COTTAGE SOLD.

A summer house, leasehold, owned by John McDonald, at Baywater, partly furnished, was sold by Auctioneer Fots at Chubb's Corner today at noon. The property was knocked down to H. J. Gibbons for \$710.

WAS IT A PLANT?

A South Bay farmer, while ploughing yesterday afternoon found a "square-face" filled with liquor in the field. He examined it and concluded the contents were gin. This morning he brought it in to the inspector and it will be analyzed, as the farmer has a suspicion that it may have been placed there for a purpose, and that it may contain more than booze.

HERE TODAY FOR ORDINATION.

In the Cathedral tomorrow morning at the 11:30 mass, which will be pontifical, His Lordship Bishop LeBlanc will ordain the priesthood, Rev. A. A. LeBlanc, son of Mr. and Mrs. John J. McDonald of this city; and Rev. John H. Milligan of Milltown, N. B. They are expected to arrive in the city from Halifax this afternoon.

FIRST COMMUNION.

In the Cathedral this morning, 120 girls and boys received their first Holy Communion. Rev. William Duke, who prepared the children for the reception of the sacrament, celebrated mass, and also spoke to them regarding the ceremony. There were a large number of people present at the mass. The children made a deeply impressive sight.

BRIDE-TO-BE HONORED.

On Thursday evening last the Philanthropic Class of Central Baptist church tendered a novelty shower to Miss Edna Everett at the home of her parents Mr. and Mrs. Herbert D. Everett. Miss Everett, who has been of the Merchants Bank staff, is soon to become a bride and, many useful and ornamental gifts were bestowed upon her. Each gift was accompanied by a poetic effusion, the humorous predominating.

STREET RAILWAY MATTERS.

Ira D. Farris, president of the local branch of the Street and Electric Railway Employees' Union, said this morning that the union last evening had submitted a new agreement to the N. B. Power Company, calling for a flat increase of five cents an hour. Other conditions, he said, were the same as in the existing agreement. Mr. Farris said today that the employees were willing to submit all matters, with the exception of that regarding collective bargaining, to a board of arbitration, and to abide by the decision of that board.

SPEDDY WORK ALL ROUND.

Chief Blake made a tour of backyards and alleys on King Square this morning as a consequence of an ash-barrel blaze at the rear of the Lansdown Hotel at 2 a.m., and about fifteen minutes later busy teams were enroute to the dumps with the offending refuse. The turnout of the fire department during the early hours today was a splendid demonstration of its speed in reaching the important city-centre points—calls that also bring insurance men in full quota. It was barely two minutes before the No. 8. dept. wagons were on the scene, followed closely by everything else including the new ladder truck. Less than four minutes saw the outfit in action.

WITH THE BOWLERS.

Next Monday evening the third and deciding match will take place on the Y. M. C. I. alleys between the Hawks and the Sparrows to decide the championship of the Y. M. C. I. House Bowling League. On next Tuesday evening a complimentary banquet will be tendered the team who won the silver pin emblem of the championship of the maritime provinces and eastern Maine, during the recent tournament. Prizes will also be awarded to the champions of the house league, the team winning second honors, and individual prizes to the players with the highest average during the season, the highest single and highest three-string total.

STORY-TELLING.

Rev. Canon Armstrong was the story-teller to the children at the South End Boys' Club this morning. Miss Mabel Smith presided, and there was a good attendance. Canon Armstrong told a story about Perla, and illustrated it with pictures that greatly interested the little ones.

Mrs. James F. Robertson was the story-teller this morning at the public library to about forty children, who listened with rapt attention to her very interesting talk on animals. She spoke of Ernest Thompson Seton's "Lobo the Wolf" and delighted the children with her description of animal life.

CLAIM IN NEWMAN BROOK ACCIDENT CASE IS SETTLED

It was announced this morning by William M. Ryan, counsel for Mr. and Mrs. John Randon, that A. George Moses had agreed to settle the claim for compensation for the death of their son, Charles Randon, who was killed in a dynamite accident at Newman Brook about two weeks ago. The amount decided upon, Mr. Ryan said, was satisfactory to the parents. It was expected today that the city would release the money held back on the payment of the work at Newman Brook, pending a settlement of the compensation claim.

