LITTLE ENGLANDERS
MENTAL DYSPEPTICS

Canadians Ready to Take Up Arms
to Defend Empire, Premier
Tells Veterans.

The anniversary of the birthday of Queen Victoria was honored by a parade of the various organizations of veterans in the city, and the decoration with wreaths of flowers of the memorials erected to them around the parliament buildings.

At 10 a.m. sharp the Veterans of 1866, headed by K. F. Marshall; the Northwest Field Force Association, under Major Curran, and the South African Association, commanded by Sergeant James Kennedy, assembled at the armories and after forming in proper order, marched to Queen's Park, where they placed wreaths on the monuments to those who fell in the Fenian raid and the Northwest rebellion, and around the statue of the late Queen.

The park was thronged with spectators, as indeed were the streets along the line of march, and the ceremonial never brought out a larger crowd.

Prominent Men Present.
Among those who were waiting for the procession on the steps of the legislative building were Premier Whitney, G. P. Graham, leader of the opposition, Mayor Coatsworth, Ald. Graham, Ald. McGhie and Col. Farewell of Whitby. The last-named gentleman was first asked to speak. He called attention to the fact that the premier of the province had been a sergeant-major in the militia.

"You must tread in the path of your fathers," said Dr. R. B. Orr, who was next called upon, "and you will make Canada one of the greatest nations on earth."

Mayor Coatsworth assured his hearers that he would be happy if he could be assured that half a century later his works would be spoken well of by such an assembly as that that he was addressing.

No Country Like Canada.
Mr. Graham asked his hearers always to bear in mind what a magnificent thing it was to belong to an empire whose drum beats were heard around the world. The anniversary was that of one of the greatest and noblest women of all history, and the others who were being honored had been part in the upbuilding of the empire which she had so magnificently governed.

"We must teach our people," he said, in closing, "that there is no country in the world like Canada."
Rev. Chancellor Burwash, who, in spite of his peaceful profession, once bore arms for the country, declared that an occasion like the present was an object lesson to the whole people. He was glad to see such a fine national spirit growing up in Canada and it rejoiced him to be present, and to take part in a ceremony commemorating the deeds of those who had laid down their lives at Ridgeway, in the Northwest and on the far-off African fields.

Premier a Veteran.
Premier Whitney wore his 1866 medal conspicuously on his coat front. He believed, he said, that such associations would always be a guarantee that the people valued the privileges of the glorious liberty then possessed. The monuments to the soldiers were an evidence that the people would stand out to the last in the defence of the empire.

Speaking of the Little England party in the old country, he expressed the opinion that they were suffering from mental dyspepsia. There were no such people in Canada and he believed that

ROSES OF LOVE AND
THORNS OF WEDLOCK

The Experience of Thousands
Illustrated in a Single
Instance.

"In love's garden roses shake their golden bells when Cupid passes by, but the roses of love and the thorns of wedlock grow on the same bush. This lofty sentiment with its sad refrain, uttered by one of the world's brightest and sweetest characters, was strikingly illustrated recently in the case of one of the brightest young wives of Toronto, who after the death of her first-born was pronounced a hopeless tuberculosis subject. The case was greatly aggravated by chronic stomach trouble. A neglected summer cold was the originating cause. The distracted husband and newly-constituted father sought some remedy of consolation from the doctors. None came. A friend advised Psychine. In the absence of other hope he tried it. No doctors moved instead of a weakling the bride of yesterday, that beautiful wife and proud mother, with her sweet baby, daily accompanied 'Papa' down one of the fashionable streets of Toronto. Ask them how it all came about, and they answer, simply, 'Psychine!'

"Psychine! It is a duty to other mothers and other sufferers to tell of my experience with Psychine. One year has already passed since I discontinued taking these remedies, and there has been no return of my former trouble. Before taking Psychine my system became run down with lung and other troubles. I lost flesh and strength rapidly. It was as much as my life was worth to eat ordinary food. I owe my present splendid health to Psychine. Psychine is a wonderful throat, lung and stomach tonic and regulator. Cures summer colds and all run-down conditions. At all druggists, 50c. and \$1.00, or Dr. T. A. Stocum, Limited, 179 King-street west, Toronto.

very few people in the country would listen for a moment to a proposal to separate from the old land. The people were ready as one man, he thought, to turn out in defence of the country, and the fact that a sacrifice was not required at present.

"We must, remember, however," he continued, "that we have on our boundaries a nation which is not friendly." The people of the United States, he added, had been taught from youth up to dislike everything British and there was little love for Britain or British institutions in that country.

They Are Too Narrow.
Referring to the future of the empire, the premier said there was a great deal of speculation. The outlying provinces were calling out for closer relations, but the difficulty was that imperial statesmen did not seem to understand that imperial questions must be considered in their relation to the whole empire and not merely from the narrow home point of view.

