hastening to this town from Anchorage and Nenana with 300,000 fresh units.

Dr. Curley Welch, in charge of the forces fighting the epidemic, declared today good results were obtained from the use of the old serum.

Most of the deaths have been among Eskimos. Leonard Seppala, dog sweeper winner, left yesterday with a fast Siberian team of twenty dogs to meet relay teams from Nenana which are carrying 300,000 anti-toxin units sent from Anchorage by Dr. J. B. Beeson. Seppala has to drive 800 miles, going nearly 400 miles toward Nenana and then returning on the same route.

Fourteen votes were cast following the close of the meeting. W. H. Colwell is returning officer, with Hugh Greenwood as clerk. The result of the vote will be announced at a congregational meeting two weeks hence. The meeting tonight was largely attended, and a number of anti-unionists were among the number.

WIFE OF PELHAM REEVE CRITICALLY ILL IN HOSPITAL.

St. Catharines, Jan. 29.—Mrs. W. L. Horton, wife of the reeve of Pelham township, was brought to the general hospital in a serious condition from blood-poisoning, following an effort to save a valuable plant, which was encased in a china jardiniere. She tripped and fell while moving the plant to a warm spot, her hands being lacerated when the jardiniere broke, infection later setting in.

WALLACEBUR PASTOR QUILTS ON UNION ISSUE.

Special to The Advertiser.

Wallaceburg, Jan. 29.—In view of the keenness of the church union controversy in the Knox Presbyterian church, Wallaceburg, which has attained a very acute stage, the pastor, Rev. M. C. Tait, has tendered his resignation to the Chatham Presbytery. A spirited meeting of the anti-unionists was held in the Wallaceburg club rooms on Wednesday evening, but has, however, nothing whatever to do with the action taken by Mr. Tait.

At the congregational meeting tonight, it was decided to at once begin voting on the union question.

Farmer's House Burns To the Ground in Night.

Special to The Advertiser.

Sarnia, Jan. 29.—Last night during the sub-zero weather, Mr. and Mrs. Joseph R. Currah and family of Enniskillen township, were forced to abandon their home, which had caught fire from unknown origin. Members of the family entering the kitchen at the rear of the house, found it to be a mass of flames, which had gained too much headway to check. Only a small portion of the housefurnishings was saved.

Bricks Big Aid In Fur Robbery

Canadian Press Despatch.

Montreal, Jan. 29.—Three thieves early this morning hurled "muffled bricks" through two large plate glass windows in the store of Henry Morgan & Co. on the Union avenue side and escaped in an automobile with several valuable fur coats. It was stated at the store this morning that the coats were valued at about \$3,000. At the time of the robbery there were six watchmen on duty, all of whom declared they did not hear the window being broken.
