SWINBURNE.

The people here in Hamilton want to know why the murdererof the policeman a few years ago has never been unterthed. Somebody in Hamilton knows who killed him, somebody has protecting to protect their invested capital and to maintain the enterprise in tall and to maintain the enterprise in the contains a provision who had been friends of theirs in regard to public franchises.

The English newspapers pay the highest tribute to Swinburne as, with the exception of Meredith, the last of the United States and the United States rely on their isolation and immense expenditure on naval and coast protection. China, it is universally recognized, has awakened and the other great poets. Maurice Henry is about to become, like Japan, one of the great military powers. That the

In the case of Toronto the agreement wery well look into this matter of the murdered policeman. with the street railway company was | As to the murdered girl, there is no presumed to define in unexceptionable doubt now who the murderer was, and form the relative position of the city one. All the talk of the strange man and the franchise holders. It was un-derstood to provide that the city should ary citizens of this place, who expect have right to control its leaseholders makes a finding immediate action will as regards routes and extensions, and be taken it was just as implicitly believed than An examination by medical an efficient service would be maintain- mental disease experts will easily loed right up to the termination of the franchise grant, when, if the city so vestigation. resolved, it had the right of acquiring Ethel Kinrade is in sight and can be the plant and equipment at its then value as fixed by arbitration in the event of difference over the amount. policeman never been unearthed? An arrangement of this kind is perfectly fair and reasonable, and, carried out according to its intent and effect LIBERAL VIEWS OF THE PUGSLEY as accepted by the parties at the time, could have run to its completion without difficulty or dispute. But this has not happened. The plain meaning of suit of Mr. Pugsley, says among other the agreement has been set aside in favor of a judicial interpretation of the Pugsley's, provincial antagonists document, which, whether technically correct or not, entirely ignores the correct or not, entirely ignores the parties. original bargain between the parties.

Private operation of Toronto transportation service up to this point has Mr. Pugsley. The latter declares the failed to secure for the general body of the citizens, and particularly for the outlying sections of the city, the bene- important items from the totals. It is fits which the council at the time considered it had gained for them. Now the people are finding out them. Now the people are inding out that private operation fails them in an for a recovery of the \$134,000. The New even more important way. The street Brunswick Government must accept even more important way. The street this recommendation. The whole matrailway company's franchise has twelve ter will therefore be submitted to the years more to run, and already the calm scrutiny of the courts, where even a Liberal may hope for justice in New franchise is extended there can be no Brunswick. improvements in the service, and no ceed in depriving the province, during the investigation, of the services in the extensions to the outlying districts and pominion Cabinet of one of the ablest the company of the c the new areas that are being included. So that it comes to this, that once a What will that profit them? city has parted with a valuable fran- probably flatter themselves that they chise gratuitously save for the condition of proper service, it cannot rely upon getting that service or necessary extensions during more than the last third of the franchise term, except on conditions which involve the withdrawal of the city's right to resume | well-equipped public man." the franchise at the expiry of its agreearticle. It suggests resignation to Mr. Pugsley. The most unkindest cut of all. Probably The Globe thinks Mr. Pugsley should resign. Possibly Mr. Pugsley is not resign. ment. In other words, the claim is in able franchise is given, the city has tied itself up to continuous renewals under penalty of suffering from ineffi- ment already too much disturbed. ient and limited service for ten or a lozen years. This is tying up municipalities indeed, and it shows clearly enough that private ownership and Ottawa last night: operation of public franchises is not only a failure, but a menace to the
