

SAIL TO ENTER  
ENGLISH CONVENT

Fourteen Canadian Girls Join  
Nursing Order of Waterloo  
Hospital, Liverpool—All  
from Quebec.

Montreal, July 22.—Aboard the Canadian Pacific "Empress of Britain" which sailed on July 18 from Quebec for Liverpool were fourteen young Canadian girls who sailed amidst the blessings of their parents, relatives and friends who were present to bid them goodbye. These young ladies had been recruited by Sister St. Jean Berchmans from the Hotel Dieu Hospital at Waterloo, six miles outside of Liverpool, England, to join the order and become Sisters of the nursing order of the Waterloo Hospital at Liverpool, England. These young Canadian girls, whose ages average nineteen years, have gone to England to assist in the nursing of the sick and may never return to Quebec again. They have joined an order that is always working for the sick and the poor.

Added to this number of young ladies in Sister St. Camille, of the Sacred Heart Hospital, Quebec, who also volunteered and was among the passengers, going to the Waterloo Hospital to give her services for the nursing of the sick. The young volunteers are Miss Laura Audette, Miss Yvonne Begin, Miss Noelle Buchanan, Miss Agnes Fitzgerald, Miss Aurore Hardy, Miss Marie Annette Lavoie, Miss Julie McNicoll, Miss Rose Anna Pelletier, Miss Marie Anna Rousseau, Miss Alice Roy, Miss Lydia Thibault, Miss E. Thompson, all of the city and district of Quebec. Sister St. Jean Berchmans is also a former Quebecer, and her name before entering the religious order was Miss Drouin.

PRESENT CHARTER  
TO ROTARIANS

Members of Yarmouth and  
Halifax Clubs Spent Enjoyable  
Evening at Port Maitland.

One of the greatest events in maritime rotary took place Tuesday evening when Arthur S. Barnstead of Halifax presented the Yarmouth, N. S. Club with its charter, which had been only a few days previous received from Chicago, and passed over to him for delivery. The affair took place at the Ellis House at Port Maitland, and was in the form of a Rotary dinner to which were invited the wives of the Yarmouth Rotarians, and about forty other guests, numbering in all about one hundred persons.

President G. Prescott Baker of the local club presided and proved a decidedly capable toastmaster. Addresses of a congratulatory nature in the progress Yarmouth Rotarians had made with their club since its organization a few weeks ago were made by Charles Wright, Harry Pike, Pearl O. Soules and E. A. Morrow of Halifax, while the address made by Mr. Barnstead in presenting the charter and also one by Walter Grant of Charlottetown, the newly-elected Rotarian governor for district number thirty-two, were masterpieces in rotary and both speakers left a profound impression, not only upon the members of the club, but upon the large number who for the first time were attending a rotary function.

OFFICIAL VIEW OF  
STEEL MERGERS  
IN UNITED STATES

New York, July 22.—No infringement of the anti-trust law will be involved in the merging of the Bethlehem and Lackawanna Steel Companies, nor in the pending combination of the Midvale, Republic and Inland Companies, Attorney General Daugherty held, in an opinion rendered to the U. S. senate.

MRS. BRUNEN DENIES GUILT.

Wife of slain circus man makes first statement since arrest.

Mount Holly, N. J., July 22.—Mrs. Doris Brunen, widow of the slain circus owner, John T. Brunen, declared she was innocent of any connection with his murder. This is the first statement she has made since her arrest on June 12. She is charged, with her brother, Harry C. Mohr, and Charlie Powell, alleged confessed slayer of the circus man, with complicity in the murder of her husband. Brunen was shot as he sat by a window of his home at Riverside, March 10, the assassin shooting through the window.

LLOYD GEORGE'S RECORD.

Montreal Gazette.—Premier Lloyd George, despite previous setbacks and disappointments in the game of world politics in which he has been so extensively engaged, can still be considered the Babe Ruth of the world's diplomatic league. If his record be examined it will be found that he still holds a commanding lead in hits made, runs scored, and bases stolen.

ASKS \$200,000 FOR  
BREACH OF PROMISE

Girl Artist Says Married Man  
Sent "Good Morning, Darling"  
Telegrams.

New York, July 22.—Suit for \$200,000 damages for breach of promise has been filed in the Supreme Court against Robert R. Beck, an officer of the Longacre Engineering and Construction Company of New York and Chicago, with local offices at 562 Fifth Avenue. The plaintiff is Miss Dixie Gordon Barrett, said by her attorney to be a member of "one of the best families in the west," who has lived at Minneapolis and Austin, Minn. It is said she was studying art and music when she met Beck in Chicago.

Miss Barrett, who is twenty-three years of age, while Beck is forty-five, alleges that Beck began making love to her in November, 1920, and from that time until July, 1921, professed affection for her and persuaded her that he was in a position to wed her. She alleges that she did not know he had a wife until a few months ago, but that even then told her he would wed her by divorcing his wife. About two months ago, she said, he told her he would not marry her.

Harold Flatto, attorney for Miss Barrett, has two telegrams alleged to have been sent by Beck to his client. One, addressed to her at the Ritz-Carlton in Atlantic City on Aug. 4, 1921, said: "Good morning, darling. Just arrived here. Will call you on the phone at 3 p. m. today."

The other, dated March 20 last and sent to Miss Barrett at the Brighton Hotel, Atlantic City, said: "Good morning, darling. How is my little pet? Love, Bob."

Meek refused to discuss the suit.

240 MILES AN HOUR.

London, July 22.—An airplane, capable of a speed of four miles a minute, will be a big attraction at this year's aerial derby round London on August Bank Holiday. The machine which promises to break all records is a monoplane and has been built by the British Company. The greatest secrecy has been observed during its construction and no details of design have been revealed, except that the under-carriage can be drawn up under the fuselage when the craft is in the air. This feature greatly reduces wind resistance.

