YONGE ST.
CHESTNUT PARK,
Residence Sir D. L. Macpherson.

The above property is only seven minutes further than Carlton street from the corner of King and Yonge Streets by street car. Carlton-street property, near Yonge-street, is now selling at \$100 a foot. The above property is now being offered at prices which allow very wide margin to the first purchaser. Being on Yonge-street, adjacent thereto, and being the first vacant property now in the market north of Queen-street, it must be entirely built over during the next year. Macpherson-avenue is already block-paved, sewered and thoroughly supplied with gas lamps and shaded by well grown trees. It is ready therefore for immediate building operations. That part of the property now offered is without an undulation, and an inspection will satisfy purchasers of its cheapness at the prices asked.

FOR SALE.
Jarvis Estate.

The valuable residence and grounds of the late Sheriff Jarvis, situated on the southeast corner of Jarvis and Wellesley-street. This property has a frontage of 120 feet on Jarvis-street by a depth of 210 feet on Wellesley-street, there being 100 feet clear of the house to the south on Jarvis-street, and 140 feet to the east clear on Wellesley-street, leaving the house with a lot 140 by 170 feet. The house is very large and thoroughly well built and in perfect condition with latest improvements, newly painted and papered; heated by hot water. Attached is a conservatory opening from the breakfast room; also a "hooking house and grapple". There is a brick stable and coach house. The lawn is beautifully wooded, and the garden, which is very large, is filled with the choicest fruit trees, shrubs and flowers, all in the best order. A belt of fine elm trees divides it from the adjoining property. Intending purchasers can view the place by applying for card of admission to the Executor's solicitor.

CARBOLIC SMOKE BALL.

This remarkable remedy—CARBOLIC SMOKE—has been used in the Eastern and Western States with the most gratifying results. It acts as a disinfectant upon all the mucous membrane where the air cells exist, healing them up in a short time. By experimenting in a thorough manner it has cured in nearly every case the most severe forms of Catarrh, Asthma, Bronchitis, Neuritis, Whooping Cough, Sore Throat, Erysipelas, etc. This Carboloc Smoke disinfects the poison in the mucous membrane of the head, throat, bronchial tubes and lungs, upon the same principle as Carbolic Acid would not open the diseased and poisonous air arising from a patient in a sick room. It is perfectly harmless, acting upon the poison that causes the disease. It is put up in "Little Balls," that can be used at home or on the street, in the office or counting room, with perfect ease.

I have been using the Smoke Ball for about three weeks, and am happy to say I am about cured. I can cheerfully recommend it to all who are afflicted with catarrh as a sure cure. Yours truly,
T. W. DAVIS, American Express Co., Union Depot, Toronto.
Gentlemen.—When I commenced using your Smoke Ball for catarrh, some three weeks ago, my head and throat gave me no more trouble than I was totally unfit for business of a morning. The symptoms have all disappeared, and I feel like a new man. You may use this if it is any benefit to you.
ALEX. W. TILLY, St. James Hotel, Toronto, Ont.
Gentlemen.—I procured one of your Carboloc Smoke Balls for my wife, who was suffering from a severe attack of acute bronchitis, so much so that she could not speak above a whisper. She was completely cured by the use of the Smoke Ball in five days. We cheerfully recommend it to others.
G. COLEMAN, Advertising Agent Toronto News, Toronto, Ont., June 3, 1887.
Gentlemen.—The Smoke Ball I procured from you has done me a world of good. It has removed those most excruciating pains that appeared to be located between the eyebrows and the jawing and unpleasant discharge of mucus have almost entirely ceased. I am sure if I give regular attention to the application of the Ball, my catarrh will entirely disappear. Very truly,
G. W. OSTROM, M.P.P., Carboloc Smoke Ball Co., Toronto, Ont., June 7, 1887.
Gentlemen.—I procured one of your Carboloc Smoke Balls ten days ago, for my son and daughter, the one afflicted with asthma, the other with catarrh. It is just what it is recommended to be. It has almost effected a cure in both cases. We recommend it to others.
K. MCKAY, Wall Paper, 224 King-street west, Toronto, Ont., June 8, 1887.
Since using your Carboloc Smoke Ball I have had the greatest relief I have had in three years. I have tried many remedies for catarrh and asthma, but yours has done me more good than all the others combined. I cannot speak too highly of it. It has removed the pain in my head from between the eyebrows. I cannot speak too highly of it. It has removed the pain in my head from between the eyebrows.
