## MRS. B. H. HART SICK FOR YEARS

Wants Women to Know How  
She Was Made Well by Lydia  
E. Pinkham's Vegetable  
Compound

Cornwall, Ontario. "I am now giving your medicine a fair trial and it surely is doing me good and I am going to keep on taking it. I used to feel so tired in the morning that I didn't want to get up, but that feeling is leaving me now. I also sleep better and feel more like working. For seven or eight years I have had headaches, tired feelings, pains in my back and across my body. I read letters in the newspapers saying what good Lydia E. Pinkham's Vegetable Compound had done others. My husband says I quit too soon, but I am not going to stop taking the Vegetable Compound and Lydia E. Pinkham's Blood Medicine until I am better and haven't an ache or a pain. Isn't that the right way? I have great faith in your medicines. They must be good when those who take them speak so highly of them. I am recommending them to my friends and I will gladly answer letters from women asking about them." Mrs. B. H. Hart, Box 1081, Cornwall, Ontario.

Mrs. Hart wants to help other women and is willing to answer letters from sick women asking about the Vegetable Compound.

Nothing else cleans, sweetens and refreshes the entire system like pleasant, harmless candy-like "Cascarets". They never gripe, overact, or sicken. Directions for men, women, children on each box—drugstores.

## Healthy Hair Gleamy, Thick, Wavy —Full of Life

The constant curling and waving demanded by modern style in hair dress, slowly burns the color, lustre and very life from the hair, leaving it dry, faded, and brittle, streaked with gray; then the hair roots shrink and the hair falls out fast. Try this for one week! While combing and dressing your hair, moisten your hair brush with a little "Dandarine" and brush it through your hair—the effect is startling! Your hair immediately takes on new life and that healthy, youthful lustre becomes incomparably soft, wavy, and appears twice as thick and abundant. "Dandarine" costs only 35 cents a bottle at any drug store.

### THE ORIGIN OF BASEBALL

Ball playing in various forms has been popular among the Chinese and Indians for centuries. However, the proven fact that baseball, as we know it, is of American origin.

In 1907, at the suggestion of Spalding, a committee was appointed to investigate the origin of the game. This committee was composed of G. Mills, Arthur P. Gorman, J. Bulkeley, N. E. Young, Al. J. George, Wright and Jas. E. Spalding.

After thorough investigation, the committee reported that baseball had its origin in the States.

### DETROIT FIRM AIMS

**AT CHANGE IN COINS**

A Detroit concern has made representation to the finance department at Ottawa to retire the small five cent Canadian coin, and the large one-cent piece in order that Canadian coinage may be uniform with American money. This is for the convenience of money machines, slot machines, etc., and the company is anxious to start a factory in Canada for the manufacture of coin counting machines, being deterred only by odd Canadian money.

It has been found that the department has no jurisdiction over the retirement of coinage of any kind. Simplification of the situation lies with the banks of Canada, though the department of finance cooperates to the extent of replacing worn or mutilated Canadian coins by others of fresh mintage and modern design. The Detroit company has been notified that the small Canadian nickel and large Canadian copper will only disappear when they are worn and unfit for further circulation.

There are \$1,911,000 worth of Canadian one-cent pieces in circulation at present of which \$150,000 only are in the shape of the new small piece. Only one issue of the nickel five cent piece was struck off in 1921 and there are in circulation today only \$250,000 worth of these coins. There are, however, \$5,000,000 worth of five cent silver pieces—the small ones—out of a total of \$26,250,000 of Canadian silver. These also will only cease to exist through wear and tear of many years to come. Canada has already taken \$133,000 worth of worn or mutilated coin out of circulation. At this rate, it is possible to estimate it will be another 50 or 60 years before the small Canadian five-cent pieces give way entirely to the new coin.