1812 Monument Decorated.
The monument erected in Queen Victoria Memorial Park on Portland-street to the soldiers who fell in the wars of 1812-1814 was decorated by the Army and Navy Veterans' Association, under command of Major Collins. The veterans assembled at Occident hall. After the ceremony they marched to Queen's Park, where they placed floral tributes on the monuments to Queen Victoria and Governor Simcoe. The ceremonial closed with patriotic addresses by Major Collins, Chaplain John Nunn and other members of the association.

During the morning game at Diamond Park there were two incidents blazes beneath the grand stand, caused by firecrackers. Pitcher Fred Mitchell discovered them, and Utility Fielder "Jack" O'Brien scored two put outs, assisted by pails of water, without an error.

Football at Stratford.
STRAITFORD, May 24.—(Special).—The local defeated Waterloo in the W. F. A. senior series by 3-2. The line-up was: Stratford (G.-Goal, Bradshaw; backs, Hart and Sharpe; halves, Barry, Glass, Austerberg; forwards, Bruney, Preston, Hart, Keating, Tuck.

Peterboro and Lindsay.
PETERBORO, May 24.—(Special).—The Peterboro golfers, eight strong, played a friendly match at Lambton yesterday, the visitors being seven when the last man put in his card. Score: Peterboro, Stewart, 1; Austin, 0; Burnett, 0; Roger, 1; McDonald, 0; McMaster, 1; Stratton, 0; Wright, 1; Campbell, 0; Creamery, 1; Mathers, 0; Hart, 1; Allan, 0; Bertram, 1; C. S. McDonald, 0; Wallace, 1.

Great Short Stories.
"When are the great short stories of the English language?" queries Sir A. Conan Doyle in "Thru the Magic Door," appearing in Cassell's Magazine. "Not a bad basis for a debate!" This I am sure of; that there are far fewer supremely good short stories than there are supremely good long books. It takes more exquisite skill to carve the cameo than the statue. But the strangest thing is that the two excellences seem to be separate and antagonistic. Skill in the one by the means means skill in the other. The great masters of our literature, Fielding, Scott, Dickens, Thackeray, Balzac, have left no single short story of outstanding merit behind them, with the possible exception of Wandering Willie's Tale in "Red Gauntlet." On the other hand, men who have been very great in the short story, Stevenson, Poe and Bret Harte, have written no great book. The champion sprinter is seldom a five-miler as well."

CRICKET ON THE HOLIDAY
TORONTO RUN UP SCORE

Beat Trinity University by Innings
and 120 Runs—
Results.

The Toronto C.C. opened the season on Trinity campus on the holiday, defeating the student eleven by an innings and 120 runs. D. W. Saunders and Higgins were in fine form, putting on a century between them. In the two innings Butt took 5 wickets for 7 runs, Gillespie 4 for 3, Shearer 3 for 8, and Mossman 4 for 11. Score:

Toronto	Runs	Wickets
A. Gillespie, b Hughes	14	1

Aura Lee Lost at Ridley.
ST. CATHARINES, May 24.—(Special).—Aurora Lee, who won from Aurora Lee at cricket on Friday by the score of 54 to 4, Ridley went to bat first, and, with four wickets down for six runs, a bad start was made. The rest of the innings, however, was a fine display of resistance. Alexander got 21 in splendid form, and Lee, on 18, Shiri 13, and Burgess 10, all by good work. The total for Ridley's innings was 87. Aurora Lee got 41, of which Marsden (gro.) made 16 before he was clean bowled by Lee. Goodrich hit hard for 17, but the rest of the eleven could do little against the bowling of Lee, who

LARDER LAKE.
6 CENTS PER SHARE.

REMEMBER we sold 2,500,000 shares of Blue Bell in 30 days at 10 cents per share. We have 1,000,000 shares of Lucky Boys at 6 cents per share. It won't long.

We recently made a most successful flotation of the wonderful Blue Bell Gold Mines, Limited. We offered to investors half of the capital stock, amounting to 2,500,000 shares, at 10 cents per share. We stated to our clients and investors in general that the shares of Blue Bell were a great purchase, and that the amount offered would be fully subscribed. Our predictions in this respect were fulfilled—the full amount of shares offered have been subscribed for. We have had to return money and turn back many applications. Some of our clients and many investors were very much disappointed at not being able to obtain these shares.

We now offer what we believe to be an investment equally as inviting and one that is as good an investment and which will believe will prove equally as profitable. The LUCKY BOYS shares at 6 cents per share will come within the reach of many more investors on account of the price and also on account of not so large an amount of money being required to be invested therein in order to obtain some of the shares. We will say with every confidence that the One Million shares of Lucky Boys which we now offer will be largely over-subscribed.

