### MORNING NEWS

#### OVER THE WIRES

Captain John S. Scott has been appointed auditor for Fredericton. Action has been deferred by the Fredericton council on propositions as to lighting the city in an improved manner, until its February meeting.

The Moncton Board of Trade has decided not to protest against an increase in the telephone rates of the N. B. Telephone Co. as long as the company gives assurance that Moncton will not be placed on a measured service basis. Besides the charges made by Admiral Sims of the American navy, John R. Rathman, editor of the Providence Journal, has made charges that "a condition of affairs in the navy department is rotten beyond conception." Sims' charges are to be investigated and it is likely that Rathman's will be also.

An epidemic of "flu" is raging in Chicago. Employees in the printing bureau at Ottawa more than 65 years of age have been dismissed. The first intimation they had of it was the publication of their names in the Ottawa papers yesterday, which caused much indignation.

SPORTING SUNDAYS.

London, Jan. 20.-The vexed question of Sunday games in parks is once more before the London county council, applications having been received for permission to play golf on Hainault Forest and football at Hackney Marshes.

Although the council permits Sunday boating, it has hitherto refused to allow other forms of sports.

The parks committee has recommended in favor of permitting Sunday cricket, football, golf, lawn tennis and other games.

REAL ESTATE

OWN YOUR HOME

Portland Place Building Lots offer you this opportunity.

In 1915 the first house was completed on Portland Place. Today there are seventeen houses erected, providing accommodation for thirty-three families.

Development follows the most approved ideas of residential Town Planning. All houses are situated at least twenty feet back from the street line, providing for lawn and vegetable garden.

Property owners on Lansdowne Ave. have petitioned the city council for the paving of that street this year on the boulevard plan. This policy of reasonable building restriction with local improvement means the growth of a desirable residential neighborhood.

End the uncertainty and expense of depending on a rented home. Start today on the road that leads to owning your own by securing one of these beautiful lots with city water and sewer, electric light and telephone lines.

Our easy payment plan of one-thirtieth cash, balance monthly payments of \$10 with interest at 6 per cent helps you. Others have done it. You can too. Prices \$400 to \$600.

Portland Place is only eleven minutes walk from King street, and two minutes from street cars, schools, churches, stores, banks and theatres.

## Muscles Mean Nothing

when the nerves fall down. The nerves control the muscles. The stomach feeds both.

HAWK'S NERVE & STOMACH TONIC

has no equal as a nerve food, blood maker and invigorator. It is an excellent remedy for depression and despondency.

Read what Mr. E. L. Rising, of the well known St. John firm of Waterbury and Rising, has to say:

"I have used Hawk's Nerve and Stomach Tonic in my family for years, and consider it has no equal as a blood builder and appetizer. It was especially beneficial to my children after an attack of fever."

Yours truly,

E. L. RISING.

Sold by all druggists and general stores at 50c. The same price everywhere. None genuine without Company's name.

HAWK'S TONIC AND CHERRY BALM

IS A SAFE AND SPEEDY CURE FOR ALL COUGHS AND COLDS.

CURE ALL STOMACH ILLS.

THE CANADIAN DRUG CO., Limited, ST. JOHN, N. B.

PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold nose will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache, no hawking, sniffling, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly.

It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.

HOUSING PLANS

London, Eng., Jan. 20.-That the council should be the "local authority" in London for the purposes of the Housing Bill is one of the amendments to the measure approved by the L. C. C.

Bernard Holland, chairman of the Housing committee, said in a letter to the council that communications from the council should be addressed directly to the ministry, and should not go in the first instance through the housing board.

He thought the ministry was now alarmed by the results of its own delays and actions, and intended to pass very quickly anything that the council brought forward.

SUES FOR BIG SUM

A. P. McCauley, Toronto mining broker, who is suing three firms of New York jewelers for half a million dollars for false arrest. McCauley was mistaken for "Christmas" Keough three years ago and arrested at St. Louis. Keough is now serving a long sentence for forgery in Illinois state prison.

TOO ROUGH FOR COPS.

London, Jan. 20.-Interest has been aroused in the police forces of the country by the order of Sir William Gendall, chief constable of Brighton, that policemen shall give up football because so many have been incapacitated in play.

The example set by Brighton will not be followed by the London area.

"We pride ourselves on encouraging football among our men," said Sir Nevill Macready's secretary, "and the central sports committee, which holds a big political police, puts football in the forefront of its programme."

COAL AT \$25 A TON.

London, Eng., Jan. 20.-If control on exported coal was removed, prices in England would rise to levels at which few had dreamed, according to Sir A. Geddes. Household coal would cost at least \$25 a ton. The miners wanted their hours reduced to six. He declared without hesitation that if that reduction were made suddenly throughout the country, the country would starve. On the other hand, if we went back to a ten hour day the dislocation would be so extraordinary, that the whole fabric would collapse.

MOVE FOR NEW STATE.

Albany, N. Y., Jan. 20.-The state of Manhattan, composed of the counties of Dutchess, Ulster, and Westchester, would be sanctioned by the legislature under the provisions of a bill introduced by Assemblyman Culliver, Democrat, of New York. The act would require ratification by a referendum next November.
