Inspected Two Theatres.

The Princess and Shea's Theatres were yesterday inspected by the members of the Fire and Light Committee, accompanied by the Fire Chief and Architect McCallum, and conferences had with the lessees in reference to the proposed alterations and improvements.

Both playhouses were found in much better condition than was expected, and the proprietors expressed themselves as being quite willing to carry out the recommendations providing for the public safety.

Plans will be hung in every firehouse to enable the firemen to obtain a knowledge of the interior of all public buildings.
