The candidate and Robert Mackey were the chief speakers.

Robert Mackey stated that the abolition of the bar was the platform of the Liberal party. All other issues would be set aside, and the election run on temperance principles.

Alex G. Bruce promised his support to Mr. Rowell's policy in its entirety.

The chairman remarked that the convention was more in the nature of a temperance meeting, "Abolish the Bar" being the only issue before the gathering. The funds for the election would be subscribed by the electorate of the riding and arrangements made for a Liberal rally to be held at Markham at an early date. Mi. Rowell and other prominent speakers would be asked to deliver addresses.

A new departure for Miss Adele when, at rehearsal, Miss Blood lifted her voice and swing away into one of the tuneful melodies with which the offering has been liberally supplied. Miss Blood is gifted with a clear, sweet voice of surprising strength and range, and the fact that she was able, with but little or no preparation, to assume such a part is but another instance of her wonderful versatility.

trangement between the four former chums, and it is this that leads up to all the amusing situations and laughmaking complications with which the plece abounds. This will be the first time the comedy has been presented in Toronto, but it was received with great success last season in both New York and Chicago. As those who are patrons of the Bonstelle Players are well aware, that company is particularly good in light comedy. The sale of seats has been unusually large and all indications are that "Our Wives" will be witnessed by large and enthusiastic audiences. Matinees will be given on Wednesday, Friday and Saturday.

GRAND ENTERTAINMENT.

Empress of Ireland Benefit Fund. Judging by the hearty response on the part of the general public in purchasing tickets for the concert on June 11, in Columbus Hall, it will be a case of "standing room only." It is earnestly hoped that all who can will make a point of being present at the concert, and thus show their appreciation of the efforts of the many artists who are assisting to swell the funds of this very worthy cause. An excellent program has been prepared, and all who attend on that evening are sure of an enjoyable time.

MEMORIAL CONCERT AT SCAR. Last night a great crowd was at Scarboro Beach Park to hear the special memorial program by D'Urbano's Concert Band. The concert was a most impressive one, especially the solo numbers, and regular attendants at the park were of opinion that the program was the best that D'Urbano has yet rendered in the City of Toronto. The band will play twice daily this week, on Thursday evening, giving a special request program. Those who would like to hear how this noted Italian organization can play their favorites ought to notify Signor D'Urbano early in the week. The Cyclonians, in their novelty bicycle act, and the moving pictures in the open air will be other features in the entertainment.

SIR JAMES SAYS **HEALTH IS GOOD** 

Sorry to Observe Rowell's MILLS CHOSEN TO RUN New Method of Conducting a Campaign.

Sir James Whitney has given the following to the press: "My health is steadily improving, and as far as my judgment goes is in some respects perhaps better than it has been for a number of years. I observe, however, that this is not the opinion of the leader of the opposition, who is reported as saying at the Massey Hall meeting that the Conservatives are well aware that Sir James would never again be able to lead them in the house. Altho apparently the wish is father to the thought in his case, yet, I am sorry to observe this new method of conducting a political contest, introduced by the leader of the opposition. I hope the public will excuse me for mentioning this matter, but justify it on the ground of the remarkable course taken by Mr. Rowell."

There are 102 registration offices covering the city, and he had to do all his work ineight days in addition to which he has had to prepare the voters' list for the election. As there are several new ridings this has intalled a considerable amount of work, more especially on account of the broken conditions of some of the ridings.
