LATE LOCALS

The King's Daughters' Guild—Gospel service on Sunday at 4 p. m. All welcome.
The City Cornet Band will be in attendance at St. Andrew's Rink this afternoon and evening.
Clearing sale of dress makers, ladies' waists, bonnets and gloves at the Jas. Scott Co., King street, west end.
You will find some extra good values in men's, youths' and boys' clothing by calling at the Union Clothing Co., 26 & 28 Charlotte St., old Y. M. C. A. building.
The C. P. R. messengers present a most and natty appearance in their new caps. The caps are of blue serge with peak and bear a gold cord and the lettering "C. P. R. Tel. Co."
Grand sale of underwear for women and children, also children's dresses and undersuits for all ages at M. R. A's, Ltd., Monday. Today's advertisement tells the whole story.

Dr. R. I. Robertson, on account of ill health, has had to give up his dental practice at 22 German street and Dr. F. G. Bonnell, a recent graduate of Dalhousie College, has purchased his business. Dr. Bonnell took charge yesterday.

The Calais correspondent in yesterday's Bangor Commercial says: "Two undesirable young women from Portland, N. B., who recently took up their residence in this city, were sent back on Thursday to their own Canadian home by Immigration Inspector Galt. They made no fuss when the official rounded them up and advised them that the United States was no place for women of their class and readily consented to leave the city."

Giltour's clearance sale of men's ready-to-wear clothing are events which arouse the interest of more men each season. The reason is on account of the high class of the clothing, its reduction of fit, finish and style and the certainty of finding everything just as advertised. Today's following advertisement should be carefully read by men who are at all interested in good clothing at considerably reduced prices. Sale begins on Monday and the purpose of it is to clear up stock in anticipation of the arrival of fall purchases.

NATIONAL TRADES UNIONS

Annual Congress Will Meet Here in September.

The officials of the National Trades and Labor Council have heard circulars calling upon national trades and labor unions and all bona fide labor organizations in Canada believing in Canadian labor organizations to send delegates to the fourth annual convention, which will be held in St. John, N. B., commencing September 12.

Plans will be formulated for the organizing of the 50,000 workmen of the Maritime Provinces into purely Canadian labor unions. The programme of the National Trades and Labor Congress includes the formation of a Canadian Federation of Labor which will extend from ocean to ocean.—Montreal Star.

WEDDINGS

Parker-Belding

At the residence of A. M. Belding, at 270 German street, last evening, his eldest daughter, Margaret E. Belding, was united in marriage with J. Eugene Parker, of Danvers, Mass.

Only relatives were present and the affair was very quiet. The ceremony was performed by Rev. A. B. Ocho, of Broad street church.
Mr. and Mrs. Parker have gone to Portland (Me.), for a few days, and will return next week to St. Stephen, where Mr. Parker will take up his duties as resident engineer on the waterworks system under construction. He goes as the representative of F. A. Barbour, who laid out the system for the town.

Mr. Parker has been engaged as divisional engineer on Sections 3 and 4 of the St. John waterworks, and finished his work yesterday. He and his bride will have the best wishes of many friends. For the summer at least they will live in St. Stephen.

Todd-Ruddick

Word has been received by Mr. and Mrs. Andrew Ruddick, of Hampton Station, of the marriage of their youngest daughter, Miss Acila Morra Ruddick—who went to Tacoma a few days ago with her sister, Mrs. Charles A. Sayre—to Harry Todd of that city. The wedding took place on the 3rd instant at Mrs. Sayre's residence.

ZION CHURCH MATTERS

St. John, N. B., July 12, 1906.
Editor Evening Times,
Dear Sir—My attention has been called by Rev. Dr. Wilson to an article, which appeared in your paper on the 10th inst., in which the following sentence appeared: "One of those who withdrew from the congregation said that the choice of a new pastor had been left to Dr. Wilson, who had selected Rev. Mr. Pierce and shortly after his arrival here had peacefully favored his withdrawal from the church." I am the member of the congregation referred to but I wish to say that the statement contained in that sentence was made inadvertently and without foundation and I hereby retract the same as I do not wish to do any injury to Dr. Wilson or to protect this already unpleasant affair.
Thanking you for your favor in allowing me this opportunity, I remain,
Yours truly,
J. J. IRVINE.

