

THIS WEEK, NERVOUS MOTHER

Tells How Lydia E. Pinkham's
Vegetable Compound
Restored Her Health.

Philadelphia, Pa.—"I was very weak, always tired, my back ached, and I felt sickly most of the time. I went to a doctor and he said I had nervous indigestion, which added to my weak condition kept me worrying most of the time—and he said if I could not stop that, I could not get well. I heard so much about Lydia E. Pinkham's Vegetable Compound my husband wanted me to try it. I took it for a week and felt a little better. I kept it up for three months, and I feel fine and can eat anything now without distress or nervousness."—Mrs. J. WORTHLINE, 2242 North Taylor St., Philadelphia Pa.

The majority of mothers nowadays overdo, there are so many demands upon their time and strength; the result is invariably a weakened, run-down, nervous condition with headaches, back-ache, irritability and depression—and soon more serious ailments develop. It is at such periods in life that Lydia E. Pinkham's Vegetable Compound will restore a normal healthy condition, as it did to M. J. Worthline.

WATFORD, NOVEMBER 15, 1918

NOTE AND COMMENT

The Frankfort Zeitung says that Germany's most serious hour seems to have struck. Wait a while. The clock will strike again soon.—St. Louis Star.

It is not true that the Kaiser has reached the end of his rope. When he does that, his feet will lack four or five feet of reaching the ground.—Houston Post.

The New York-Chicago aerial mail will get under way about December 1st. If the postal airplanes are not equipped with limousine bodies, how'd you like to be the ice man?

New York Sun:—British casualties for only one week exceed 37,000, yet to read some of our news one might get the idea that Americans are doing all the fighting!

When the Kaiser says he will only extend his hand in honorable peace he misses the point. What he will have to do is to hold hands up until he can be searched for concealed weapons.—Philadelphia Press.

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrh deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. H. H.'s Catarrh Medicine acts thru the blood on the mucous surface of the system.

We will give One Hundred Dollars for any case of Catarrh Deafness that cannot be cured by H. H.'s Catarrh Medicine. Circulars free. All Druggists, 75c.
F. J. CHERNEY & Co., Toledo O.

"I will not abandon my sorely tried people," declared the Kaiser, but The Woodstock Sentinel-Review points out that he overlooks the fact that one reason why his people are so sorely tried is that he has not abandoned them.

"We have got to finish this thing now," is the sentence from a Vancouver boy's letter from Somewhere in Belgium, quoted in The Daily Province. "We live 6,000 miles from here, and cannot be coming back every ten years or so."

The war news is knocking the speculative element out of commodity values, many of which may decline from now on; but foodstuffs and other articles of general use will remain where they are for a long while yet, or make only a gradual decline. The world is short of supplies, and it takes a long course of months to grow wool and beef, and even wheat. Farmers will get good prices for their products for a good many years yet.

And now the milk dealers have boosted the price again. There's something decidedly wrong with this crazy old world. If the butcher and baker and candlestick maker and the lady who does the family washing weren't so darn "uppish," and could walk to the back of the lot instead of calling for their "flivers"; if the thousand and one useless extravagances of a pampered and ease-worshipping people were cut off, the H. C. of L. will soon disappear.—Dispatch.

The Brandon churches being closed owing to the influenza, the ministers sent little messages to their congregations through the Brandon Sun. Rev. J. G. Miller of St. Paul's sent the following.—"In the midst of our rejoicing and thanksgiving for the continued success of our fighting men, let us not be unmindful that the outstanding fact in connection with human life in this present day is the vast number of broken hearts on all sides. May our daily supplication dispose our hearts to soothe their affliction and relieve their necessities. May every one who has found the grace of Christ become a bearer of that consolation and cheer to others."

Asthma can be Cured. Its suffering is as needless as it is terrible to endure. After its many years of relief of the most stubborn cures no sufferer can doubt the perfect effectiveness of Dr. J. D. Kellogg's Asthma Remedy. Comfort of body and peace of mind return with its use and nights of sound sleep come back for good. Ask your druggist; he can supply you.

EVERYBODY'S DUTY.

Canada expects every Canadian to do his or her duty in this campaign. Half a billion dollars must be raised and there are only ten days more to do it in. The money can and must be raised. Thought of failure cannot be tolerated. The least that those who stay at home can do is to buy all the Victory Bonds they can and induce others to do so.

BACK UP THE BOYS.

"Double" is now the popular slogan is the campaign. Throughout the Dominion it is sweeping in a way that bids fair to accomplish surprising things. It is the spirit that wins, for it is the spirit that characterizes the boys at the front. Double up! The cause is a good one. It is worth every dollar we can lend.

BANKS WILL LEND.

In order to help out small subscribers to the Victory Loan the banks will lend subscribers, on the probable certainty of repayment within a year, up to 90 per cent. of the amount of the investment in the Loan. The rate of interest charged by the banks is 5 1/2 per cent. Repayment is to be made monthly and quarterly. These are much better terms than were granted last year.

There are over 425,000 Canadians overseas who will have to be kept for at least a year, even if peace were to come this month.

No one who looks at the casualty lists can do otherwise than subscribe every dollar possible to the Victory Loan.

The Canadians in France have set a high standard for those at home to reach in the Victory Loan campaign.

Canada must put every ounce of effort into the Victory Loan drive. Oversubscribing to the Victory Loan would have a wonderful effect on the Canadian Corps in France. It would be the best thing that Canada could possibly do.

How Many Crowns for Your Honor Flag?

Of course every city, town and district will earn its Honor Flag.

But how about the crowns?

For every twenty-five per cent. in excess of its quota, each city, town and district will be entitled to add a crown to its flag.

Can you do fifty per cent. better than your quota—that means two crowns for your Honor Flag.

But double your quota and it means four crowns.

Hang a Flag in your hall, that for years to come will show that your city, town or district did better than well—

That it was a real factor in the huge success of CANADA'S VICTORY LOAN 1918.

Issued by Canada's Victory Loan Committee in co-operation with the Minister of Finance of the Dominion of Canada

(166)

Your Thousand Dollar Victory Bond Will;

Buy 200 gas masks, or
200 pairs of soldiers' boots, or
450 bushels of wheat, or
500 steel helmets, or
1,000 pairs of soldiers' socks, or
2,000 lbs. of high explosives, or
4,200 lbs. of cheese, or
25,000 rifle cartridges, or
56,000 revolver cartridges.

Everything Canada has depends on the success of the Victory Loan. The \$500,000,000 wanted must be subscribed. The responsibility rests upon all to see that the money is raised.

Inventions Used In War.

The chief inventions used in the present war as distinguished from the Napoleonic wars are: Steamship, submarine, aircraft, high-power guns, smokeless powder, breech-loading gun, rapid-fire gun, revolver, automatic pistol, telephone, wireless telegraphy, automobile, poisonous gas.

Doubling the Output.

Australian women have discovered a plan whereby they knit two socks at once, and thus increased their output from 50,000 pairs a month to 76,000 pairs a month. The Red Cross women of Glencoe, Ill., have learned the trick and it is spreading.

Complete in itself, Mother Graves' Worm Exterminator does not require the assistance of any other medicine to make it effective. It does not fail to do its work.

The Lungs of Your Range

There is no flue system just like that of the Pandora Range. Before you buy a range learn about the Pandora method of heat distribution—it is the secret of good baking and of every kind of good work a good range should do. It is the lung system of the range.
