Lot 9 is owned by the Methodist Mission Board and is on the river level, 240 feet below the railroad grade. Note Lot 852 is within four blocks of station grounds.

WHY SHOULD YOU INVEST IN HAZELTON?

Because Hazelton will be a city—not a mere town. It has the geographical and strategic location of the

ULTIMATE MANUFACTURING AND MINING CENTRE OF THE LAST WEST

Even now—

HAZELTON is the centre of a mining area that includes not only gold and the precious metals, but the baser ones also.

HAZELTON is the only city in Canada which has anthracite coal equal in extent and quality to that of Pennsylvania.

HAZELTON is the first city east from Prince Rupert with a fine, dry and healthy climate.

HAZELTON has a large fruit and agricultural area directly tributary; apple orchards now in bearing.

HAZELTON is the head of navigation by river steamers from the Pacific Ocean.

HAZELTON is the point from which is projected a railroad to Alaska, and from which will radiate branch lines to various mining districts.

HAZELTON has the favored locations for sites for factories, smelters, sawmills, and it has the raw materials at its doors.

HAZELTON already has an established trade; it has been the chief outfitting point, with roads and trails to the interior; and the merchants of the old townsite—on an Indian reserve—are now getting ready to move in a body to the NEW G. T. P. TOWNSITE.