THE 'FRISCO PICTURES

Miles Ross again presented the San Francisco earthquake and fire pictures at the Opera House last evening to a large audience.
The pictures are very realistic and the applause of those present was evidence of their appreciation of their worth.
There will be a matinee this afternoon, and the final performance this evening.

BEULAH HAS A BUILDING BOOM

Pretty River Resort has Grown Greatly in Last Year.

Probably no suburban resort has enjoyed more rapid growth in point of popularity than has Beulah-on-the-St. John—hereafter known as Brown's Flats. Many pretty cottages have been erected there within the past year or two, and city folk who summer at the picturesque suburb are unanimous in proclaiming it to be an ideal spot in which to spend the vacation season.

Charles G. Brown, of the west end, has purchased a summer house on what is known as River avenue. The property is being remodelled and put in first class shape, and when completed will rank among the prettiest villas at Beulah-on-the-St. John.

Mr. and Mrs. F. S. Thomas and their family are spending the summer months at their home in the villa, which bears the name of "Bide-a-wee."

R. A. Sinclair is at "Rest Haven," and among the other residents are Thomas Graham, Brambles Vanwant, Samuel Bell and C. Jarvis Wenden.

The Rockdale Hotel, mounted high on the hilltop, and commanding a splendid view of the river and surrounding country, offers hospitality to the visiting tourist, or to townsmen who have not yet been so fortunate as to secure summer cottages.

F. S. Thomas, chatting with a Times reporter, said, "Beulah-on-the-St. John is, in my opinion, one of the prettiest places along the river St. John. It seems to me that the river steamer has three passengers there to every one they set off at most of the other stopping places. It may be well to mention that among other advantages we are blessed with an abundant supply of cool, sparkling spring water."

"As to pastimes," continued Mr. Thomas, "we while away the hours with sailing, rowing, fishing and long, delightful drives, but, like the feathered tribes of the woodlands, we retire early."
"Now that the camp-meetings are about over, social events will be more numerous than heretofore, and parties and ice-cream socials will be the order of the day."
"I must not forget," Mr. Thomas went on to say, "that our summer folk would rejoice to see a new wharf at Beulah-on-the-St. John, as landing is not always very desirable under existing conditions. On the 24th of May fifteen boat-loads of people had to be taken from the steamer when the wharf was under water, and much time might have been saved had it been possible to make a direct shore landing."
Mr. Thomas expressed the hope that would not be long before an effort would be made in the direction of procuring a suitable wharf.

BIG LAND PURCHASE BY RAILWAY CO.

Grand Trunk Pacific Has Nearly a Thousand Acres Adjoining Saskatoon.

SASKATOON, July 7.—(Special).—It has leaked out here that the Grand Trunk Pacific secured 800 acres of land on the Nutana side of the river, adjoining this town site, and there are many rumors as to the outcome.
There has been much speculation going on lately as to who owned this property, and now that it is known to belong to the transcontinental railway company many interesting developments are looked for in the very near future.

The majority of the property is within the mile and a half circle from the site of the new post office, and it is much closer to the heart of the city than that purchased by the same company at Edmonton. The people of Saskatoon are jubilant over the prospects. It is also believed here that the C. N. R. will get control of the Qu'Appelle and Long Lake road, and with three transcontinental lines all running into the city within a radius of two miles, Saskatoon is expected to get forward with a rush.

A number of local investors have been fortunate in securing land adjoining the above mentioned property, purchased through the Northwestern Land and Investment Co., Canada Life Building, city. This company has a few choice locations left, and intending buyers will find it to their advantage to secure building lots now, before another advance takes place. Terms of payment can be arranged if required on the monthly plan, \$10 down and \$5 per month.

Miss Wm. H. Shannon and daughter Helen return to Boston tonight by train.

AT THE ROLLER RINK

That roller skating is becoming popular was noticeable at St. Andrew's Rink last night, when another large number of skaters were present, gliding over the smooth surface with ball-bearing skates. Manager Campbell and his staff of officials are making every effort to make their patrons enjoy themselves. This afternoon a large number of old timers are going to St. Andrew's Rink, where they expect to show some of the younger generation how to do it on rollers.
