

REPORT OF LADIES' AID SOCIETY.

In presenting the Fourteenth Annual Report, your Society has held twenty-one meetings during the year, with an average attendance of nine.

Last Spring we worked for the Infants' Home and Diet Dispensary, and on reassembling in the Fall, for the Day Nursery, sending to each large parcels of suitable clothing.

The Christmas-boxes were next in order, and two good, hardworking ministers have been helped and cheered by substantial evidence that they were not forgotten in their quiet corner, where they are doing such good work for the Master.

Letters have been received, expressing great appreciation of our thoughtfulness, and telling us how much needed and how welcome our gifts were. It seems to us that this work is one that appeals very strongly to all who know anything of the privations of the Home Missionary.

A parcel of clothing was sent to a former member of our Church, who is now living in Muskoka.

Last year, our Society was asked to furnish two rooms in the Protestant Hospital for the Insane, at a cost of fifty dollars. We appealed to the Young People's Society to help in this matter, which appeal was promptly met by a concert on the 21st of February, under the management of Mr. Reyner, which was very successful, both musically and financially. We wish to record our gratitude to the Young People and Mr. Reyner, for so kindly taking the burden on their shoulders, and feel that our Church is to be congratulated in having such a bright band, ready to help in every good work.

The prayer meetings have been well supported, and if it was known what pleasant half-hours we have, many more would avail themselves of the privilege of being present.

Several times during the year, the ladies have been moved to call the attention of the Trustees to one or two things anent the Church, that had escaped their notice, and wish now to tender their most sincere thanks to these gentlemen for the very prompt and courteous manner in which their wishes were met.

The usual collections have been made for the Industrial Rooms Bazaar, Sheltering Home, Young Women's Rooms, Women's Board of Missions.

The whole respectfully submitted,

ANNIE W. S. BROWN,

Secretary-Treasurer.

 REPORT OF YOUNG LADIES' MISSIONARY SOCIETY.

Our seventh year as a Missionary Society has in many respects been full of encouragement. Especially do we rejoice over the newly-awakened interest among the young ladies, in consequence of which our hearts and our numbers have been greatly strengthened, the average attendance
