

“It Plays for You” CANADA'S WONDERFUL NEW INVENTION

ART, Science and Industry have given to Canada this remarkable piano which will interpret and produce the music of the masters.

The Mæster-Art piano plays for you—or you may play it, either by hand or by the player method. The Master-Art piano is driven by electric power which does away with the pedaling—no physical effort is required.

With this wonderful piano you have in your home an instrument that will produce the music of the greatest composers—exactly as the artist would play.

The Mæster-Art is a *Williams New Scale Piano*, perfect for hand-playing.