We want to serve every investor the same and advise all who want to make a safe, profitable investment, and one that will make you many times the amount that you invest, to PLACE YOUR RESERVATIONS AT ONCE. We will file all reservations in the order received, whether received by mail, telephone or telegraph, and will hold all such reservations for a sufficient length of time to enable the remittance for same to reach us.

The Lucky Boys claims were staked last summer and were well selected. Gold-bearing quartz is found upon each and every claim. Some of the claims adjoin the famous Redlick claims; others adjoin the well-known Proprietary Gold Fields Company, and others adjoin the wonderful Blue Bell properties. We can advise investors truthfully that there are no better claims in the Larder Lake gold fields than those of the Lucky Boys. We do not believe it is necessary for us to go into as much detail regarding Larder Lake, its possibilities and resources, as we have heretofore done in our advertisements pertaining thereto. All Canada must have heard of Larder Lake—the new Eldorado of northern Ontario—and of its wonderful gold deposits.

Our own expert miners and mining engineers who are now in the field are sending out reports to us almost daily of the great gold finds that are being made and of the wonderful extent of the gold veins and their remarkable widths. Mining men of experience and mining engineers of reputation and standing declare that there is nothing in the world that has ever been known to excel what is found there in the great lodes that lie open and are exposed to the surface, many feet in width and extending for miles.

The gold which is found at Larder Lake is most marvellously and equally distributed throughout the quartz. Of course it is only guess work at this time for anyone to say what quantity of gold will be taken out within the next year or two, but it is in safe, from present indications, to count upon many millions. Cobalt is a wonder and has made a number of millionaires in the past three or four years, but the number of millionaires that will be made in Larder Lake gold district within the next year will be many times that which Cobalt has produced. There are many men today who have not more than several hundred dollars, or perhaps less, who will possess within the next year as many hundred thousands as they have hundreds of dollars to-day. The production of gold last year exceeded FOUR HUNDRED MILLION DOLLARS. Somebody got this money. Most of it went to the people in Larder Lake NOW, they will reap great profits. Many millions will be

returned to those who have the courage and the judgment to invest their money now in Larder Lake. The secret of profitable investment in any enterprise is the careful selection of a brokerage house which will first go to the pains and expense of finding out for an absolute certainty if the proposition they offer is reliable and has merit, and LAW & COMPANY HAVE DONE THIS and our facilities are such as to keep in close touch and know the actual conditions surrounding the properties which we advertise and recommend. We do not claim to have the only gold property in the Larder Lake district, or the only one that has merit. We do not claim that we are the only brokerage firm that is honest and reliable. We do not caution you not to buy other shares or of other brokers. We are not trying to build up our own reputation upon the ruination of others, but by upright, straight-forward business methods.

WE DO CLAIM, however, that we are sincere in what we offer—that we are honest and reliable, and that we have used every method and have obtained reliable information from the Larder Lake district as to its being a substantial gold field. We are satisfied that the Lucky Boys property is a good, safe investment, and one that will prove highly profitable. We know that the gold is on the Lucky Boys property, and we know that it is a very easy and a very simple matter to extract the same—that it is free milling ore, and that all that will be required is to place the machinery upon the properties, and we believe the results therefrom will pay millions of dollars in dividends to stockholders.

6 CENTS PER SHARE
Remember that we have but ONE MILLION shares of the Lucky Boys to offer at 6 cents per share. This is not half the number we have offered in the past, and does not represent a total investment of one-fourth the amount to bring about an over-subscription.

We therefore urge IMMEDIATE ACTION by all those that failed to be in time to secure Blue Bell, and we further advise that investors should have no hesitation whatever; that Lucky Boys is absolutely as good an investment in every way as any Larder Lake mining company, regardless of price, location or results obtained.

The Directors, Officers and Management of the Lucky Boys are among the most successful mining men in Northern Ontario—men whose standing and reputation are beyond reproach—and every investor may feel assured that their interests will be looked after by these gentlemen properly and in a thorough and businesslike manner.

The entire country is waking up to the wonderful opportunities offered in the Larder Lake gold district. The opportunities offered now to make safe and enormously profitable investments will have passed within a very short time. Men representing millions are in the field looking over properties and making bids. The opportunity offered now of buying Lucky Boys at six cents per share will undoubtedly be the last chance that investors will have of getting in on the very rock bottom, in the very heart of the wonderful Larder Lake district. It should be remembered that these properties are just as valuable as Blue Bell, and are in every way as good as much gold in sight, and are in every other way as good as the properties of other companies whose shares are selling to-day at \$1.00 and \$1.50 per share. We sincerely believe, and have every reason to make the assertion that Lucky Boys, which can be purchased to-day at six cents, will in a very short time be selling at \$1.00 or more.

Wire or telephone orders at our expense. Prospectus, with full information, containing application blanks, mailed to any address.
