A PLATE YOU CAN EAT WITH, HELD IN POSITION BY OUR NEWLY IMPROVED QUADRUPLE ATTACHMENT. People don't want artificial teeth to carry around in their pockets nor keep at home in their bureau drawer so they will know where to find them when the door bell rings, they want teeth for service.

If you have a plate that no dentist has been able to make fit, why not try our new teeth? They are so natural in shape, color and the expression they afford to the features as to defy detection EVEN BY A DENTIST unless closely examined. Our new attachment holds them as solid almost as though they were riveted in the mouth.

**POLICE COURT**

Monday Morning Docket Contained Some Interesting Types Today.

That the recent edict from Police Magistrate Ritchie threatening wife beaters with the lash and the extreme penalty of the law, imprisonment without optional fine, has encouraged ill-treated wives to seek the intervention of the police was again attested to in the police court this morning when Samuel Lackey, an employe of York Cotton Mill, pleaded guilty to assaulting his wife, on Saturday afternoon in their home on Erin street. This is the fourth instance within two weeks of brutal husbands venting their energy on their wives and if stringent measures are not adopted to minimize this practice, the epidemic may become contagious in a more pronounced degree. Unlike her predecessors in court, in the past two weeks, Mrs. Lackey pleaded guilty to the charge of assault and dissimular to the preceding three women, she lamented her recourse to the strong arm of the law and pleaded with his honor for her husband's liberation, which was granted under a suspended fine of \$20, or two months.

George, an Italian, who when he sought lodging at the police headquarters last night for the seventh time, was led up by vagrancy, had not the slightest command of the English language, but one feature in his case was paramount, and that was the effect that his finances were nil. He was instructed to solicit employment by the sign language if necessary or failing in his object to "March" out of the city. He reluctantly obeyed the mandate from the judicial chair to leave what promised to be a haven of refuge and betook himself to the street.

Edward Martin, a middle aged Danish sailor taken into custody for intoxication on Saturday, Martin was attired in abbreviated and rather slim trousers and a light jacket, tallness evidently for a man half his height and avoirdupois. In pose, bearing, speech and costume he was a typical average Dutchman. Forty dollars or ten days in jail, was his fate.

Alfred Turner, an Englishman, was fined \$8 on twenty days for intoxication.

Charles Simon, a Syrian, arrested for intoxication and profanity, was fined \$8 for his appearance in court this morning. Patrolman McCollom, in his testimony, stated that Simon approached him on Brunswick street on Saturday night, and asserting that he had been assaulted, demanded that the officer apprehend his assailant. When the policeman expressed his doubts of the truth of the claim, the Syrian intimated that he would beat him. A tirade of profane abuse ensued which culminated in "Simple Simon's" arrest. A reduction in the usual fine was made as his wife interceded to be ill.

England, Denmark, Syria, Italy and Canada were represented on the prisoner's row by one each and the Dane, Italian and English were absolutely penniless. The Italian is suffering from chronic catarrh, and after working on the G. T. P. for some time, he has been discharged and journeyed to St. John. The Dane is stranded here after missing his vessel over a week ago.

**HEALING BY PRAYER**

Rev. W. O. Raymond Delivers Another Interesting Address in St. Mary's Church

In St. Mary's church last evening Archdeacon Raymond continued his discourses on the Ministry of Healing. He spoke of the marvelous cures made by Christ and his communicating to his disciples the ministry of healing. In asking the question: "Does ministry of healing still reside in the church of Christ, he told of instances coming under his own observation of cases pronounced absolutely without hope where cures had been made in answer to prayer. He referred to the Emmanuel movement which he contended was sure to be beneficial.

In mentioning the promise turned to the example of the Lord Jesus as the Great Physician both of soul and body. Faith that brings Him near to the every day life as the healer and the helper is that which robs even death of its terrors and gives a peace that the world can neither give nor destroy. If He hears but hears to the souls of men, many of the worries and nervous ailments that vex humanity would take to themselves wings and fly away.

**INJURIES CAUSED BY THE ICY SIDEWALKS**

The icy sidewalks have resulted in the injury of four persons. On Saturday night at 11 o'clock, Miss Lucy McDonald, aged 18, of 503 Main street, while turning into Mill street from Dock, slipped and broke her leg at the ankle. Patrolman Bowes had her sent home in a cab. At 3 p. m. Sunday, John McCarthy, an elderly man from St. Martins, fell just above the entrance to the Royal Hotel, and the ambulance conveyed him to the hospital, where it was found his back was injured. Also, on Saturday night, James E. Zarke, an elderly man who conducts a commission stall in the market, fell almost in the same place, and the ambulance conveyed him to his home, 78 St. James street, west end. It is feared two of his ribs are fractured. Miss Alice Warlock fell on Peters street and sustained a fracture of the wrist.

**PROBATE COURT**

Estate William A. Cathers, commercial traveller. Returns of citation to pass the final accounts. It appears that all the claims have been paid except two, one represented by H. A. McClellan and the other by J. A. Barry, which had only been presented to the executors since citation was arranged. Robert S. Ritchie and Charles T. Jones, the executors, are examined and the accounts duly passed. Clarence H. Ferguson, proctor.

Dr. Mabel Hanington, of the Chinese medical Missionary field, will lecture on Mission Work in China in Trinity church school room, on Thursday evening. As will probably be the last opportunity of hearing Dr. Hanington before she returns to China, it should be taken advantage of. Chinese curios will be on exhibition before and after the lecture. A collection will be taken in aid of the hospital which Dr. Hanington purposes to erect in China.

The inquiry into the matters in dispute between the International Railway and the New Brunswick Railway Company will be resumed tomorrow morning at 10 o'clock in the N. B. Ry.