The race should be one of the most thrilling ever flown, as two other machines, capable of covering over two hundred miles an hour, will probably be entered.

MORNING NEWS  
OVER THE WIRES

Benny Swin, who is in jail in New York, having been sentenced to death for the murder of Mr. and Mrs. Harvey Trenholm, made an attempt recently to escape. He had his plans made but made the fatal mistake of confiding them to two other prisoners, who told the sheriff. By some means Swin had removed an iron plate from his cell and by this means planned to escape into the corridor where he could make his getaway. The two men who told the sheriff of Swin's plans are serving six months' sentences for minor offences. The sheriff is making an effort to have them released in recognition of their services. Swin was very angry when he found his plans frustrated.

RECENT DEATHS

Mrs. Dick Bazzan.

Word has been received by John Stewart, formerly of St. John's, Nfld., now of 98 Millidgeville Ave., that his sister, Mrs. Dick Bazzan, had passed away on Saturday, July 15, at her home in St. John's, Nfld. Besides her parents, who reside in the city, she is survived by two brothers, John and Fred Stewart, and Mrs. J. Gillette, of Springfield, Nfld., and Nellie at her parents' home in St. John.

WESTERN CONDITIONS  
STEADILY IMPROVE

(Amherst News.)

C. S. Sutherland, general manager of the Amherst Boot and Shoe Co., who has been on a four weeks' business trip to the west, arrived home last night. The greater part of Mr. Sutherland's time was spent at the company's western headquarters in Regina, but he took time to spend a few hours at some of the larger points on the way.

Speaking of western conditions in general, Mr. Sutherland said that everything was expecting a better than average crop this year and that if good prices prevailed, as was expected, the result would have its effect not only in the west but in every part of Canada. In Saskatchewan the crop condition were good and in Southern Alberta and in Southern Manitoba, where drought conditions prevailed last year, this year everything looks good. Mr. Sutherland stated that collections had been fairly good so far as his own business was concerned and that if the crop returns turned out as expected there would be a general demand from merchants for all lines of seasonal goods. Their stocks had been allowed to run low, owing to the period of depression during the past year, but with the farmers buying again the shelves would be stocked up again at once.

SIX-METRE YACHT  
RACES BEGIN SEPT. 19

The International Regatta Between U. S. and Great Britain to be Held on Long Island Sound.

New York, July 22.—Announcement has been made of the dates set for the international races of the six-metre boats for the British-America Cup. They are September 9, 11, 12, 14, 15, and 16. Elimination trials will be held, commencing on August 21, to select the team of four American boats that will race against the British. The British won the first race, held last year in British waters, and next year America will send a team abroad.

These races are not the same as those for the America Cup, in which two of the larger types of yachts are sailed, and the conditions for the contest are very different. The site of the races alternates every year regardless of who holds the cup and the small size of the boats gives rank amateurs a chance to qualify.

Beginning August 21, Oyster Bay will be dotted with the sails of a score of American boats, whose owners will try to make the team. Most of them had yachts especially built, as is the case in England, whose team was recently selected. The British four will be the Jean, Rose, Colle III, and a Fife boat not yet named.

In addition to other entries it is expected that boats from the following clubs will participate in the American elimination trials: Yacht Racing Association of Long Island Sound, Baltimore Yacht Club, Philadelphia-Corinthian Club, Yacht Racing Union of Massachusetts, New York Yacht Club, Corinthian Yacht Club of Marblehead, Atlantic Yacht Club, and the Beverly Yacht Club.

Authorities in the United States and in England praised the sportsmanship displayed in the last races, and in England this aspect was deemed to surpass that of the America Cup races. Of the British team only one of the three named was on last year's victorious team which trimmed the Americans 177 to eighty-eight. She is Sir John Ward's boat, which totalled twenty-four points, more than all except one of the Americans, the Grebe, which won two races and aggregated thirty-seven. The Jean stood third on the British four.

On all but the last day the 1921 races were sailed in extremely strong breezes, swifter than it is expected Long Island Sound will afford, and on the first day, when the Grebe won, it blew a gale.

On the 1921 American team were the Grebe, Montauk, Genie, and Sheila.

ZAN MILLER TO CALGARY  
FOR ATHLETIC MEET.

(Sussex Record.)

Our champion jumper will go west to compete against Canada's best at Calgary, August 12, providing the people of this town and neighboring country contribute toward his expenses. At a meeting of the executive of the S. A. A. C. it was decided to ask for subscriptions to send Miller to the Canadian championships. Anyone who has seen Miller in action knows he is good enough to compete against Canada's best, and moreover, anyone who knows "Zan" is sure that he will be a great success. He will do his utmost, and will be in condition to do his best.

A. A. U. of C. is contributing \$50, and already considerable money has been pledged. Miller will leave on the 29th inst., if sufficient funds are raised.

ALWAYS RUSH HOUR ON  
TRAINS IN ROUMANIA

Overcrowding Makes Conductor Powerless to Collect Fares.

Galatz, Roumania, June 22.—Some railroad trains in Roumania are so jammed with the riving populace that the conductors are powerless to collect fares. Hence the impression is conveyed that one may travel for nothing, which serves only to bring larger numbers to the already overcrowded coaches. Like most other war-affected countries, Roumania has not enough passenger coaches to take care of the throngs of people who want to travel. The Germans and Austrians confiscated most of the rolling stock. Passengers today are forced to ride on the roofs, bumpers, running boards, and even on the under trucks of the coaches.
