

different fields of the world, more especially from Honan. The meetings thus far have proved a success, the members taking an active part in the work.

This winter there has been a good deal of sickness. Many applications have been made to us for help in securing situations; we have been able to do little in this respect, but many worthy cases have been helped. Had the winter been more severe, great destitution would have prevailed. We take this occasion of thanking the Session of Crescent Street Church for twenty dollars as a relief fund, and Mr. David Morrice for donations of flannel and underclothing.

It is with regret that we state that Mr. Tener, for two years with us in the work, resigned in the month of August: he was most successful as a worker, and was always a welcome visitor to the homes of the people. Mr. J. W. McLeod, student in third year theology, has taken up the work for the winter.

In conclusion, we acknowledge our gratitude to God for being permitted to labor for another year in His name.

Respectfully submitted,
