

Libby's

GOOD
THINGS
TO
EAT

Two Large, Juicy Mince Pies for 10c.

What would they cost you to make at home? Probably three times as much, because you have so much waste.

Libby's Mince Meat

is made of the best of everything, and by more experienced cooks than can possibly be retained by private families.

Just Try It Once

That's all; only costs you 10c. for the experiment and you wouldn't take \$10 for what you learn. Ask for our booklet, "How to Make Good Things to Eat." It tells about all Libby's (Natural Flavor) Food Products, put up in convenient key-opening cans, and it is free. Send 10c., stamps, for Libby's Big Home Atlas. With 32 new maps; size 8x11 inches.
