**GENERAL DEBILITY FOLLOWING INFLUENZA**

Strength Can Only be Regained by Enriching the Blood.

Following a wide spread epidemic of influenza, general debility is on the increase, and its effects may be noticed in the worn listless appearance of so many of the men and women you meet. Influenza always leaves behind it impaired vitality, and with the modern conditions of life that use up nerve force so rapidly general debility becomes one of the most common maladies. The symptoms of debility vary, but weakness is always present. There is poor digestion, languor, weak, aching back, wakening at night, often distressing headaches and a feeling of fatigue. These symptoms indicate impure and impoverished blood. It is significant of nearly every attack of influenza that it is followed by anaemia and debility.

For all such run-down conditions, new blood is the most reliable cure, sufferers should at once begin to make thin blood rich and red with Dr. Williams' Pink Pills. Under fair treatment with this medicine they will realize more and more the health-restoring influence of good rich blood; and how this new blood brings a feeling of new strength and increased vitality. Proof is given in the case of Mrs. G. Robertson, Wingham, Ont., who says:—"When the Spanish influenza spread over our town I happened to be one of the first attacked, and the attack was a very severe one, and worse still the after effects of the trouble left me in continuous misery. I had severe pains in my left side, felt low spirited, and with no ambition whatever. My head ached almost continually, my eyes felt heavy, and pimples broke out on my face. I was advised to try Dr. Williams' Pink Pills, and after taking them for a time I felt like my old self able to do my housework, and feeling well and strong. I can strongly recommend Dr. Williams' Pink Pills for the serious after-effects of influenza as I am sure they will restore all sufferers to good health."

You can get these pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.
