AYER'S PILLS,

A new and singularly successful remedy for the
cure of all Bilious Diseases—constipation, Indi-
gestion, Jaundice, Dropsy, Rheumatism, Piles,
Gout, Hemorrhoids, Scrophulous, Irritability, Inflamma-
tions, Headache, Pain in the Breast, Side, Back,
and Limbs, Female complaints, &c. &c. Indeed,
very few are the diseases with which Ayer's Medi-
cine is not more or less required, and such sick-
ness and suffering might be prevented, if a harm-
less but efficient Cathartic were more freely used.
No person can feel well while a course of bilious
disorders prevails; besides it soon generates serious
and often fatal diseases, which might have been avoided
by the timely and judicious use of a good purgative.
This is alike true of Cold, Febrile symptoms, and
Bilious derangements. They all tend to become or
produce the deep-seated and formidable distempers
which lead the learner all over the land. Hence a
reliable family physic is of the first importance to
the public health, and this Pill has been perfected
with consummate skill to meet that demand. An
extensive trial of its virtues by Physicians, Profes-
sors, and Patients, has shown results surpassing
anything hitherto known of any medicine. Cures
have been effected beyond belief, and they are not sub-
stantiated by hearsay of such exalted position and
character as to forbid the suspicion of imposture.

Among the eminent gentlemen to whom we are
allowed to refer for their facts, are

PROF. VALENTINE MOORE, the distinguished Sur-
geon of New York City.

DOCTOR J. HAYES, Practical Chemist of the
Part of Boston, and Geologist for the State of Mas-
sachusetts.

DR. L. MOORE, M. D., an eminent Surgeon and
Physician, of the City of Lowell, who has long used
them in his extensive practice.

H. C. SORRELLS, Esq., one of the first magis-
trates in New York City.

C. A. DAVIS, M. D., Surgt and Surgeon of the
United States Marine Hospital, at Chelsea, Mass.

Did space permit, we could give many hundred
such names, from all parts where the Pills have
been used, but evidence even more convincing than
the certificates of these eminent public men is
shown in their effects upon trial.

These Pills, the result of long investigation and
study, are offered to the public as the best and
most complete which the present state of medical
science can afford. They are compounded not by
the drugs themselves, but of the medicinal virtues
only of Vegetable remedies, extracted by chemical
process, in a state of purity and combined together
in such a manner as to insure the best results. This
system of composition for medicines has been found
in the Cherry Pectoral and Pills both, to produce a
more efficient remedy than had hitherto been ob-
tained by any process. The reason is perfectly ob-
vious. While by the old mode of composition, ev-
ery medicine is burdened with more or less of ac-
cumulated and injurious qualities; by this, each in-
dividual virtue only that is desired for the curative
effect is present. All the inert and obnoxious
qualities of such substances employed are left behind,
the curative virtues only being retained. Hence it is
self-evident the effect should prove as they have
proved more purely medicinal, and the Pills a surer,
more powerful and reliable remedy than any other
medicine known to the world.

As it is frequently expedient that any medicine
should be taken under the control of a skilful
Physician, and as he could not properly judge of a
remedy without knowing its composition, I have
supplied each bottle with a card setting forth the
Pectoral and Pills are made to the whole body of
Practitioners in the United States and British Amer-
ica. If these Physicians, who are the best judges of
what will do good, have not received them, they will
be promptly forwarded by mail to the address.

Practitioners, if they are anxious to know how
far would be taken if their composition was known?
Their confidence in their mystery. I have no
secret.

The composition of my preparations is laid open
to all men, and all who are competent to judge
of the subject, freely acknowledge their confidence
of their intrinsic merits. The Cherry Pectoral was
pronounced by scientific men to be a wonderful
remedy for the most distressing coughs, and many
eminent Physicians have declared the same thing of
my Pills, and even more confidently, and are will-
ing to testify that their antidotes were more than
realized by their effects upon trial.

They operate by their powerful influence on the
intestinal system, to draw out the morbid matter
into healthy action—remove the obstructions of
the stomach, bowels, liver, and other organs of the
body, restore their regular action to health, and
by correcting wherever they exist such derange-
ments as are the first origin of disease.

Being purely vegetable, and being pleasant to take,
and being purely vegetable, no harm can arise from
their use in any quantity.

For minute directions, see the wrapper on the
Box.

alytical Chemist, Lowell, Mass.
