

cents. Special terms in quantities to schools. Advance sample copies will be sent out to *SUPPLEMENT workers*. Address, THE SUPPLEMENT Co., Buffalo, N.Y.

EDUCATION, in a free country, is not a privilege, but a right, and every citizen has a right to the best.

PLEASE note that our special offer to secure new subscribers closes April 20. All new subscriptions must begin with this number—the first of Volume IV.

READ carefully the advertising slip which you find in this number.

In this day the youth of average abilities, turned out to earn his living with only the old-fashioned school equipment, has not been treated justly. He has received his little quota of text-book facts and rules, which he will soon forget, because he has never been taught to associate them with practical, every-day doings. He knows that 360 degrees make a great circle, but what a degree is for, and what earth or heaven wants of a great circle, he has never been taught. He knows that "a prime number is one which has no integral factors," but it doesn't seem to help him a bit in making change at the counter.

In January and February numbers we published the names and addresses of subscribers whom we take the liberty of calling *workers*. This month we add a few more names to the list. Advance sample copies of our publications will be mailed to all of those whose names appear in this list, and from time to time we shall mail them free copies of miscellaneous publications. Advance copies of "Manual of Correspondence" and "Graded Exercises in English" will be mailed at an early date. We hope that we will have a large number of new names to add to our list

next month. Below are the names of those who have favored us with clubs since the issue of our February number.

George Bigelow, Aultsville, Ontario.
