These were joined by Councillor Evans, whose knowledge of the west end and of the party in good stead. At the Scarlett-roads bridge it was thought that some repairs will render this bridge passable for a short time yet, but the Lambton one will, in the opinion of the engineer, require to be rebuilt during the coming summer. The visit was made in the nature of the regular spring inspection, but a special tour.

East Toronto, April 17.—A number of townspeople are mourning the absence of James Hall, who for some time conducted a watchmaking establishment on West Gerrard-street. Some time between Saturday night and Sunday morning Hall's effects were removed from his house to a G.T.R. car standing on the siding, and which later was despatched to Cobalt. The house was later locked up by the agent in charge of the property, Mr. McCullough, but some time yesterday, in the absence of the agent, the door was broken in, and a piano taken out presumably at the instance of the company owning the instrument. A number of accounts are said to be outstanding.

The funeral of the late John Walls took place from his residence on Stevenson-avenue on Wednesday afternoon and was attended by a very large gathering of friends and neighbors.
