Figures Lowest of Any  
Country in World—Mar-  
riages Also Decrease

British United Press.  
LONDON, June 22.—England's birth rate is the lowest in the world, and is continuing to fall. For fifteen months the birth rate relative to population, in England and Wales, has been less than those anywhere else, and indications are that they will continue to fall.

Official figures for the first three months of 1926 show that there were 174,061 births, a decrease of 15,000 from the corresponding quarter last year. The 1926 figures correspond to an annual rate of 182 births per 1,000 population.

**MARRIAGES ALSO**  
Marriages are decreasing also. During the last three months of 1926 there were 14,088 marriages, a decrease of 2,228 compared with the preceding quarter and of 2,324 compared with the corresponding quarter of the year before.

**TEACHERS LEAVE JUNE 30**  
The provincial school teachers making the trip to the Old Country, will leave Saint John on June 30, going to Quebec to sail from there on July 1. They will land at Glasgow and will be met there by Lady Beaverbrook, who will accompany them on their tour through England, which, it was said, would include a visit to Lord Beaverbrook's summer estate in Surrey.

## SOCIALISTS BARRED FROM BRITISH MEET

Dutch Labor Officers Unable to  
Attend Conference on Im-  
migration

Canadian Press.  
LONDON, June 22.—It was revealed in the House of Commons yesterday that the British Government refused to allow the Dutch Socialists Pimpen and Oudegeest to come to England to attend the International Labor Conference on immigration, now sitting here.

Pimpen is president of the International Federation of Transport and Oudegeest is head of the Dutch Labor Federation.

Replying to a question from Arthur Henderson as to why the men were excluded, Sir Wm. Joynson-Hicks, the Home Secretary, replied because he had ascertained during the general strike that they had tried to interfere with British trade by arranging that British ships should be held up in foreign ports. He had decided not to allow them to come here to concoct further plans of that kind.

## Weddings

Forbes-Duval.  
In St. Matthew's Presbyterian church, at 6 o'clock this evening, the marriage of Irene Byrd Duval, daughter of the late Dr. J. L. Duval and Mrs. Duval of Outremont, Quebec, to Dr. John Campbell Forbes, son of Mr. and Mrs. Allan Forbes, of Melford, C. B., will be solemnized. Rev. Dr. J. A. Morison will perform the ceremony. The church is beautifully decorated, by friends of the bride, with white lilies and honeyuckle and white ribbon bows mark the pews reserved for the invited guests, who number only the immediate relatives and intimate friends of the contracting parties.

Dr. G. G. Corbet will give his niece in marriage and she will be attended by her cousin, Miss Byrd Corbet, as bridesmaid. Donald Forbes, of Melford, C. B., will be groomsmen.

The bride will wear gown of white chiffon, simply made, with long tight-fitting sleeves. Her tulle veil will be arranged in cascade with coronet of orange blossoms, and she will carry a shower bouquet of orchids.

The bridesmaid will be dressed in orchid chiffon, with picture hat to match, and she will carry Columbia blue hat.

Mrs. J. L. Duval, mother of the bride, will wear cocoa crepe de chine, with a black hat and corsage bouquet of roses, and Mrs. G. G. Corbet, aunt of the bride, navy blue georgette over figured silk, and small navy blue hat.

Neville Duval, Gordon Corbet, Yolker Dittmar and Morley Ewing will act as ushers.

As the bride enters the church the organist, Mr. Cochrane, will play special nuptial music, and during the signing of the register Miss Frances Murdoch will sing "Because." Following the ceremony a reception will be held at the home of the bride's uncle and aunt, Dr. and Mrs. G. G. Corbet, Robbsey street. The rooms will be decorated in flowers of pastel shades, sweet peas predominating, interspersed with greenery. The bride's table will be centred with the wedding cake, and will have for decoration small silver vases of sweet peas. Dr. Forbes and his bride will leave this evening for the Annapolis Valley and will spend the summer months visiting in Nova Scotia. In the autumn they will take up their residence in Haverford, Penn.

The bride will travel in a rooming house, with a table of the same shade and sand colored French lace, trimmed with rosewood taffeta. The bridegroom's gift to the bride is a fitted leather writing case, to the bridesmaid a white gold bar pin, set with amethysts, and to the ushers gold tie clips. The bride, who formerly resided in Saint John with her parents, has many friends here who will join in wishing her much happiness in the future. Her father, the late Major J. L. Duval, M. D., died overseas from wounds received at the battle of Ypres, during the Great War, since which the family have resided in Montreal.

Belyea-Johnson.  
A very pretty wedding was solemnized in St. Luke's Church on Saturday afternoon at 2:30 o'clock, when Miss Margaret Johnson, daughter of Mr. and Mrs. Chas. Johnson, McLaughlin, 167 Victoria street, became the bride of Wendell L. Belyea, son of Mr. and Mrs. L. A. Belyea, 272 Princess street. The ceremony was performed by the Rev. P. M. McKeown, in the presence of immediate relatives and friends.

The bride, who was given in marriage by her father, looked charming in a Copenhagen Satin Coat, with hat, shoes and stockings to match, and carried a bouquet of orchids. The bride was attended by Miss Fern Spragg and Frederick Johnson supported the groom. Immediately after the ceremony Mr. and Mrs. Belyea left for a motor trip through Maine and parts of New Brunswick, and on their return they will reside on Victoria street.

The many beautiful gifts received of cut glass, silver and linen testified to the popularity of the young couple. Included in these were a cheque from the firm of Jones and Schottfield and a set of silver from the staff, with which the bride was employed and a complete camper's outfit from the firm and staff of Dimock's Limited, with whom the groom is employed.

Included in the out of town guests were Mr. and Mrs. Walter Belyea and son, Ralph, of Moncton.

## Kitchen Life Changed By Electric Cooking

The investigations conducted by the experts of Goodhousekeeping Magazine, the Woman's Home Companion and the Domestic Arts Exhibition in New York have all had one unanimous verdict about electric cooking.

With rates like we have here in our own Hydro, all other ranges show up as sheer extravagance. Electric cooking does little more than double the meter bill—saves \$5 to \$10 every month. These authorities found by tests that the lower Hydro cooking costs will cover a whole month for the gas meterage quoted for but a single week by the local and other gas firms.
