My dear Mr. Kerr:-

With reference to your letter of the 27th of January, it will afford me much pleasure to write to General Williams, whom I know very well.

I sincerely hope that if it is really necessary for you to give up your college course that you will find a position with the Police Force and have no hesitation in cordially recommending you. I may say that the authorities at the Presbyterian College are sorry you left.

With all good wishes, I am,

Yours faithfully,

Principal.
