their decision to Mr. J. Hodgins, the solution inspector for the district. The award of the arbitrators is that Brockton shall pay Parkdale \$500, that Parkdale shall pay Runnymede \$300, and also Runnymede's last year's share of the clergy reserve fund. Brockton is to have Howard street school, which is within the limits of the village, and scume the payment of two debentures

and assume the payment of two debentures on the same as they fail due. The amount of the debentures is \$360. Howard-street of the debentures is \$360. Howard-street school will not be used for the present; but Mr. Howard, of High park, with the view of preserving the building as a school, offers \$400 to Brockton to secure this object. Brockton is likely to accept the offer and comply with the necessary conditions.

THE STUDENTS' CASE.

being

With regard to the quashing of the case or the students, Lonis Hawkesworth and William Wilson, City Solicitor McWilliams says : The conviction against the students was quashed, not on the ground of the il-iegality of the by-law, but on the ground that the by-law was not properly proved. The statute provides that the by-law should be proved by the preduction of a written or printed copy certified to be a true copy under the city seal and the hand of the city clerk and a member of the coun-cil. The signature of the member of the council was wanting on the copy of the by-law put in in this case, and it was conse-quently held not to have been proved.
