HOTELMEN RAISE RATES HALF A DOLLAR ALL ROUND

Will Adopt European Plan of Pa for What You Eat and Chase "Beats."

At a meeting of the Hotelkeepers Association of Toronto last night at the Queen's it was decided that a raise in rates of 50 cents a day all round would be to the advantage of the trade, and the new card will be put into effect at once.

Eleven of the leading hotels of the city compose the association. The members considered the great advance in the price of foodstuffs and the improvements that have been carried out in the hotel buildings and furnishings in the past few years with no corresponding advance in the charges for accommodation and there was a unanimous feeling that they should be get-

ting more money.

The question of adopting the European system (pay for what you get), war also up for discussion, and it was agreed that it should be adopted. This change will not take effect till This change will not take effect till the spring. Four Toronto hotels at present give their guests the option of two plans, the King Edward, Rossin, Arlington and Grand Union, but the European plan is favored as being satisfactory to the hotel teeper and fairer for the guest, who, under the American system of paying a nat rate for room and board, may be called to remote parts of the city during the day and get only a part of what he day and get only a part of what he pays for.

How to get rid of the beat was a
