

WHY WORKERS ARE POOR

SHAW MANWELL SPEAKS TO THE BODIES OF AMERICA

What Must Be Done in Order to be Liberated from the Present Conditions and Social Degradation. The Rich are Rich Only Because They Steal

I have no desire to indicate the depth of my sympathy, or my indignation towards the wealthy and possessive classes, for I have no doubt that they will do their best to do what is right and just. I shall tell you what I think must be done, and you can be blamed for your present industrial troubles and social degradation. But before doing so, it is better that I should make sure that you know what you are engaged in, and whether you believe that matters of this kind generally can be altered or corrected, and if it is possible for you to do so, and how you will do so.

It is in our present condition that I find the greatest cause of our poverty and degradation. The cause is not the fact that we are poor, but the fact that we are not allowed to be rich. The cause is not the fact that we are poor, but the fact that we are not allowed to be rich.

LABOR AND POLITICS

As the risk of being more than a day after the fact, I read your fine thoughts regarding the recent campaign and its results. I am glad to see that you are not only aware of the aims and objects of the workers of either party, but also of the interests of the people and the producers of wealth.

WHY WORKERS ARE POOR

I have no desire to indicate the depth of my sympathy, or my indignation towards the wealthy and possessive classes, for I have no doubt that they will do their best to do what is right and just. I shall tell you what I think must be done, and you can be blamed for your present industrial troubles and social degradation.
