

PERSONAL INVESTIGATION.

Many prominent medical men have personally investigated the INTERNATIONAL THROAT AND LUNG INSTITUTE and express themselves satisfied that the Physicians comprising the Staff are thoroughly qualified medical men; that patients receive the latest and most scientific treatment, and that the Spirometer, invented by Dr. M. SOUVIELLE, Ex-Aide Surgeon of the French Army, is really a valuable addition to Medical Science. Anyone suffering from Asthma, Bronchitis, Catarrh, Catarrhal Deafness, Consumption in its first stages, or Laryngitis, should consult the physicians of the Institute personally and be examined; if not, write for list of questions and copy of "International News," published monthly. Physicians and sufferers can try the Spirometer free. Consultations free. Address International Throat and Lung Institute, 173 Church Street, Toronto, or 13 Phillips' Square, Montreal, P. Q.

A HUNDRED MILLION DOLLARS

Are expended every year by the American people for their periodical literature, with very little idea of economy in the transaction, such as business wisdom dictates in the wholesale purchase of other commodities. The above offers give the individual purchaser the advantages of wholesale rates, with no agents or middlemen of any kind—the subscriber getting the whole advantage. The list given above is only an example of what we are prepared to offer to all who include THE CONTINENT in their lists. If you are going to take any of the periodicals named, or any others, submit your list for our estimate. It will defy competition. We are glad to answer inquiries. Let us know what you want.

SUBSCRIPTIONS TO THE CONTINENT and other periodicals may begin with any number of either. Be sure and state when you want each to begin. Remit by draft or money order. THE NEW POSTAL NOTES are just out and will be found very convenient in remitting odd sums of money. The above figures are "odd" enough; that is because they are figured down to the lowest cent for your advantage.

SUBSCRIBE NOW.

WHAT IS CATARRH?

From the Mail (Can.) Dec. 15.

Catarrh is a muco-purulent discharge caused by the presence and development of the vegetable parasite amœba in the internal lining membrane of the nose. This parasite is only developed under favourable circumstances, and these are:—Morbid state of the blood, as the blighted corpuscle of uercele, the germ poison of syphilis, mercury, toxomœa, from the retention of the effeted matter of the skin, suppressed perspiration, badly ventilated sleeping apartments, and other poisons that are germinated in the blood. These poisons keep the internal lining membrane of the nose in a constant state of irritation, ever ready for the deposit of the seeds of these germs, which spread up the nostrils and down the fauces, or back of the throat, causing ulceration of the throat; up the eustachian tubes, causing deafness; burrowing in the vocal cords, causing hoarseness; usurping the proper structure of the bronchial tubes, ending in pulmonary consumption and death.

Many attempts have been made to discover a cure for this distressing disease by the use of inhalents and other ingenious devices, but none of these treatments can do a particle of good until the parasites are either destroyed or removed from the mucus tissue.

Some time since a well-known physician of forty years' standing, after much experimenting, succeeded in discovering the necessary combination of ingredients which never fail in absolutely and permanently eradicating this horrible disease, whether standing for one year or forty years. Those who may be suffering from the above disease, should, without delay, communicate with the business managers,

MESSRS. A. H. DIXON & SON,
305 King St. West, Toronto, Canada,
and inclose stamp for their treatise on Catarrh.

What the Rev. E. B. Stevenson, B.A., a Clergyman of the London Conference of the Methodist Church of Canada, has to say in regard to A.H. Dixon & Son's New Treatment for Catarrh.

Oakland, Ont., Canada, March 17, '83.

Messrs. A. H. Dixon & Son:
DEAR SIRS,—Yours of the 13th instant on hand. It seems almost too good to be true that I am cured of Catarrh, but I know that I am. I have had no return of the disease, and never felt better in my life. I have tried so many things for Catarrh, suffered so much and for so many years, that is hard for me to realize that I am really better.

I consider that mine was a very bad case; it was aggravated and chronic, involving the throat as well as the nasal passages, and I thought I would require the three treatments, but I feel fully cured by the two sent me, and I am thankful that I was ever induced to send to you.

You are at liberty to use this letter stating that I have been cured at two treatments, and I shall gladly recommend your remedy to some of my friends who are sufferers.

Yours, with many thanks,
REV. E. B. STEVENSON.
