

UNIVERSAL INTEGRITY

Blood corpuscles of fullness, energy and integrity
are produced by the administration of

BOVININE

It is the live, luscious, arterial blood of the sturdy bullock, antiseptically prepared by cold process, and sterilized. After short administration observe the increase in the red cells and haemoglobin in the blood—proof positive of the healing, supporting and livening power of BOVININE. Use it in anaemia, consumption, intestinal and gastric irritation, and all impoverished conditions. Send for our scientific treatise on topical and internal administration, and reports of hundreds of clinical cases.
