FOR THE BOY OR GIRL

28 Cents a Day
for 6 Months

THE price of making either independent—self-supporting. Surely either is worth it.

For that price we throw open our entire school. Our staff of eighteen teachers and complete equipment is at the student's disposal.

We lay particular stress on the best teaching of the simple things. Addition, Spelling and Writing have caused us as much thought as our work in Chartered Accountancy.

It will really interest you to learn how we teach Spelling for example. May we send you, free, a description of our method?

We are just as ready to give you, free, a full outline of our course which prepares a student for the degree of C. A. (Chartered Accountant.)

Then we are sure that any parent will be interested in our method of handling our students.

We call the roll twice a day. We send you every Friday a notice of absence. We give each student a home study plan, as well as a time table for work in school. We put into your hands a continuous daily record of the student's progress. You have not to wait for a month to know how much work is being done.

May we send you, free, a copy of that report? Just to show you something of the system that obtains in our school.

You risk nothing but the postage stamp, and you will be interested, we know.
