ANY ONE who suffers from Dyspepsia undergoes slow starvation, for it matters not how much food is taken, nor how good it may be, if it is not completely digested and assimilated, depriving nutrition and impoverishing blood, with degeneration of the tissues, will result. It is this condition of insufficient nourishment that excites hereditary influences, and develops in the system that class of Chronic Wasting Diseases of the Consumptive and Scrofulous type, Tubercle of the Lungs, Enlargement of the Glands of the Neck, Eruptions of the Skin, Spinal Disease, Torpid Liver, Irritation of the Kidneys and Bladder, and Constipation, with headaches and nervous irritability, all have their origin in the one common cause—Indigestion. Any remedy that radically cures these diseases must reach their primary source—the Stomach. DR. WHEELER'S COMPOUND ELIXIR OF PHOSPHATES AND CALISAYA was especially devised to cure Dyspepsia, improve Nutrition, and promote the formation of healthy blood. No remedy in existence acts so promptly and so permanently in invigorating all the organs of the body. 5-4 if Printed and published by GEORGE E. DESBARATS, 1, Place d'Armes Hill, and 319, St. Antoine street, Montreal.
