Instead of hearing a deputation from the city of Kingston alone in regard to the running of street cars on Sunday, the Ontario Government has wisely decided to ask all cities interested in this matter to unite and present the issue jointly. Whether it is right or not to run street cars on Sunday is a matter about which there is a difference of opinion. But there ought to be no difference of opinion as to the injustice of a law that discriminates against one peculiar city.

Who fired Osgooby Building? Opening of the Investigation—The Elevator Boy Suspended For Both Sides—Will Be Crown Witness? In the Police Court yesterday the preliminary examination of William McMillan and Adolph Rosenthal, charged with firing the Osgooby building, Melinda-street, on Jan. 10, was commenced before Magistrate Denison.

Mr. St. John—I maintain it is material to me to have the statement of Rosenthal, who has told all he knows about the fire. The Magistrate—If the crown intends to use Rosenthal I think it would be better to let him first. Make up your mind whether you are going to use him or not.

A WORK THAT JUSTIFIES ITSELF. Those who have passed through the eastern channel and examined the improvements that have been made at the piers by the Dominion Government must be strongly impressed with the thoroughness of the work.

Witness continued—Rosenthal was there in the building at 6.15. McMillan was in. I will not swear it was the day of the fire. Duncan Bell was there.

Witness—He asked me who was there at the time. This was last week. Mr. Curry—What is the story you were in the building, and I told him Duncan Bell.

It is expected that the proposal of the Aqueduct Company to supply Toronto with water will come before the Works Committee for consideration to-day. The chief promoter seems to think he has got the city by the throat and he exultantly asks us what we are going to do about it.

It is by creating strength and purity that Dr. Pierce's Golden Medical Discovery cures consumption and other diseases. It makes one gain flesh, oily fat, but sound, firm, healthy flesh. Hundreds of patients have testified to its wonderfully beneficial effects in many diseases and especially in incipient consumption.

There is a large stock of 16 pages, full of these testimonials with portraits and signatures of the writers, can be had by sending 6 cents to cover postage to Wm. C. Cline, Q.C., R. F. Association, No. 663 Main Street, Buffalo, N. Y.

best system for us to adopt. If the gravity system has all the features to recommend it that the aqueducters claim, then there is no reason why we should hand over the franchise to a private corporation. A natural opportunity does not surely belong to one or two individuals, but is the heritage of the people generally.