ANNOUNCEMENT ON DOUGLAS AVENUE MATTER MONDAY

Another Conference at City Hall This Morning—Halifax Said to Have Similar Situation With Nova Scotia Tramways Company.

Further negotiations in an effort to settle the question of the paving and rails in Douglas avenue were carried out at a conference held in the mayor's office this morning. The mayor, the city commissioners and Percy W. Thomson, general manager of the N. B. Power Co. were in attendance.

The mayor said after the meeting that he could not announce anything definite today but would have a report on the matter to bring before the committee meeting of the council on Monday. It is understood that the matters under discussion today were principally in connection with the laying of new rails in Douglas avenue.

Similar Situation in Halifax. City officials who attended the good roads convention in Halifax this week, said that the sister city is confronted with a similar situation as prevails here, only perhaps more aggravated. While the N. B. Power Company is compelled to pay for only the foundation under the track sections, the Nova Scotia company has to stand the cost of the foundation as well as the surface between the tracks and for some distance on either side. It was said that the company in Halifax was unable to finance its portion of the street work and as a consequence the City of Halifax had been held up on some of its contracts. It is understood that one contractor there has threatened suit against the city because he cannot go on with the work for which he contracted. The city is said to be contemplating a loan to the N. S. Power Company in order to make progress with the paving work.

It was said city hall here this morning that the N. B. Power Company has just recently settled for its share of the cost of the work done last year in City road, and the opinion was that the city would rather finance any proposed work for this year rather than have the paving programme held up. At all events a satisfactory announcement is expected from the mayor at Monday's meeting.

NO FEDERAL PERMIT FOR WAREHOUSES

Government Refusal of Montreal Liquor Dealers' Request Reported.

A telegram was received from Ottawa this morning by J. Willard Smith, a member of the council of the N. B. Temperance Alliance, covering the information that Montreal liquor dealers had applied to Hon. R. W. Wignome, minister of customs, for a permit to bond warehouses in this city. The telegram said that the minister had refused permission and that on appeal from his decision to the cabinet, his ruling in the matter had been upheld. The fact that Hon. Mr. Wignome and the dominion cabinet have refused a bond for the warehouses was looked upon today as an inevitable consequence to the action of the chief liquor inspector for New Brunswick, John B. Hawthorne. Mr. Hawthorne said when he was in the city a few days ago that he had not issued a permit for a bonded warehouse here nor did he intend doing so. Without this permit it would be impossible under the existing law for the dominion government to issue a bond.

MANY LICENSES FOR DOGS ISSUED

Big Increase Since Pound-keeper Appointment—Removal of Pound to Lower Cove.

Whether the appointment of a pound keeper and dog catcher had anything to do with it or not is unknown but there was a distinct increase in the number of dog licenses issued this week, as compared with last week. Last Saturday the total issued was about seventy, while the grand total up to noon today was 380, forty-seven of which were issued yesterday. This is said to be far in advance of the number issued up to this date last year.

Commissioner Prink said this morning that on account of the complaints regarding the dogs kept in Carmarthen street, he had decided to move the pound to the asphalt plant in south end. The dogs would be housed in the Carmarthen street yard from the time of their apprehension until that evening, he said, and then taken to the Lower Cove location.

HON. MR. WIGMORE AT RUSIAGORNISH

Fredericton Mail.—At last we have the announcement that Hon. Mr. Wignome, who, according to his own statement in the dominion cabinet, is to take a hand in the York-Sunbury by-election. He is billed to speak at the historic village of Rusiagornish on the evening of Saturday the 14th. No doubt he will discuss the correspondence which the French Purchasing Commission recently read in the House, and incidentally he may be expected to devote some attention to the parties who recently tried to persuade Hon. Mr. Veniot to join the federal cabinet. Hon. Mr. Wignome's speech at Gornish should be an interesting contribution to the literature of what has thus far been a rather tame campaign.
